SACS ACCREDITATION STATEMENT
Elizabeth City State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the baccalaureate and master’s levels. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Elizabeth City State University.

NON-DISCRIMINATION STATEMENT
Elizabeth City State University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, gender, age, or disability. Elizabeth City State University supports the protection afforded to all members of its community by all applicable state and federal laws — including, but not limited to, Title VI and Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991 (CRA), the Americans with Disabilities Act of 1990 (ADA) as amended; Section 504 of the Rehabilitation Act of 1973; the Equal Pay Act of 1963; the Discrimination in Employment Act of 1967 (ADEA); Executive Order 11246; Title IX of the Education Amendments of 1972; Sections 799A and 845 of the Public Health Service Act; the Family Educational Rights and Privacy Act of 1974 (FERPA) — Part of PL 93-308; and the Family and Medical Leave Act of 1993 (FMLA).
Elizabeth City State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the Baccalaureate and master’s level accredits Elizabeth City State University (ECSU). Contact the Commission on Colleges at 1866 Southern Lane, Decatur GA 30033-4097 or call 404-679-4501 for questions about the accreditation of Elizabeth City State University.

The following academic programs below are accredited:
The Department of Business and Economics is accredited by The Association to Advance Collegiate Schools of Business
The Laboratory School is accredited by the National Association for the Education of Young Children
The Social Work program is accredited by the Council on Social Work Education
The Teacher Education Program is approved by the North Carolina State Board of Education and accredited by the National Council for the Accreditation of Teachers
The Industrial Technology program is accredited by The Association of Technology, Management and Applied Engineering
The Music program is accredited by the National Association of Schools of Music

The university as a whole or through components of it has current membership in various professional learned organizations. Memberships are held in the following:

<p>| Academy of Criminal Justice Sciences | American Association of Colleges for Teacher Education |
| American Association of Higher Education | American Association of State Colleges and Universities |
| American Counseling Association | American Council on Education |
| American College of Sports and Medicine | American Library Association |
| American Political Science Association | American Psychological Association |
| American Red Cross | American Society of Criminology |
| Association on Higher Education and Disability | American Society for Public Administration |
| Association for Supervision and Curriculum Development | Association for Institutional Research |

**NOTE TO STUDENTS**

The publisher of this catalog has attempted to present information which, at the time of preparation for publication, most accurately describes the course offerings, faculty listings, policies, procedures, regulations and requirements of the university. However, it does not establish contractual relationships. The university reserves the right to make changes in both curricula and relationships without prior notice. Students should consult academic advisors for current information.

Copies of the general catalog are made available to all students registered at the university. The high school guidance counselors, and college university libraries. Additional copies are available for $5.00 from the office of the Registrar, Elizabeth City State University, 1704 Weeksville Road, Elizabeth City, and NC 27909.
MESSAGE FROM THE CHANCELLOR

Chancellor's Message

Welcome to Elizabeth City State University (ECSU)!

ECSU has a rich history that spans nearly 125 years. We embrace a diverse community of faculty, staff, and students, all of whom are passionate about making the world a better place through excellence in teaching, research, leadership, and service.

Our broad range of undergraduate offerings prepares students for an ever-evolving and technologically advanced society. A common thread throughout our 31 degree programs is an opportunity to master critical exploration, analytical thinking, and scientific discovery.

Beyond our academic programs, is a vibrant campus life designed for both our resident and commuter students. We provide a safe, nurturing, and stimulating environment in which to express individual creativity via a wide variety of social and cultural activities. Our student organizations, athletics and service programs provide additional opportunities to tailor to your interests and to cultivate your intellectual and personal development.

As you undertake your studies, this catalog will serve as your blueprint for success at ECSU. Please read it carefully and don’t hesitate to seek guidance from faculty and staff should you need assistance.

On our Path to Prominence, we look forward to working with you and to the day we can count you among our proud ECSU alumni.

Sincerely,

Stacey Franklin Jones
Chancellor

Mrs. Doraine Spence, Director of Auxiliary Services

Institutional Advancement
Ms. Ralisha Mercer Interim Vice Chancellor for Institutional Advancement
Mrs. Barbara Sutton, Director of Alumni Relations
Mr. Morris A. Autry, Director of HUD/Community Development Program

*Interim
HISTORY OF THE UNIVERSITY OF NORTH CAROLINA

In North Carolina, the 16 public universities that grant baccalaureate degrees are part of the University of North Carolina system. The multi-campus state university system also includes the NC School of Science and Mathematics, the nation’s first public residential high school for gifted students. Chartered by the North Carolina General Assembly in 1789, the University of North Carolina was the first public university in the United States to open its doors and the only one to graduate students in the eighteenth century. The first class was admitted in Chapel Hill in 1795. For the next 136 years, the only campus of the University of North Carolina was at Chapel Hill.

Additional institutions of higher education, diverse in origin and purpose, began to win sponsorship from the General Assembly beginning as early as 1877. Five were historically black institutions, and another was founded to educate American Indians. Some began as high schools. Several were created to prepare teachers for the public schools. Others had a technological emphasis. One is a training school for performing artists.

The 1931 session of the General Assembly redefined the University of North Carolina to include three state-supported institutions: the campus at Chapel Hill (now the University of North Carolina at Chapel Hill), North Carolina State College (now North Carolina State University at Raleigh), and Woman's College (now the University of North Carolina at Greensboro). The new multi-campus University operated with one board of trustees and one president. By 1969, three additional campuses had joined the University through legislative action: the University of North Carolina at Charlotte, the University of North Carolina at Asheville, and the University of North Carolina at Wilmington.

In 1971 legislation was passed bringing into the University of North Carolina the state's 10 remaining public senior institutions, each of which had until then been legally separate: Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, the North Carolina School of the Arts (now the University of North Carolina School of the Arts), Pembroke State University (now the University of North Carolina at Pembroke), Western Carolina University, and Winston-Salem State University. In 1985 the NC School of Science and Mathematics was declared an affiliated school of the University; in July 2007 NCSSM by legislative action became a constituent institution of the University of North Carolina. All the schools and universities welcome students of both sexes and all races.

The UNC Board of Governors is the policy-making body legally charged with "the general determination, control, supervision, management, and governance of all affairs of the constituent institutions." It elects the president, who administers the University. The 32 voting members of the Board of Governors are elected by the General Assembly for four-year terms. Former board chairmen and board members who are former governors of North Carolina may continue to serve for limited periods as non-voting members emeriti. The president of the UNC Association of Student Governments or that student's designee is also a non-voting member.

Each of the UNC campuses is headed by a chancellor who is chosen by the Board of Governors on the president’s nomination and is responsible to the president. Each university has a board of trustees consisting of eight members elected by the Board of Governors, four appointed by the governor, and the president of the student body, who serves ex officio. (The UNC School of the Arts has two additional ex officio members; and the NC School of Science and Mathematics has a 27-member board as required by law.) Each board of trustees holds extensive powers over academic and other operations of its campus on delegation from the Board of Governors.

In addition to its teaching role, the University of North Carolina has a long-standing commitment to public service. The UNC Center for Public Television, the UNC Health Care System, the cooperative extension and research services, nine area health education centers, and myriad other University programs and facilities reap social and economic benefits for the state and its people.
University Mission
Elizabeth City State University, a constituent institution of the University of North Carolina, offers baccalaureate, graduate, and professional programs for a diverse student body. The institution's rich heritage provides a firm foundation for its educational endeavors, as well as its role in serving the needs and aspirations of individuals and society.

Through teaching, research, and community engagement, Elizabeth City State University provides a student-centered environment, delivered in a manner that enhances student learning, while preparing its graduates for leadership roles and lifelong learning. The University is also a leader in facilitating sustainable economic growth, while safeguarding the unique culture and natural resources of the region.

Historic Location
Located in the historic Albemarle area near the mouth of the Pasquotank River, Elizabeth City State University offers students the opportunity to receive an excellent education while enjoying a wide variety of recreational and cultural amenities. Favored by a mild climate and proximity to the world-renowned Outer Banks recreation area, ECSU can supply ingredients that help make student living and learning both exciting and fulfilling. In addition, the University offers students a variety of social programs, cultural programs, religious and musical organizations, honor societies, and clubs. Fraternities and sororities are also available to students as well as a variety of athletic teams and events.

Students may also wish to take advantage of the historical sites in the greater Albemarle and southeast Virginia areas. Williamsburg, Jamestown, Roanoke Island, Yorktown, several antebellum plantations, and beaches and waterways are among sites within an easy drive from the campus.

United States Highways 17 and 158 make the city and the University easily accessible by automobile and bus routes from all points. Hotels and motels are available to accommodate overnight visitors and ECSU is just over an hour’s drive from the Norfolk (Virginia) International Airport.

ECSU is situated on 114 acres, which represent the campus proper. Another 68 acres comprise the former farm on Weeksville Road (N.C. 34); a 639-acre tract in Currituck County helps preserve the nation’s diminishing wetlands and provides for educational research; and 35 acres serve residential or expansion purposes. There are also small sites in Utah and Virginia, used, respectively, for geological instruction and institutional enhancement.

Growth & Development
Elizabeth City State University has been a coeducational, undergraduate, public, and state-assisted institution since its inception on March 3, 1891, when House Bill 383 was ratified. The bill to establish the institution was introduced in the N.C. General Assembly by HUGH CALE (1835–1910), a black representative from Pasquotank County.

