The following represents an update to the IP Grade

Page: 74

IP Indicates that the student has not completed the Senior Honors Thesis/Project or has not passed the PRAXIS to exit EDUC 400. This grade is awarded only for students enrolled in HON 494 Senior Honors Colloquium. Students may take two semesters to complete the Senior Colloquium Thesis/Project with an "IP" (In Progress) grade for the first semester. Students may take three semesters to complete EDUC 400. The "IP" grade may also be awarded in graduate courses that require theses and in certain Flight Courses dependent upon the completion of all required flight hours. Flight students have to complete the requisite flight hours within one semester after the IP grade is recorded.
