To Prospective Flight Students,

First, we would like to thank you for your interest in flight training in the Aviation Science Program at ECSU. Whether you aspire to become a commercial pilot or simply wish to obtain your first certification as a private pilot; learning to fly an airplane is an incredible journey and a proud accomplishment.

Just like all other collegiate flight training programs, ECSU assesses additional charges for flight training. We have prepared this document to ensure all potential flight students are informed of, and understand, flight training comes with additional costs that are not included in the standard tuition charged per semester.

The fees are assessed for each of the flight labs and are charged as a flat fee and must be paid in full prior to engaging in any flight training. **Lab fees are only refundable in accordance with ECSU’s Tuition Refund Policy during the initial semester of enrollment.** The current fees, by course, are detailed below:

- FLT 116L – Private * $ 6,500.00
- FLT 225L – Cross-Country * $ 6,000.00
- FLT 325L – Instrument * $ 5,000.00
- FLT 335L – Commercial * $ 7,500.00
- FLT 345L – Multi-Engine * $ 2,500.00
- FLT 425L – CFI * $ 4,000.00
- FLT 435L – CFII $ 1,500.00
- FLT 445L – MEI $ 2000.00 or $ 3000.00

(*) Denotes required courses for the Flight Education Concentration. FLT 345L OR FLT 425L. Flight Lab fees are evaluated periodically and are subject to change.

Prices do not include costs of FAA check ride examiner fee, knowledge test fee, or flight materials (headset, navigational charts, flight kits etc.). These costs are paid directly to individuals or companies that are independent of ECSU.

This document has been explained to me by an Aviation Science Advisor and I understand there are additional fees during semesters I enroll in flight lab courses. I have also received the FLT 116L course information sheet which details those additional costs and medical requirements.