By law, the institution was initially created as a normal school for the specific purpose of "teaching and training teachers of the colored race to teach in the common schools of North Carolina." It was named Elizabeth City State Colored Normal School and began operation in the Rooks Turner Building on January 4, 1892, with a budget of $900, two faculty members, and 23 students.

During ensuing years, the institution survived a statewide effort to consolidate normal schools. Local citizens of both races were of immense help in this effort. The first Summer Session was in 1900 and on September 9, 1912, the institution moved to its current location.

Between 1891 and 1928, curricula and resources were expanded under the yeoman leadership of PETER WEDDERICK MOORE. Nine different academic programs — ranging from grade school to a "postgraduate" curriculum — marked Principal Moore’s incumbency. The Normal curriculum had primary and grammar tracks. Enrollment increased from 23 to 355, and the faculty from two to 15 members by the time Dr. Moore retired on July 1, 1928. His designation of President-Emeritus is believed to be the first such honor in the state.

Under the leadership of the second president, JOHN HENRY BIAS, the institution was elevated from a two-year normal to a four-year teachers’ college in 1937. President Bias served from July 1, 1928, until his death on July 15, 1939. During his tenure the name was officially changed, by an act of the legislature, to Elizabeth City State Teachers’ College, effective March 30, 1939. A second purpose was given to the school: the training of elementary school principals for rural and city schools. The first Bachelor of Science degrees were awarded to 26 graduates by President Bias on
May 19, 1939. The sole major was Elementary Education, with primary and grammar tracks; the Secondary School Department was discontinued in 1931.

Serving from November 18, 1939, until he resigned on December 31, 1945, the third president, HAROLD LEONARD TRIGG, laid plans for physical expansion and concentrated his efforts on aiding students through the National Youth Administration at the College. He also strengthened the Elementary Education major. While Dr. Trigg had the onerous task of maintaining the institution during the Depression, Dr. Trigg faced the rigors of World War II which buffeted the fledgling teachers’ college.

SIDNEY DAVID WILLIAMS, who became the fourth president, served from January 1, 1946, until he retired on August 31, 1958. During his administration, the Association of Colleges and Schools (an organization of historically black institutions) recognized Elizabeth City State Teachers College as an "A"-rated institution in 1957, and improvements occurred in the curricula and physical plant. Dr. Williams was designated the second President-Emeritus of the institution by the Board of Trustees on September 16, 1969. President-Emeritus Williams (born 1892) died January 21, 1974.

The college experienced significant growth and development during the administration of WALTER NATHANIEL RIDLEY, the fifth president, September 1, 1958–June 1968. Curricular offerings were expanded between 1959 and 1963 from the two track Elementary Education major to 13 additional degree-granting programs, providing 17 degree granting tracks. Students also earned certificates in five vocational-technical programs for a total of 22 curricular options. Ten departments of instruction came into existence serving students pursuing both teacher-training and, for the first time, non-teaching programs.

The College was elevated from the "approved" list to full membership in the Southern Association of Colleges and Schools (SACS) in December 1961. Its accreditation has been reaffirmed by this regional agency since that time.

The school’s name was changed from "State Teachers College" to Elizabeth City State College by a 1963 legislative act. In honor of his contributions to the institution, Dr. Ridley became the school’s third President-Emeritus on March 3, 1988. President-Emeritus Ridley died September 26, 1996.

MARION DENNIS THORPE served as the sixth president (July 1, 1968 – June 30, 1972) and became the first chancellor of the institution (1972–1983), when the University was made one of the 16 institutions of The University of North Carolina.

Dr. Thorpe’s administration was marked by vigorous efforts to improve the institution academically and physically. Increased UNC System funding allowed employment of additional experienced faculty members with doctorates, doubling the faculty size. Special programs for freshmen and increased emphasis on inter-institutional cooperation also marked his administration. Various offices and components were established, such as a Planning Division and offices covering Development, Institutional Research, the Archives and Records Center (then one of few historically black colleges with such), and Living-Learning Centers in student residence halls.

Other hallmarks of Dr. Thorpe’s administration included: Trustee approval of recommendations for the school’s first professors emeriti; completion of several buildings — including a 200-student residential complex; three new academic departments; 14 new degree-granting programs; six additional or variant program tracks; and an ROTC program. A Faculty Council was established; computer capability grew significantly; library holdings and usage increased; long-range and affirmative action plans were revised; a PABX telephone system was installed; a National Youth Sports Program was initiated; and the institution’s history was written. Major fund-raising programs also highlighted Dr. Thorpe’s tenure, including incorporation of the ECSU Foundation (1971).

Dr. Thorpe broadcast the institution’s message worldwide. Just as President Ridley made a round the-world educational tour, Chancellor Thorpe made a Far East educational tour and sent the University Choir to Europe and the Bahamas. A sculpture, entitled "Life, Liberty, Pursuit of Happiness," was presented to the citizens of Elizabeth City. Dr. Thorpe served the second longest term as chief executive and was the second to die while actively in office — April 28, 1983. Two posthumous honors came that year: a Joint Legislative Resolution (June 27), believed to be a first of its genre; and an LLD 5 (October 28), granted by his alma mater, North Carolina Central University.

Following extensive service to the institution, successively as Assistant Academic Dean/Administration; Vice Chancellor for Academic Affairs and Dean of the Faculty; and, from May 1, 1983, Acting Chancellor, JIMMY RAYMOND...
JENKINS, ’65, became the first alumnus to be named chief executive officer of Elizabeth City State University on October 14, 1983. Prior to his elevation as second Chancellor, Dr. Jenkins was instrumental in establishing several institutional improvements. These include a Health Careers center, a Division of General Studies (1977), the institution’s designation as a Bicentennial Campus (1976), inaugurating a faculty extravaganza for student scholarships named “Scholarcade,” and beginning the Extended Day Program.

Chancellor Jenkins’ administration fostered numerous other institutional improvements, including seven new academic majors and eight degree-granting variants of existing programs. Other important innovations included community service efforts, attention to campus beautification and aesthetic improvements, establishment of an Airway Science concentration, and formation of an Office of Sponsored Programs, Contracts & Grants.

Additional accomplishments of the Jenkins Administration included the completion of a science complex housing the only planetarium in this part of the state, the erection of a computing laboratory, and construction of the Commuter Center. A 200-bed residence hall was constructed on a newly acquired tract of land long sought by the University, and plans were initiated for constructing a fine arts building on another section of this land. Dr. Jenkins’ staff was the first to occupy the newly finished M. D. Thorpe Administration Building named in honor of his immediate predecessor.

Having brought total alumni to just under 12,000 graduates while enriching his alma mater through the establishment of a Music Recording Studio, Teleconferencing Center, on-campus U.S. Postal Station, and accreditation with plaudits from SACS and NCATE, Dr. Jenkins resigned effective August 31, 1995. A grateful Board of Trustees named him ECSU’s first Chancellor Emeritus, December 19, 1995.

September 1, 1995, MICKEY LYNN BURNIM was appointed to serve as Interim Chancellor and on July 1, 1996, he became the eighth chief executive officer of the institution upon election by the UNC Board of Governors. Dr. Burnim quickly demonstrated his ability and interest in moving ECSU forward, giving special attention to developing a comprehensive strategic plan; enhancing faculty and staff governance; initiating new business, civic and educational partnerships; establishing the University’s first two endowed professorships; providing leadership for the establishment of the University’s first three master’s degree programs in elementary education, biology, and mathematics; and implementing several new baccalaureate degree programs, including marine environmental science, social work, communication studies, graphic design, aviation science, and pharmaceutical science. In Fall 2005, under his leadership, the University implemented a joint pharmacy program in partnership with the University of North Carolina-Chapel Hill. Dr. Burnim has also led the development of a campus computer network, and he established strong fiscal integrity.

To improve operational efficiency, Dr. Burnim is credited for having reorganized the University into four schools: Arts and Humanities; Business and Economics; Education and Psychology; and Mathematics, Science, and Technology. Additionally, he directed the development of a comprehensive enrollment management and marketing plan, which, in Fall 2005, yielded for the third consecutive year the highest enrollment in ECSU’s history. In 2001, he began the oversight of the largest construction and renovation project ($46.3 million) ever undertaken at ECSU, including the construction of a physical education/fieldhouse facility, a student center, and a new residence hall. In 2004, the University opened its first privatized student housing facility, Viking Village.

Under the leadership of Chancellor Burnim, national validation of ECSU’s exemplary status was received from U.S. News and World Report, which ranked ECSU among its peers as #No.1 in the category of Top Public Comprehensive Colleges in the south in 2004 and ranked the University #No.3 in 1991, 2001, 2002, and 2005. In addition, the University was nationally recognized for its high student graduation rate by the Education Trust in 2004 and 2005, and by the NCAA Foundation and USA Today in 2001 and 2002.

In 1997, 2003, and 2005, accreditation of the teacher education program was reaffirmed by the National Council for Accreditation of Teacher Education (NCATE). In 2001-2002, ECSU’s university-wide accreditation was reaffirmed by the Southern Association of Colleges and Schools (SACS). Additionally, the Department of Technology received accreditation from the National Association of Industrial Technology (NAIT) in 2001, 2003, and 2005, and the ECSU Laboratory School received accreditation from the National Association for the Education of Young Children in 2003.

