Re: Subject of Fax

Begin the body of your fax here. Select this text and then type over it. Using this template will help ensure consistency across all of the university's internal and external communications. This uniform template will also help build the ECSU brand and help enhance the ECSU brand experience for our constituents.

Do not use any additional logos, images or typefaces with this template. Use the standard Microsoft Word bullet format for bulleted items. For example:

- The typeface should be Garamond or Gill Sans
- Do not indent paragraphs. Text should be flush left, and it should not be justified.
- Text should be single-spaced with a double space between paragraphs
- Use bold or italic fonts for emphasis
