FLT 116L Course Information

Welcome Viking Aviator!

The Aviation Science Program is thrilled to provide you with professional flight training. Our dedicated flight instructors are committed to producing safe and proficient pilots. Students completing this course will be required to complete an FAA check ride with an FAA examiner. Upon successful completion of the check ride, student will have an FAA Private Pilot Single-Engine Land license.

It is important to note that aviation is inherently dangerous and not every student who registers for flight training will make it all the way to certification. We have an outstanding flight team led by our Flight Operations Manager, Mr. Michael Pinner, who has over 10 years of flight training experience in a large variety of aircraft. Each student will be individually evaluated by the Flight Operations Manager to determine their feasibility as a professional pilot. Those who will not receive a recommendation for certification will be given a passing grade for the course and will speak with an advisor for a concentration change.

Prior to the first day of classes, all students enrolled in FLT 116L shall:

1. Have a minimum of a third class medical.
   a. Find an Aviation Medical Examiners near you: https://www.faa.gov/pilots/amelocator/
   b. Students may get a second or first class medical; VA requires a class two.
   c. Student must submit application for medical online by creating a free account via https://medxpress.faa.gov/medxpress/. Please note that the application for the medical must be completed prior to the appointment with the AME.

2. Have a valid (government issued) id and birth certificate or passport.
   a. These documents must be valid and legible. Student will not commence flight training until these documents are validated.

3. Attend FLT 116L Orientation on Monday, August 10, 2020, STEM Complex Room 203 @ 1300.

Estimated Expected Expenses (FLT116L)

1. Flight Lab Fee: $6500
2. FAA Medical: $160
3. FAA Private Pilot Written Exam*: $165
4. Logbook: $25
5. Sectional and Plotter: $40
6. Foogles or Hood: $20
7. FAA Private Pilot Checkride: $500 (cash or money order)

*FAA Private Pilot Written Exam prep will be completed in FLT 110 Private Pilot Ground course. FAA Written Exam must be passed prior to taking the FAA Private Pilot check ride.