On September 1, 2006, WILLIE JAMES GILCHRIST was appointed to serve as Interim Chancellor.
Immediately upon his appointment, Dr. Gilchrist focused on priority initiatives such as enhancement of master’s degree programs and online distance learning; increasing grant and research options for faculty; and expanding opportunities within the University’s aviation science, music industries, teacher education, and pharmacy (UNC-Chapel Hill/ECSU Pharmacy Partnership) programs. On March 15, 2007, Dr. Gilchrist ’73, became the second alumnus to be named the chief executive officer of Elizabeth City State University. In the fall of 2010, ECSU began its third year with Chancellor Willie J. Gilchrist as the ninth chief executive officer. While committed to offering students an outstanding education through 36 degree programs, Dr. Gilchrist identified two signature programs at ECSU. Those programs were selected based on the state’s shortage of professionals available for current jobs or the expansion of new jobs in those areas. The signature programs include Aviation Science and the UNC-Chapel Hill/ECSU Pharmacy Partnership program.

Students can earn a Bachelor of Science in Aviation Science at ECSU, the state’s only four-year degree program. Students can choose from four minors that will prepare them for an assortment of new jobs in aviation and avionics.

In July 2004, the NC General Assembly allotted $428 million to construct facilities for the Pharmacy Complex which opened in the fall of 2010. The UNC-Chapel Hill/ECSU Pharmacy Partnership prepares students for careers as practicing pharmacists or pharmaceutical scientists. Increasing the number of pharmacists working in northeastern North Carolina is an important objective of this program. The new Pharmacy Complex, a three-story, 52,895 gross square foot building, opened for classes for the September 2010. In the fall of 2011, a new director for the Drug Information Center was hired. The Drug Information Center is provides accurate and unbiased health information to health care professionals and the public in northeastern North Carolina and surrounding areas.

Due to a shortage of teachers across the state, Dr. Gilchrist also placed strong emphasis on ECSU’s teacher education program. As current teachers retire and the state’s population of school-age youths grows, additional teachers will be needed. The University offers a Bachelor of Science degree in education and two master’s degrees that will prepare skilled teachers and administrators to dutifully serve in state schools. Under the leadership of Dr. Gilchrist, the University exhibited several signs of growth.

Since Dr. Gilchrist's interim appointment as chancellor in 2006, student enrollment increased from 2,681 to 3,307 students in the fall of 2010. The University’s performance as a public institution granting undergraduate degrees drew praise from a publication highly recognized among those ranking academic institutions. The U.S. News and World Report’s 2012 Edition of Best Colleges rankings listed ECSU second in the Top Public Schools Regional Colleges (South) category. The Best Colleges report listed ECSU #14 among the nation’s Historically Black Colleges and Universities -- three notches higher than 2011’s rank. The Top Public Schools Regional Colleges (South) is one of four regions considered for this category. Other public colleges and universities are categorized by their location in the North, the Midwest and the West. The Historically Black Colleges and Universities (HBCU) were compared only with one another for these rankings. In order to be on the list, a school must be designated currently by the U.S. Department of Education as an HBCU.

The University’s accreditation was reaffirmed at the annual meeting of SACS (Southern Association of Colleges and Schools Commission on Colleges) in Orlando, Florida on December 6, 2011. SACS requires that all schools are reaffirmed every 10 years. This reaffirmation of accreditation declares that the degrees ECSU awards are coming from an institution that is financially stable and has academically-qualified faculty and administrators and approved academic programs. Thus, the academic programs are sound and thorough and provide a solid education for ECSU graduates. In essence, the University is carrying out its mission.

To better serve the growing student body, faculty and staff, as well as guests from the community, more than 700 parking spaces were added to the campus. Under Dr. Gilchrist’s administration, the University purchased two 56-passenger buses that comfortably transport students, coaches, staff and faculty to destinations across the northeast and southeast. In addition, ECSU owns one 12-passenger van; a handicap accessible shuttle; one 25-passenger bus, and two Cessna Skyhawks (single engine airplanes) purchased for the purpose of training pilots enrolled in the Aviation Science program. Recent facility upgrades include the renovations of E.V. Wilkins Academic Computer Center, H.L. Trigg and Lane Halls, the G.R. Little Library, the Mickey L. Burnim Fine Arts Center, the auditorium of Moore Hall, and the lobby of the K. E. White Graduate and Continuing Education Center.
Construction of the Willie and Jacqueline Gilchrist Education and Psychology Complex began in July 2010 and was completed in December 2011. The $18.7 million facility contains 53 faculty offices, 14 classrooms, 2 computer labs, 2 virtual classrooms, and a Global Education Center on the first floor.

Construction of a new three-story residence hall began in May 2011. Viking Tower, a 210-bed residence hall was completed in August of 2012.

Dr. Gilchrist resigned from the University in June of 2013. CHARLES BECTON, a former NC Court of Appeals judge, began serving as interim chancellor on July 1, 2013. He served until September 30, 2014. On October 1, 2014, Dr. STACEY FRANKLIN JONES began serving as Elizabeth City State University’s new chancellor.

For more information on the development of the University, see: www.ecsu.edu.
Elizabeth City State University has positioned itself to thrive in an ever-evolving and increasingly complex global society. With the demands of the 21st century, it is imperative that enrollments increase and are managed effectively. When this occurs, students who reach their potential as a result of their ECSU experience are invaluable in multiple markets. In addition, it is clear that recruiting targeted markets and deploying specific strategies tend to support increased graduation rates. Therefore, using a multi-faceted approach, the University addresses and manages enrollment concerns by coordinating the efforts of the following offices: Admissions and Recruitment, Student Financial Aid and Scholarships, and Retention.

STUDENT FINANCIAL AID AND SCHOLARSHIPS

The Office of Student Financial Aid and Scholarships is committed to assisting students and families in planning for and meeting expenses associated with attendance at the University. We focus on establishing aid eligibility, awarding scholarships, grants, loans, and employment to eligible students, and providing financial aid counseling to students and families for the resolution of problems associated with financing an education.

FINANCIAL AID PROGRAMS

The Financial Aid Programs at Elizabeth City State University are designed to assist students and their parents in financing the cost of the student’s education. Students who are enrolled or accepted for enrollment and are citizens or permanent residents of the United States are eligible to apply for financial aid. Assistance available to eligible students consists of grants, loans, scholarships, and part-time employment. Limited assistance is available for international students.

How To Apply for Financial Aid

All students must complete and have processed a Free Application for Federal Student Aid (FAFSA) form every year before financial aid can be offered. Students must also list the school code 002926, on the FAFSA application (www.FAFSA.ed.gov) in order for the University to obtain their financial aid data. Students who complete the application process by March 1 will be considered first for priority funding. Certain grants and scholarships may not be available to students who apply after that date, as funds in these programs are limited.

All interested students who wish to receive any kind of financial aid at ECSU must complete the above described application process. Deadline dates for having a complete application on file are July 1 (Academic Year), December 1 (Spring Semester), and May 1 (Summer).

Should you have Financial Aid questions, please call: (252) 335-3283 or 1-800-529-8146

Grants

Federal Pell Grant

The Federal Pell Grant is based on the Expected Family Contribution (EFC), which is calculated by the Department of Education based on the information listed on the FAFSA form, the number of credit hours per semester, and the cost of attendance.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is awarded based on your EFC number, FAFSA date, Financial need, and funds available for certificate, special admit, transient, second degree, non-degree and graduate students. Students with the lowest EFC numbers receive priority.

Loans

Loans are money borrowed that must be repaid, with interest. Eligible students must be enrolled at least six credit hours to receive a federal loan. A promissory note must be signed and completed along with entrance/exit counseling. Please refer to the Federal Student Guide for detailed information.

William D Ford Federal Direct Stafford Student Loans

These loans are backed by the federal government. Credit checks are not required for students. There are two types of Stafford Loans: subsidized and unsubsidized. Students must have a financial need to receive a subsidized Stafford Loan. The U.S. Department of Education will pay the interest on a subsidized Stafford Loan during certain periods.
Interest rates are fixed at 6.8 percent for student loans first disbursed on or after July 1, 2012. Rates are subject to change. A promissory note and entrance counseling must be completed at www.studentloans.gov.

Eligible parents may borrow directly from the U.S. Department of Education. This program charges a 4 percent Origination Fee which will be taken out of the loan. The fixed interest rate is 7.9 percent. Parents can apply at www.studentloans.gov.

**Federal Family Education Loan (FFEL) Program:**
Annual limit based on cost of attendance budget:
- **Dependent Students:**
  - First Year: $5,500 - No more than $3,500 of this amount may be in subsidized loans.
  - Second Year: $6,500 - No more than $4,500 of this amount may be in subsidized loans.
  - Third Year and each year beyond: $7,500 - No more than $5,500 of this amount may be in subsidized loans.
- **Independent Students (and dependent students whose parents are unable to obtain PLUS Loans):**
  - First Year: $9,500 - No more than $3,500 of this amount may be in subsidized loans.
  - Second Year: $10,500 - No more than $4,500 of this amount may be in subsidized loans.
  - Third Year and each year beyond: $12,500 - No more than $5,500 of this amount may be in subsidized loans.

**Maximum Total Debt Upon Completion of Undergraduate Studies:**
- **Dependent Students:** $31,000 - No more than $23,000 of this amount may be in subsidized loans.
- **Independent Students:** $57,500 - No more than $23,000 of this amount may be in subsidized loans.

**Graduate and Professional Degree Students Loan Limits**
The program/lender you select in your first year at Elizabeth City State University will be the program/lender you will always have at ECSU. Students can not receive a student loan from both programs in the same academic year. Regardless of the program a student uses, Stafford Loans have yearly limits.

