7. Intimidation or Coercion Prohibited

An employee may not intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce, any other employee for the purpose of interfering with any right which such employee may have with respect to donating, receiving or using leave under this program. Such action shall be grounds for disciplinary action up to and including dismissal on the basis of personal conduct.

8. Qualifying to Receive Leave

A. In order to receive voluntary shared leave, an employee (see definition of “Recipient” in Section 3.B. above) must have complied with existing rules and:

C. An employee on maternity leave may be eligible to receive voluntary shared leave to cover the period of disability related to the pregnancy and/or birth as documented by a physician.

9. **Non-qualifying Reasons**

A. **Employees Receiving Benefits from the Disability Income Plan of North Carolina (DIPNC)**

An employee who is receiving benefits from the Disability Income Plan of North Carolina (DIPNC) is not eligible to participate in the program. Shared leave may be used during the required waiting period and following the waiting period provided DIPNC benefits have not begun.

B. **Short-term or Sporadic Conditions or Illnesses**

The policy will not ordinarily apply to short-term or sporadic conditions or illnesses. This would include such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term, recurring medical or therapeutic treatments. These examples are illustrative, not all inclusive. Each case must be examined and decided based on its conformity to policy intent and must be handled consistently and equitably.

Voluntary shared leave cannot be used for parental care of a newborn child absent a documented prolonged health condition.

10. **Application Procedure**

A prospective recipient shall apply or be nominated by a fellow employee to participate in the program by completing the Voluntary Shared Leave Request Form and Physician Certification Form. The completed application must be submitted to Human Resources for participation in the program.

11. **Approval**

The Chief Human Resources Officer will review the merits of the request and approve or disapprove. If the application is approved, the Chief Human Resources Officer will forward the application to the supervisor and/or manager for review and signature(s). Applicants will be notified in writing by Human Resources of the approval or disapproval of the application.
12. **Confidentiality**

The Privacy Act makes medical information confidential. When disclosing information on an approved recipient, only a statement that the recipient has a prolonged medical condition (or the family member) needs to be made. If the employee wishes to make the medical status public, the employee must sign a release to allow the status to be known.

13. **Commencement of Voluntary Shared Leave**

An employee may begin using voluntary shared leave after all available sick and vacation/bonus leave has been exhausted. While using voluntary shared leave, the employee continues to earn leave; when accounting for leave, this vacation and sick leave should be used first.

14. **Leave Donations Received**

The amount of leave a recipient may receive is 1,040 hours (prorated for part-time employees), either continuously or, if for the same condition, on a recurring basis. Senior level managers may grant approval for continuation, on a month-to-month basis, to a maximum of 2,080 hours, if management would have otherwise granted leave without pay.

15. **Qualifying to Donate Leave**

In order to donate voluntary shared leave, an employee (see definition of “Donor”, Section 3C) must, at the time of donation be an active employee (not separated); be in a position that earns leave; and have sufficient leave balances (see Section 16).

Employees on workers’ compensation leave without pay (LWOP) can donate leave earned prior to going on LWOP. The employee must have been in active leave earning status prior to workers’ comp LWOP and otherwise qualify to donate leave. Leave earned while on workers’ compensation LWOP is not available for donation until the employee is reinstated from LWOP.

State employees who are exempt from the personnel act (EHRA) can only participate if they are in comparable leave earning and reporting positions. Paid Time Off (PTO) leave programs are not considered comparable.

16. **Family Member Donations**

An employee of any agency, public school system, or community college may contribute vacation/bonus or sick leave to another immediate family member in any agency, public
school or community college. This includes family members on leave without pay. (See definition of immediate family, Section 3D).

17. **Donations by Non-Family Members**

An employee may donate the following leave to a non-family member:

A. An employee may donate vacation or bonus leave to another employee in any State agency.

B. An employee may donate vacation/bonus leave to a coworker’s immediate family who is an employee in a public school or a community college. The employee and coworker must be in the same agency. This includes non-family members on leave without pay.

C. An employee of a State agency/university may donate sick leave to a non-family member of a State agency/university under the following provisions effective January 1, 2011:
   1. The donor shall not donate more than five days of sick leave per year to any one nonfamily member;
   2. The combined total of sick leave donated to a recipient from nonfamily member donors shall not exceed 20 days per year;
   3. Donated sick leave shall not be used for retirement purposes, and
   4. Employees who donate sick leave shall be notified in writing of the State retirement credit consequences of donating sick leave.

D. At retirement a member of TSERS with an earned sick leave balance receives an additional month of service credit for each 20 days or portion thereof. The additional service credit increases the retirement benefit for the remainder of the life of the retiree.

18. **Vacation/Bonus Leave Amounts that May be Donated**

A. **Minimum Donation of Vacation/Bonus Leave**
   The minimum amount of vacation/bonus that may be donated is 4 hours.

B. **Maximum Donation of Vacation/Bonus Leave**
   The maximum amount of vacation leave that may be donated may not be more than the amount of the donor’s annual accrual rate, and may not reduce the donor’s vacation leave balance below one-half of the annual vacation leave accrual rate.

   Bonus leave may be donated without regard to the above limitations on vacation.
Example: An employee with five (5) but less than ten (10) years of total state service earns 136 hours annually. An employee may donate four (4) or more hours but may not reduce the vacation leave balance below 68 hours.

19. Sick Leave Amount that May be Donated

A. Minimum Donation of Sick Leave
   The minimum amount of sick leave that may be donated is four hours.

B. Maximum Donation of Sick Leave
   The maximum amount of sick leave that may be donated is 1,040 hours, but may not reduce the sick leave account below 40 hours.

20. Unused Leave Balances
Any unused leave at the expiration of the medical condition, as determined by the agency shall be treated as follows:

A. The recipient’s sick leave account balance shall not exceed a total of 40 hours (prorated for part-time employees).

B. Any additional unused donated leave shall be returned to active (working or on leave without pay) donor(s) on a prorata basis and credited to the leave account from which it was donated.

21. Recipient’s Separation from State Service

If a recipient separates due to resignation, death, or retirement from State government, participation in the program ends.

Unused leave shall be returned to the donor(s) on a prorata basis and credited to the same leave account from which it was donated.

22. Recipient’s Transfer to Another State Agency/University

If a recipient transfers to another State agency/university, unused voluntary shared leave shall be returned to the donor(s) on a prorata basis and credited to the same leave account from which it was donated. The employee must make a new request in the receiving agency/university.
23. **Leave Records and Accounting**

A. ECSU has established a system of leave accountability which provides a clear and accurate record for financial and management audit purposes.

B. Leave donated shall be kept confidential. Only individual employees may reveal their donation or receipt of leave.

C. Donated leave shall be credited to the recipient’s sick leave account and charged according to the Sick Leave Policy; and available for use on a current basis or may be retroactive for up to 60 calendar days to substitute for advanced vacation or sick leave already granted to the recipient or leave without pay. Donated leave shall be applied to advanced leave before applying it to leave without pay.