**For a student, the graduate limits are:**
- Annual amount based on institution cost of attendance budget: $20,500 – No more than $8,500 of this amount may be in subsidized loans.
- **Maximum Total Debt Upon Completion of Graduate Studies:** $138,500 – No more than $65,000 of this amount may be in subsidized loans. The graduate debt limit includes Stafford Loans received for undergraduate study.

**Financial Aid Policies and Conditions of Awards**
The following financial aid policies and conditions of award apply to students who are recipients of federal or state financial assistance while attending Elizabeth City State University:
- Students must apply annually for federal aid by completing the Free Application for Federal Student Aid (FAFSA) by March 1 of each year.
- Students must be regularly admitted to ECSU in a degree-seeking status and must be enrolled in an eligible degree-seeking program prior to the first day of the term to participate in federal and state aid programs. Provisionally-admitted and special-admitted students are not eligible for financial assistance. Transient students should contact their home institution for financial aid.
- Students must meet the school’s Satisfactory Academic Progress Standards, not owe a refund on any grant or be in default on any educational loan and not have borrowed in excess of the loan limits under the Title IV programs at any institution.
- Financial aid is limited to coursework required for the declared major as stated in this catalog. Financial aid is not available for audit courses. Students are allowed to repeat a previously-passed class once.
- Students must attend the classes in which they have enrolled to be eligible for aid payment.
- Students must submit all required documents. Failure to submit the requested documents may result in a delay or loss of financial aid funds.
- Students are aware that the Office of Financial Aid and Scholarships cannot award federal, state, and institutional funds over the student’s Cost of Attendance budget. Any outside scholarships or alternative loans must be reported to the Office of Financial Aid and Scholarships and these funds may reduce the amount of financial aid the student receives.
- Financial aid awards are based on full-time enrollment for each term awarded. Less than full-time enrollment may require an adjustment to the aid award. Graduate students enrolled in 9 semester hours are classified as full-time and 4.5 semester hours as half time.
Students awarded an educational student loan must complete loan counseling prior to their first loan disbursement. Federal regulations require that first-year, first-time borrowers have their first loan disbursement delayed 30 days. Counseling is available online at www.studentloans.gov.

Institutional charges (tuition, fees, room and board) will be deducted from the financial aid award each term. Students should be prepared to pay any difference owed by the fee payment deadline. For students with aid greater than the institutional charges, any remaining funds are released no later than 14 calendar days after their first day of class or the balance occurs, whichever is later.

Students must report any financial aid they receive or expect to receive from an outside source.

Employment in the Federal Work-Study program is not guaranteed. Awards are based on funding and position availability. Students cannot earn more than their annual award. Students who receive an "unsatisfactory" job performance evaluation will be terminated from the program.

Students receiving financial aid who withdraw or who stop attending all classes are subject to regulations regarding the return of funds to the aid programs. Federal aid recipients withdrawing before the 60 percent point of the term may owe repayment of federal funds received. Refer to the Withdrawal Policy of this catalog.

Satisfactory Academic Progress - Financial Aid

To be eligible to receive Financial Aid, which includes funds from federal, state, and institutional programs, students must maintain satisfactory academic progress (SAP). Elizabeth City State University (ECSU) is required by the U.S. Department of Education to establish minimum standards of SAP, which means the student is proceeding in a positive manner toward graduation. SAP is calculated each semester and includes all periods of the student’s enrollment, including periods in which the student does not receive financial aid funds.

Satisfactory Academic Progress

Students attending ECSU must be in good academic standing and making satisfactory progress with a minimum grade point average (GPA) and completion rate in accordance with the maximum time frame, as stated below. In addition, effective Fall 2013 all returning students with cumulative earned hours from 1-90 and above must maintain a cumulative GPA of 1.80 at the end of Fall 2013 and a cumulative GPA of 2.0 at the end of Spring 2004. Effective Fall 2014, all students will be governed by the following scale:

A. Grade Point Average Requirement (Qualitative)

Students must maintain the following minimum cumulative GPA:

<table>
<thead>
<tr>
<th>Cumulative Earned Hours</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 -29</td>
<td>2.0</td>
</tr>
<tr>
<td>30 – 59</td>
<td>2.0</td>
</tr>
<tr>
<td>60 – 89</td>
<td>2.0</td>
</tr>
<tr>
<td>90 – 190</td>
<td>2.0</td>
</tr>
<tr>
<td>2nd Degree &amp; Certificate</td>
<td>2.0</td>
</tr>
<tr>
<td>Graduate Students</td>
<td>3.0</td>
</tr>
</tbody>
</table>

If a student’s GPA falls below the required minimum cumulative GPA, his or her eligibility to receive financial aid will be jeopardized. A student will be put on financial aid warning for the semester following the term the student fails to earn the required minimum cumulative GPA. The student has the next semester of attendance to earn the required minimum cumulative GPA. The student may receive financial aid while on financial aid warning. At the end of the warning period, if the required minimum cumulative GPA is met, the student is taken off of financial aid warning. If the required minimum cumulative GPA is not achieved, then the student will be put on financial aid suspension during the next semester of attendance. The student will not receive financial aid assistance while on financial aid suspension. The total cumulative earned hours consist of hours earned at ECSU and accepted transfer credits. Transfer credits are not included in the computation of the cumulative GPA for financial aid unless the credit was earned while attending other schools as a Transient Student, a student taking classes at another institution as an ECSU student.

Grade Point Average Requirement (Qualitative)

Students must maintain the following minimum cumulative GPA:

<table>
<thead>
<tr>
<th>Cumulative Earned Hours</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 -29</td>
<td>2.0</td>
</tr>
<tr>
<td>30 – 59</td>
<td>2.0</td>
</tr>
<tr>
<td>60 – 89</td>
<td>2.0</td>
</tr>
<tr>
<td>90 – 190</td>
<td>2.0</td>
</tr>
<tr>
<td>2nd Degree &amp; Certificate</td>
<td>2.0</td>
</tr>
<tr>
<td>Graduate Students</td>
<td>3.0</td>
</tr>
</tbody>
</table>
If a student’s GPA falls below the required minimum cumulative GPA, his or her eligibility to receive financial aid will be jeopardized. A student will be put on financial aid warning for the semester following the term the student fails to earn the required minimum cumulative GPA. The student has the next semester of attendance to earn the required minimum cumulative GPA. The student may receive financial aid while on financial aid warning. At the end of the warning period, if the required minimum cumulative GPA is met, the student is taken off of financial aid warning. If the required minimum cumulative GPA is not achieved, then the student will be put on financial aid suspension during the next semester of attendance. The student will not receive financial aid assistance while on financial aid suspension. The total cumulative earned hours consist of hours earned at ECSU and accepted transfer credits. Transfer credits are not included in the computation of the cumulative GPA for financial aid unless the credit was earned while attending other schools as a Transient Student; that is, an ECSU student taking classes at another institution earns credit as an ECSU student.

Completion Rate (Quantitative)
Students must complete a minimum of 67 percent of coursework attempted each semester. Failure to complete this minimum percentage will result in a student being placed on financial aid probation during the following semester of attendance. If the student completes 67 percent of the coursework during the probationary semester, then the student will be taken off of financial aid probation. If the student completes less than 67 percent of coursework during the probationary semester, then the student will be placed on financial aid suspension for the next attending semester.

Maximum Time Frame
All students must complete their program of study within a maximum time frame of one and-one-half (150 percent) times the length of the program in which they are enrolled. This means that once a student has attempted one-and-one-half times the minimum number of credit hours necessary for completing program requirements, the student will be ineligible to receive financial aid. Attempted hours include all attempted hours at ECSU and all accepted transfer credit. Double majors are expected to complete their program of student within 186 credit hours. If the student qualifies for graduation in a particular major but makes a personal decision to double major, the student is no longer entitled to receive Federal Title IV Aid. Second degree students are required to complete their second degree within the maximum 150% of the hours required for the second degree (maximum of 246 including hours for the first degree). For graduate students, the maximum time frame is 54 attempted hours. If the time limit has been exceeded, aid eligibility ends. The student will be placed on financial aid suspension status.

Grades
Grades of IP (in-progress), W (withdrew), WA (withdrew administratively), WP (withdrew passing), WF (withdrew failing), and WD (withdrew from the university) are not included in calculating a student’s GPA, but are counted as course work attempted. I (incomplete) and FA (failure due to absenteeism) are counted as an F. All grade changes must be submitted and processed during the first 10 days of classes of the following semester. Any changes after the first 10 days of the following semester will not be included in the SAP calculation.

Transfer Students
Transfer students accepted by ECSU, not previously enrolled at ECSU, will be classified as maintaining Satisfactory Academic Progress (SAP) for the first semester enrolled. At the end of the first semester, the student’s grades will be measured in accordance with the ECSU’s SAP requirements. Students who previously attended ECSU, transferred to another school, then returned to ECSU, will have all of their course work reviewed.

Financial Aid Suspension
Once a student is on financial aid suspension, the student must pay for the next attending semester at his or her own expense (alternative loans may be used). All federal, state, and institutional funds are removed for the semester(s) the student has to pay. Once the student has enrolled for 6 or more hours and successfully completed the semester maintaining SAP requirements, the student’s financial aid will be reinstated to financial aid probation status for the next attending term.

Appeal of Financial Aid Suspension
Students have the right to appeal their suspension of financial aid if they have extenuating circumstances that prevented them from making Satisfactory Academic Progress (SAP). Extenuating circumstances are limited to 1) death or serious illness or injury to an immediate family member, 2) extended hospitalization or medical condition of the student, 3) victimization of
a violent crime or natural disaster, 4) work related difficulties, and 5) other unexpected, documented situations. Lack of transportation to school, poor class performance, and pursuit of a double or dual major are not extenuating circumstances. The appeal must be specific, must be typed, and must address the student’s entire previous academic performance as well as how the circumstances have changed so that the student can meet SAP. The typed appeal must be attached to the Appeal of Financial Aid Suspension Form. The form may be obtained from the Office of Student Financial Aid and Scholarships (OSFAS) or the Financial Aid section of the ECSU website. The appeal form must be submitted one week prior to the start of the semester in which the student plans to attend. Failure to adhere to this time line will result in the student losing the right to appeal the financial aid suspension. The SAP Appeals Committee will meet to review appeals at the beginning of each semester. The OSFAS will notify the student of the committee’s decision via campus email. Decisions will be available on Self-Serve Banner (SSB). The committee’s decision is final.

If approved, the student will be placed on financial aid probation status for the subsequent semester. While on financial aid probation, the OSFAS may require the student to maintain a specified percentage of semester course work and cumulative GPA, and to receive tutorial assistance. If any of the prescribed conditions are not met, eligibility will be denied. The student will be awarded based on funds available. Replacement of previously awarded funds is not guaranteed.

A student is expected to know the SAP policy. Students can review their SAP status on Banner after final grades have been processed. The OSFAS attempts to notify students when they are on financial aid suspension; however, sometimes students do not receive notification due to circumstances beyond the control of the OSFAS. If a student is not notified of the financial aid suspension, that does not excuse a student from the financial aid suspension, nor does it exempt a student from appealing in a timely manner.

Withdrawal Policy (Treatment of Title IV funds when a student withdraws)
Financial aid is awarded to a student under the assumption the student will complete the entire period for which the aid was awarded. If a student withdraws before 60 percent (as measured in calendar days) of the semester has passed, the student may no longer be eligible for the full disbursement of Title IV aid and other financial aid awards.

A student should report to the Office of Student Financial Aid and Scholarships to review the calculations of the student's unearned aid due by the school and the unearned aid due by the student to the Department of Education or other agencies. Elizabeth City State University will attempt to notify the student no later than 30 days from the official withdrawal date to return its share of the student’s unearned aid, and the student has 45 days from the notification date to return that portion.

An entrance and an exit interview are required for students who have received loans.

A student who has not completed the verification process as of the withdrawal date will be ineligible to receive any financial aid credit to their account.

Additional Title IV funds will end if the student fails to repay his or her portion of unearned Title IV funds within the proper time frame.

For further questions, please call our office at (252) 335-3283.
DIVISION OF STUDENT AFFAIRS

The Division of Student Affairs is organized and administered by the Vice Chancellor for Academic and Student Affairs to augment, strengthen, and support the University’s commitment to the total development of its students. The Division includes the Offices of Career Services, Counseling and Testing, Emergency Management/Environmental Health & Safety, Student Health Services, Student Life, Judicial Affairs, and Residence Life.

Student Affairs assists with the adjustment of students to both the academic and the non-academic environments of the campus. The main focus is on creating and promoting an environment in which students can develop into mature, well-rounded citizens who are self-disciplined and aware of the lifelong process of education.

Student Affairs programs are designed to promote student initiative, responsibility, and rights to a quality education as well as well-rounded personal and social development. The programs also strive to provide opportunities for leadership and to promote a climate conducive to intellectual stimulation and growth that builds character and integrity and fosters excellence and respect for diversity in a global society. Special services for those students who have academic and non-academic difficulties are also provided.

COUNSELING & TESTING CENTER

Counseling Services
The Counseling and Testing Center (CTC) provides individual, career, couples, and group counseling as well as psycho-educational groups for personal and social development. A series of self-development workshops is offered during the fall and spring semesters. Topics include, but are not limited to the following:

- Romantic and Social Relationships
- Depression and Anxiety
- Anger Management
- Stress and Time Management

- Grief Counseling
  Referrals are made to community agencies when needed. Counseling Services are confidential. Contact information: Counseling and Testing Center, Griffin Building, Suite 500, Elizabeth City, NC 27909. Telephone: 252-335-3273, Fax: 252-335-3728.

New Student Orientation
The Counseling Center coordinates the New Student Orientation program (NSO) for new freshmen and transfer students. NSO introduces new students to university programs and services, and it provides an opportunity for new students to interact with staff, faculty, and administrators while receiving academic advisement and guidance with registering for classes. NSO is offered during the months of June, July, August, and January and is required for all new students prior to enrollment.

Peer Mentors
VANS (Vikings Assisting New Students) is a group of student orientation leaders who work with new freshmen and transfer students during the New Student Orientation program. Members serve as peer educators, tour guides, and discussion leaders. Students interested in VANS must have a 2.5 GPA and complete an application process by the November deadline.

Testing Services
The Counseling Center coordinates and administers national, local, and specialty tests to students, staff, and non-affiliated off-campus individuals and groups. The University is a national test site for Educational Testing Services in Princeton, New Jersey.

University Withdrawals
Students desiring to terminate their studies at ECSU must visit the Counseling Center to complete the necessary forms to withdraw from the University.

DISABILITY SERVICES

In accordance with Section 504 of the Rehabilitation Act of 1973 and the American with Disabilities Act of 1940 (ADA), Elizabeth City State University has a
program designed to protect the rights of post-secondary students with disabilities. Special Needs Services will provide the following to students who have on file a documented disability/disabilities: disability-related counseling, consultation for accommodations during enrollment at ECSU, reasonable accommodations, and accommodation(s) notifications to instructors. Consultation services regarding accommodations are provided to prospective students and, upon request, to all ECSU students. For more information, contact: Disability/Special Needs Services, Griffin Building, Suite 500, Elizabeth City, NC 27909, Telephone: 252-335-3273 and Fax: 252-335-3278.

**CAREER DEVELOPMENT CENTER**

The Career Development Center, located in Griffin Hall, aids students at various stages of their career with decision-making, exploration, and the job search process. A variety of programs and services assist students in defining their career objectives and finding out about the current job market while learning how to conduct a job search for employment.

In addition to the career decision and exploration services, the Career Development Center provides extensive assistance with workshops on interviewing, résumé writing, and business etiquette.

The Career Development Center disseminates information concerning available internships and jobs, and it handles all arrangements when employers visit the campus to interview students. On-campus recruiting is scheduled through this office during the fall and spring semesters. Students can also make valuable employment contacts at the Annual Career Fair, the Graduate & Professional School Day, and the Annual Teacher Job Fair. Alumni may also receive career assistance on employment vacancy listings through Career Services.

**Career Resources**

A wealth of career information is available in the Career Development Center. Printed information on employment trends, future outlooks, company literature, and school system applications are available for all students and alumni to review. Students also have access to hard copy career-related publications.

**Internship Programs**

A program in which students gain valuable work experience in a wide variety of fields, internships can be paid or non-paid. Internships can offer innovative ways to achieve career success for students working with the latest technology in their field of study.

**Career Development Center Technology**

Perfect Interview software is a web-based program that allows students to:

- Create custom interview scenarios tailored to the student’s exact specifications
- Repeat individual questions and answers as often as they wish
- Answer randomly-selected questions, so you never know what to expect next -- just like a real interview
- Pause your interview at any time and return at your convenience
- Save completed interviews for review at any time

**Services Provided Include:**

- Career Counseling
- On Campus Recruiting
- Career Fairs
- Graduate and Professional School Information
- Workshops (Resume Writing, Interviewing Techniques, etc.)
- Dress For Success
- Job Search Preparation
- Networking Opportunities
- Career & Graduate School Fair - November
- Education Fair - February

**STUDENT LIFE**

**Residence Life**

Elizabeth City State University offers residential living to students who are admitted and enrolled at the University. The residential living areas are comprised of one traditional residence hall and four suite-style residence halls.

ECSU reserves the right to approve campus housing assignments; to transfer students from one residence hall to another; or to require that any student that it considers an undesirable tenant vacate a residence hall or any property under the jurisdiction of Residence Life.

Each student is required to maintain an up-to-date local address in the Office of Student Affairs and in the University Registrar’s Office. All housing policies and regulations established with regard to standards of
health, safety, and the general welfare of students in residence halls are executed through the Office of the Director of Residence Life.

Each residence hall is staffed by a team of Residence Hall Administrators, Resident Assistants, Desk Assistants, and Residence Security Officers. Via residence organizations, students are urged to participate, together with administrators and staff, in planning residence hall programs (related activities). Student representatives are also encouraged to assist in developing standards of conduct, determining social regulations, and creating a wholesome atmosphere for study and group living.

A student accepting an assignment in any university residence hall at the beginning of a semester is responsible for the payment of room and board for the entire semester. A student admitted to a residence hall after a semester begins is responsible for paying board fees on a prorated basis.

Admittance to the residence halls is allowed only to students officially admitted to the University by the Office of Admissions and cleared by the Office of the Registrar. Any student officially admitted who has paid the required fees may report for occupancy on arrival dates as designated on the academic calendar. Residence halls are officially closed during the Thanksgiving and Christmas holidays, Spring Break, or other times as needed to comply with emergency situations.

Students may request an early check-in or late checkout if the university’s official opening and closing schedule creates an unusual hardship. Requests for permission for early check-in or late checkout must be made in writing to the Director of Housing and Residence Life at least two weeks in advance. If permission is granted, students requiring short-term housing will be charged a non-refundable fee of $25 per day. Students are strongly urged to make travel arrangements in advance.

In accordance with the Residence Hall Housing Agreement, occupancy is limited to accepted and full time enrolled students only. The University welcomes and respects students who may also be parents; however, from a safety standpoint, the residence halls are not appropriate places for young children. For this reason, infants and young children are only permitted in the lobby areas of the residence halls. School-age children may visit residence hall rooms but must be accompanied by an adult guardian or the resident student. All overnight guests must be at least 15 years old and must follow the University guidelines permitting only members of the same sex to have overnight visits in the residence halls.

Students are responsible for providing their own bed linens, rugs, curtains, lamps, and other items according to their personal taste. Each student is expected to observe residence hall regulations and to take care of the furnishings in the room.

No major electrical equipment is allowed in student rooms, i.e. cooking appliances or air conditioning units. Small electrical equipment such as lamps, radios, stereos, hair dryers, and electric razors are permitted. Attachments should not be placed on room walls, ceilings, or windows without official approval.

Under no circumstances are students permitted to keep pets, firearms, or weapons of any kind in residence hall rooms or on university property. ECSU reserves the right to inspect all rooms in residence halls on a regular basis.

The University does not assume responsibility for fire, theft, mutilation, or destruction of any student or faculty/staff member’s personal property, whether these losses occur by an act of nature or otherwise. All members of the university community, including students and staff, are urged to secure appropriate individual personal property insurance.

Any campus residence student who forfeits or violates his or her right to reside in a residence hall, who is suspended for academic or disciplinary reasons, or who withdraws from the University, must vacate the residence halls immediately.

Office of Emergency Management/Environmental Health & Safety
The mission of the Office of Emergency Management is to provide an integrated, comprehensive emergency management program for Elizabeth City State University. The office is responsible for the preparedness training and coordination of emergency response and recovery efforts for natural, man-made, or technological hazards that could adversely affect campus operations.

The primary mission of the Elizabeth City State University Environmental Health and Safety Office (EHS) is to place administrative emphasis on workplace safety and health requirements for all persons comprising the University community. As a part of this mission, the ECSU EHS staff provides assistance to departments and individuals in order to establish and maintain a safe and healthy campus environment. Safety and health will be promoted as a matter of forethought rather than afterthought.
Residence Life Property Damage Policy

All students who live in university residence halls are bound by the terms and conditions set forth under this Damage Policy. By accepting occupancy in a residence hall at Elizabeth City State University, students are agreeing to this policy. Acceptance is defined as receiving a residence hall room key and signing on the appropriate residence hall contracts and forms. This policy applies to all students who are occupying campus housing during the period when damages occur.

The University will assess damage charges for unauthorized use of and damages or alterations to residence halls, including rooms, floors, suites, and common areas. Charges will be rendered for any damages that are not the result of normal wear. When the party or parties allegedly responsible for damages are identified and the evidence is substantiated, charges will be assessed against the responsible party or parties. If the responsible party or parties are not identified, all residents of either the hall, a floor, a room, or a suite will be held accountable for equal portions of the total damage in the area, as well as damage that occurs in common area(s).

Co-Educational Visitation Policy

Student occupants of residence halls (with the exception of the freshman class) may choose to entertain guests of the opposite gender in their individual rooms. The University allows students to make this choice by the establishment of rules, regulations, and procedures. This privilege of Co-Educational Visitation will always be exercised in a manner that will not interfere with the rights of other students to personal privacy, to the opportunity for study or reflection, and to personal security. The rules, regulations, and procedures for Co-Educational Visitation shall address, but will not be limited to, the following issues: days and hours when such visits are permitted; registration of guests; the availability and necessity of personnel to monitor visitation rules, regulations, and procedures; and negotiations between roommates to establish restrictions on such visits.

Students who do not want to participate must notify the Office of Residence Life and their Residence Hall Administrator in writing.

Code of Conduct

Certain fundamental concepts are recognized as forming the basis for standards of conduct developed as a result of the University’s educational and other obligations.

The filing of an application for admission shall be construed as both evidence and pledge that the applicant accepts the standards and regulations of Elizabeth City State University and agrees to abide by them. Each student, by the act of registering, obligates himself or herself to obey all rules and regulations of the University as stated in the Student Handbook, the University Catalog, and other university publications.

Illegal Drug Policy

Elizabeth City State University has the responsibility to nurture and protect its environment. The Board of Trustees has committed itself to the proposition that students, faculty, and staff should be able to engage in the scholarly pursuits of teaching, learning, discourse, and research free from illegal drug use.

Education Programs and Activities

Elizabeth City State University’s drug education programs and activities involve the following:

- Conducting anonymous surveys of students, faculty, and staff to identify the extent of the drug problem;
- Establishing mandatory seminars on substance abuse for faculty, staff, and students;
- Conducting Drug Awareness Week activities with print and electronic media advertising;
- Developing creative outreach programs for the University that utilize community resources;
- Initiating contacts for academic departments to address substance abuse in appropriate health and physical education courses;
- Generating a greater public awareness of substance abuse through special events such as sporting events, campus extravaganzas, panel discussions, magazine publications, etc.;
- Publishing and distributing fact sheets and other printed literature on substance abuse; and
- Conducting faculty and staff wellness activities.

Counseling and Referrals

It will be the responsibility of every student, staff member, and faculty member to help maintain a drug-free campus. The ECSU Counseling Center makes referrals to the appropriate local or state agencies. All individuals are afforded the right of confidentiality in all contacts consistent with local, state, and federal laws, and the general welfare of ECSU, its students, faculty, and staff.

Enforcement and Penalties

Elizabeth City State University will take all necessary actions, in accordance with local, state, and federal law, and applicable university rules and regulations, to eliminate illegal drugs from the campus community.
Students, faculty members, administrators, and other employees are responsible, as citizens, for knowing about and complying with the provisions of North Carolina law that make it a crime to possess, sell, deliver, or manufacture those drugs designated collectively as "controlled substances" in Article 5 of Chapter 90 of the North Carolina General Statutes.

Penalties will be imposed by the University in accordance with procedural safeguards applicable to disciplinary actions against students, faculty members, and other employees, as required by the ECSU Student Handbook, by Section 4 of the ECSU Tenure Policy and Regulations, by Section 5 of the North Carolina Personnel Manual, and by university policies applicable to other employees exempt from the State Personnel Act.

Sexual Harassment
Elizabeth City State University neither condones nor approves of sexual harassment on the part of students, faculty, or staff within the university community. Sexual harassment constitutes unlawful discrimination on the basis of sex and violates state and federal law as well as university policy.

Unwelcome sexual advances, requests for sexual favors, and/or verbal or physical conduct of a sexual nature by anyone in an official university position, a student, or university employee constitutes sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic standing, or
2. submission to or rejection of such conduct by an individual is used as the basis of employment or academic decision affecting that individual, or
3. such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance, or creating an intimidating, hostile, or offensive environment.

A student, faculty member, or staff person who believes he or she has been the victim of sexual harassment must initially attempt to resolve the matter with the administrative official most directly in line to supervise the person accused of sexual harassment. However, a staff employee may proceed directly to the State Personnel Commission. Students may proceed directly to the Vice Chancellor for Academic and Student Affairs or his or her designee. Complaints of student against staff or staff against student will be addressed by the SPA Grievance Committee; complaints of student against faculty or faculty against student will be handled by the Faculty Hearings Committee.

Food Services
Our Dining Services are provided in two (2) campus locations: Bedell Hall Cafeteria for food court dining as well as traditional cafeteria dining, and the Viking Den, located in the Walter N. & Henrietta B. Ridley Student Complex.

All students residing in residence halls must purchase a meal plan. Off-campus students are encouraged to purchase a meal plan. The University reserves the right to deny food service to any student who is delinquent in paying their student account or who violates the established regulations with regard to personal conduct in the cafeteria.

Student Health Services
Realizing health cannot be separated from the ability to learn, Student Health Services supports the academic mission of the University through the provision of accessible, quality health care services and educational programs to promote the health and well-being of the student population. The services include diagnosis and treatment of general and chronic problems, allergy injections, immunizations, HIV testing and counseling, laboratory services, and limited pharmaceuticals. Student Health Services also provides wellness programs and maintains a fitness room for use by all students. Students may incur charges for certain services rendered at Student Health Services.

All new and transfer students taking more than four credit hours on campus and admitted to the University are required to submit a completed Medical History Form. In addition, all new and transfer students must provide an immunization record to the University as required by the North Carolina Immunization Law (General Statutes 130A-152). Readmitted students who re-enroll after an absence of six months or more must also provide Student Health Services with updated immunization records.

Immunizations along with the Medical History form must be returned to Student Health Services NO LATER THAN:

Student Health Services is open Monday through Friday 8:00 a.m. to 5:00 p.m. Physician hours are 9:00 a.m. to 5:00 p.m., Monday through Thursday. Physician hours for the summer will be announced. Should a student suffer an injury or become seriously ill on campus when Student Health Services is closed, he or she should notify the Residence Hall Director or Campus Police. Students are also encouraged to utilize the Nurse Hotline service provided by the student.
health insurance plan: 1-866-315-8756. Please call 911 to activate the local emergency management system for emergencies.

Student Health Insurance
All students enrolled in 6 (main campus) credit hours or more are required to have health insurance. Students have an opportunity to waive the health insurance fee during the fall and spring semesters by completing the waiver process online at www.bcbsnc.com/ecsu.edu. All students enrolled in 6 (main campus) credit hours or more who do not waive the health insurance fee will be automatically covered under a health insurance policy purchased by the University. The primary purpose of this coverage is to offset the costs of health care. Brochures outlining the coverage and limitations may be viewed online at www.bcbsnc.com/ecsu/edu. There will be a two-week appeal period immediately following the waiver period for any student who did not successfully complete the hard waiver student health insurance verification process prior to the campus deadline for submitting a waiver request. This applies to students who never filed a waiver request as well as students who filed a waiver request and had it declined. The campus-based appeal process is the same for all students across all UNC campuses. An optional dental insurance plan is available at an affordable price to part-time students. Additional information is available online at www.bcbsnc.com/ecsu.edu.

Fees and charges for medical services, diagnostic procedures, and laboratory services not covered by the student health insurance are the responsibility of the student. Student Health Services does not file insurance claims for students.

Peer Health Educators
Peer Health Educators is a group of students trained to deliver prevention messages and encourage healthy lifestyles to their peers. Members assist Student Health Services with conducting educational programming and performing outreach activities. Interested students must have a 2.0 GPA or higher and submit an application.

Student Activities
Student Activities are designed to encourage and facilitate student participation in various organizations and events, such as service groups, clubs, recreational activities, and cultural activities. Major attention is geared toward providing activities which will supplement academic instruction and provide opportunities for students to develop personally, socially, and intellectually.

The Student Activities staff serves as facilitator in developing opportunities for participation by students in a broad spectrum of activities and events that encourage personal growth. The Master Calendar of Events is developed for the school year and kept in the Student Activities office for student information.

The Women's Center
The Women's Center is funded by a federal grant from the Office on Violence Against Women and supported by a collaborative team of on- and off-campus partners. The Center is committed to decreasing violence on campus through outreach and advocacy and is open to individuals of all genders in the ECSU community. The Women's Center works to promote awareness of cultural factors that support violence and to combat these factors in efforts to change cultural norms on campus related to sexual assault, relationship violence, domestic violence, and stalking.

Some goals of the Women's Center include:

- Development of survivor-focused programming to aid victims of sexual assault and sexual violence
- Continued education of campus community members on the importance of consent
- Implementation of prevention and education materials for all incoming and current students
- Provision of bystander intervention training to campus and student leaders
- Fostering of dialog among campus departments and between students, faculty, and staff
- Raising awareness of violence against women through a Speaker Series and other campus-wide and community-focused events
- Communication of the unacceptable consequences of sexual violence on the individual and the community to students, staff, and faculty
- Development of university policy and protocol related to sexual misconduct and sexual assault

Note on confidentiality: The Women's Center is subject to Clery Act and Title IX regulations.

Walter N. & Henrietta B. Ridley Student Complex
The Complex consists of Ridley Hall Unit #1, The Bowling Center, and the Walter N. & Henrietta B. Ridley Student Center. The center is approximately 50,000 square feet. This facility was opened to the students in May, 2005, and it serves as the nucleus for many university activities. The center houses the following offices and services:

- Student Life
- Student Activities
• Campus Recreation
• Clubs & Organizations
• Student Government Association (SGA)
• Greek Affairs
• Commuter Student Services
• Student Activities Committee (SAC)
• Student Leadership Development Academy
• Theater
• Multi-purpose room
• ECSU Bookstore
• Study Room
• Computer Stations
• Bowling Center
• Bedell Hall
• Student Center Unit II
• Campus Post Office
• The Blue Room – Faculty Dining Room
• Meeting Rooms
• Emergency Management/Environmental Health & Safety

Bowling Center
The Bowling Center offers the following activities and services for students’ enjoyment: bowling, billiards, ping pong, table soccer, air hockey, basketball, tennis, bicycles, video games, paint ball, board games, monopoly, cards, checkers, computers, play stations, and darts.

The Bowling Center can also be rented for: birthday parties, family reunions, greek parties, showers, and church events.

Campus Recreation
Campus Recreation provides an opportunity for students to participate in a variety of recreational activities. The program includes intramural sports, aquatics programs, and open free-play. The Campus Recreation program is open to all individuals who are officially enrolled in the University or employed by the University.

The intramural program includes non-competitive as well as competitive activities such as bowling, basketball, volleyball, softball, weight-lifting, flag football, racquet ball, golf, co-ed softball, powder puff football, and other sports. The aquatic program includes open free swim, and the fitness program includes aerobics classes.

Student Clubs and Organizations
A variety of social, academic, and service organizations exist on campus to aid in the holistic development of ECSU students. Membership is open to all graduate students who maintain a minimum cumulative GPA of 3.0 and who are officially enrolled in the University. Participation in clubs and organizations provides a wonderful opportunity for leadership training and social education. With more than 40 registered organizations, there should be one to meet your interests and needs. Students not finding an organization to meet their interests are welcome to form new organizations; however, all organizations must be officially approved by the University. This process is fairly simple and can be initiated with the assistance of the Assistant Vice Chancellor of Student Life.

Graduate Student Council (GSC)
The Graduate Student Council (GSC) is dedicated to:

• Serve as the official representative body for students enrolled in graduate programs at Elizabeth City State University.
• Provide a forum for discussion of issues, both internal and external, of concern to graduate students.
• Represent graduate student interests before the ECSU faculty and administration.
• Organize, promote, and conduct activities beneficial to graduate student life.
• Disseminate information of interest to students pursuing graduate education at ECSU.
• Provide support and assistance to graduate student organizations.
• Own and manage property and accounts which will assist in securing the above objectives.
• Select graduate students for appointment to university committees.
• Provide a common association among graduate students in all departments of the University represented with graduate programs.

Honor and Recognition Societies
Elizabeth City State University has eight honor and recognition societies. To qualify for membership, a student must have a high academic average as well as good character. The eight societies are: Alpha Chi (N.C. Iota Chapter), Alpha Kappa Mu (Alpha Kappa Chapter), Alpha Phi Gamma (Delta Rho Chapter), Beta Beta Beta (Eta Chi Chapter), Kappa Delta Pi (Kappa Delta Chapter), the Sigma Tau Delta (English), Lambda Pi Eta (Communications Studies) and Psi Chi (Psychology).

Fraternities, Sororities, and Social Fellowships
Elizabeth City State University has four Greek-letter fraternities, four Greek-letter sororities, one service sorority, one service fraternity, and eight social fellowships. Each has its own membership policies and goals. A member of the organization should be contacted for specific details pertaining to his or her organization.

Student Leadership Development Academy
The Student Leadership Development Academy (SLDA) is designed for students who are interested in holding a leadership position on campus. Through a year-long series of seminars and workshops, participants will assess their leadership style, practice leadership skills, meet and interact with campus and community leaders, plan strategies for campus and community involvement, and set goals for their personal leadership development.

Music Organizations
Elizabeth City State University has several music organizations: the University Marching and Concert Bands, the Collegians (Jazz Band), and the University Choir. Any officially enrolled student is eligible for membership. Contact the Music Department for details.

Publications
Students are involved in writing and editing many university publications. The Viking Times, the student newspaper, is published on a regular basis. The Viking, the student-produced yearbook, serves as the college annual. The ECSU Student Handbook is the primary source of information regarding campus life and other university regulations. Student Rights and Responsibilities, Policies and Procedures is a document that addresses the fundamental rights and responsibilities of students, which is included in the student handbook.

Intercollegiate Athletics
The Intercollegiate Athletic Program is an integral part of Elizabeth City State University. Committed to academic excellence, the program takes pride in having one of the highest graduation rates of athletes attending the NCAA Division II colleges and universities in North Carolina.

Varsity sports provide an opportunity for athletically gifted students to compete on an intercollegiate basis. Mastery of skills, good health, a love of sports, and a spirit of friendship and camaraderie form the basis for our competitive sports program.

The University features a main gymnasium (R.L. Vaughan Center) with seating for 4,500 spectators plus many other features. Men’s varsity teams include football, cross-country, basketball, golf, and cheerleading. Volleyball, bowling, cross country, basketball, softball, tennis, golf, and cheer-leading have teams for women at the varsity level. Teams are nicknamed the "Vikings" and the "Lady Vikings."

The University has athletic affiliations with the Central Intercollegiate Athletic Association (CIAA) and the National Collegiate Athletic Association (NCAA).
FALL & SPRING CHARGES

Tuition and fees are due and payable prior to the beginning of each semester. Failure to pay current semester charges may cause your schedule to be canceled. Account balances that remain unpaid will incur a 10 percent interest charge monthly. Additionally, account balances that remain unpaid will be charged a $25.00 late payment fee one time during the semester when the account balance remains unpaid. Unpaid charges on your account will prevent you from registering for an upcoming term. Continuing students who do not preregister are charged a $100.00 late preregistration fee. Visit www.ecsu.edu for current tuition and fees charges.

Students living in the University Towers, the Complex, Butler Hall, Bias Hall, and University Suites will be required to pay an additional $144 per semester. Students assigned to single rooms will also be charged an additional $319 per semester.

Students residing in Viking Village, which is a fully furnished apartment-style complex with individual bedrooms/bathrooms and a common living room will be charged the following room rates:

- 5 Bedroom/5 Bath: $2,600/sem
- 4 Bedroom/4 Bath: $2,600/sem
- Doubles: $2,400/sem
- 2 Bed/1 Bath Suite: $2,400/sem

Certified checks or money orders should be made payable to "Elizabeth City State University." Please indicate student’s name and banner identification number on the face of the payment to ensure proper credit. Charge cards (Visa and Master Card) are also accepted by the University Cashier. We encourage students to utilize the online bill payment system (Self-Service Banner, SSB) to make payments on their student account. SSB is available 24 hours a day, seven days a week.

In the event that a student is unable to pay the full amount due for any semester, assistance should be sought early enough to avoid registration delays. Inability to meet financial obligations does not prevent the charges of interest and late payment fees. Payment plans are available and must be set up prior to registration day. The earlier the payment plan is established, the more favorable the payment terms. Fall payment plans set up prior to June 15 allow payments to be spread over five months, plans set up prior to July 15 allow payments to be spread over four months, plans set up prior to August 15 allow payments to be spread over three months. Spring payment plans set up prior to November 15 allow payments to be spread over four months, plans set up prior to January 15 allow payments to be spread over three months. Payment of any outstanding balance remaining from a previous semester is a prerequisite for attending ECSU. All deferred fees must be paid by the end of the applicable semester. Interest and penalty charges may be included on all past due accounts.

Semester grades or transcripts will not be accessible on Self Service Banner (SSB) or sent to students with outstanding balances.

Special Charges & Fees

Application Fee
Every admissions application must be accompanied by a non-refundable fee of $30. This fee must be in the form of a certified check or money order made payable to "Elizabeth City State University."

Diploma Fee
A processing fee is charged for any diploma reordered after graduation. Shipping and handling charges will be added to this fee. Please call (252) 335-3300 for current costs.

Dropping Courses
A $5 processing charge per transaction is charged for dropping courses after the drop/add period is over. This charge must be paid by cash or certified check to the University Cashier in the Business Office and may not be charged to your account.

ID Card Fee
A $20 duplicating fee will be charged for the replacement of a lost, destroyed, or misplaced ID Card. There is no fee charged for replacement of a worn out card. Replacement cards may be obtained at the ID Office in Lester Hall, Room 110. No refunds will be made for cards which are lost and then found after they have been replaced. Each student is required to carry
an ID Card at all times and to present that ID Card to an authorized official upon request.

Graduation Fee
A graduation fee of $50 covers the cost of the commencement activities. It must be paid at least 45 days before graduation by any senior planning to graduate. Please see the Campus Store for graduation regalia, customized diplomas, and announcement prices.

Senior Fee
The senior fee is determined by the senior class and covers the cost of senior activities during Senior Week. It must be paid at least 45 days before graduation by any seniors planning to attend the activities.

Freshman Orientation
A $106 non-refundable charge covers the cost of the orientation program, including University lodging.

Intent to Enroll Fee
A $50 non-refundable fee in the form of a certified check or money order must be paid within three weeks after receiving a Certificate of Acceptance from the University. This fee will be applied toward payment on your tuition and fees for those students who attend the University.

Pre-Registration Charges
A $100 non-refundable fee will be assessed for any continuing student who fails to pre-register prior to deadline.

Late Registration Charges
Any student who completes registration after the last official registration date must pay a $25 late registration charge.

Room Deposit
Once a year, each boarding student must pay a $125 non-refundable room deposit in order to secure housing. The $125 will not be applied toward the student's outstanding balance.

Post Office
ECSU Post Office mailboxes are available for rent for an annual fee of $26.50. There is a $20 replacement fee for lost mailbox keys.

Tuition Surcharge
A fifty percent (50%) tuition surcharge will be imposed on all undergraduate, degree-seeking students taking more than 140 degree hours to complete a baccalaureate degree in a four-year (8 semester) program or more than 110 percent (110%) of the credit hours to complete a baccalaureate degree in any program officially designated by the Board of Governors as a five-year program. Each student is encouraged to consult with his or her faculty advisor to avoid excess hours. All regular semester, degree-creditable courses taken are counted, including transfer credit hours (up to 94 semester hours), repeated courses, failed courses, and those dropped after the last day of "Drop and Add."

Interest and Penalties
Pursuant to G.S. 105-241.1 (1), an interest charge at the established rate will be added to any past due account receivable from the date due until paid. A late payment penalty of no more than 10 percent of the account receivable may also be added to all past-due accounts. ECSU may waive a late payment penalty for good cause or reason.

Other Charges
Although fixed charges for tuition and fees are kept to a minimum, the University, with the approval of the Board of Governors, reserves the right to alter these charges at any time with or without prior notice, if costs of materials and services make it necessary. All charges and fees for each semester, including tuition, meals, room, and other fees, are due on or before the day of official registration. If a student is unable to pay the full cost on or before registration day, parents or prospective independent students should contact the Office of Business and Finance – Student Accounts at (252) 335-3471 to receive information regarding tuition payment plans.

Charges for Special Students
Tuition and fee schedules for Special Students are furnished upon request by the Office of Business and Finance – Student Accounts.

Charges for Auditing Courses
Charges for Audit courses are the same as those for taking a course for credit.

Charges for Summer Session(s)
Charges for Summer Session(s) are listed in Summer School brochures and furnished by the Office of Summer School.

Charges for Weekend/Evening Program
Charges for Weekend/Evening Program students are the same as those for regular students. Brochures and other information are available from the Director of the Weekend/Evening Program.

FINANCIAL REGULATIONS

Book Rental Policies
The book rental system used at Elizabeth City State
University began in 1972. Under this system, students may rent textbooks for each course in which they are enrolled. Some paperback books and all workbooks must be purchased by the student. No refunds are granted on rental charges.

All full-time students are encouraged to use the rental book system. If desired, a student may purchase the book at the end of the semester at a depreciated value.

Part-time students (less than a 12-credit-hour course load) have the option to purchase or rent books.

Students are required to return rented books by the end of the final examination period for that semester. If a student fails to return the books by that date, the full cost of all unreturned books will be charged to the student's account. Credits to student accounts for books returned after the deadline are not available.

Students who drop course(s) should return their book(s) to the Bookstore immediately.

Fees are charged for pages torn from book(s) or for deliberate mutilation of a textbook.

Additional books will not be issued unless previously rented books are returned to the Bookstore.

Lost books must be paid for in the bookstore. This charge must be paid before a student can be issued additional books. Only upon special approval by the Bookstore's liaison may a reimbursement or credit be granted after the charges have been assessed.

**Boarding Students**

The boarding package includes 19, 15, 10, or 5 meals per week. All freshmen residing in University housing are required to participate in the 19 meal plan during their first semester. Sophomores, juniors, and seniors residing in University housing may choose either the 19 or 15 meal plan. Residents of Viking Village may choose either 19, 15, 10, or 5 meals per week, but are required to have a meal plan. The meal plan rates (tax included) are as follows:

- 19 meals per week: $1,524.54/sem
- 15 meals per week: $1,323.11/sem
- 10 meals per week: $892.53/sem
- 5 meals per week: $576.52/sem

The Director of Food Services will accommodate students with dietary restrictions and will provide meals as prescribed. (Note: Appropriate documentation must be provided before special accommodations can be made.)

**Damages**

A student is financially responsible for damage done to any building, equipment, or other property of the University if he or she is at fault. If it cannot be determined which student is responsible for the damage, the cost of the damage will be distributed equally among the group of students using the facilities at the time of damage.

**Accounts for Veterans & War Orphans**

For assistance in processing Veterans Administration Applications, a veteran and/or war orphan should confer with the Registrar’s Office as early as possible after his/her official class load has been determined for the semester. A veteran must register for and complete at least 12 semester hours to receive maximum benefits each semester.

**REFUND POLICY**

If a student officially withdraws from the University on or before the end of the first week of classes, the amount paid may be refunded. After the first week of classes, the charges for tuition, fees, and room and board will be assessed based on 20 percent per week for the next four weeks of the semester. After the first five weeks of classes, no refunds will be issued. The weekly charge begins with the first day of scheduled classes regardless of the actual day of enrollment.

Financial Aid will be adjusted in accordance with Federal and State regulations.

If a student departs from the University without following the 'official withdrawal procedures,' he or she may be subject to 100 percent of the semester charges.

**Refunds Due to Dropping and Adding of Courses**

A student who drops courses so that he or she is no longer a full-time student will have his or her charges reduced accordingly and will receive any refund due, provided the courses are dropped prior to the end of the official drop/add period. No adjustments or refunds will be made for courses dropped after the end of the official drop/add period.

**Payment Policy**

The University will not release any refund of tuition, fees, or room and board until at least four weeks have elapsed from the date of official withdrawal. Upon
request, all refunds will be made by check payable to the agency or person responsible for the student’s bill.

Financial Obligations
All students are expected to meet their financial obligations to the University promptly and without notice from the Office of Business and Finance. It is each student’s responsibility to keep parents or guardians informed of all statements of accounts.

Students whose accounts are more than 14 days overdue may have their attendance in classes discontinued or be requested to withdraw from the University.

Students are urged to make their tuition and fee payments by mail at least fifteen (15) days before reporting to the University. Remittances should be sent directly to the Office of Student Accounts, Elizabeth City State University, 1704 Weeksville Road, Elizabeth City, NC 27909. Each remittance should state clearly and specifically the purpose and for whom the money is intended. Certified checks or money orders will be accepted.

The established State Fiscal Policies and Regulations under which Elizabeth City State University operates state that all student accounts are due and payable on registration day, and, if not paid on that day, accounts must be paid in full prior to the close of the semester for which the student is registered. Students returning to the University with an outstanding balance will not be allowed to preregister or obtain a housing assignment. After the close of the semester, an account which remains unpaid is delinquent. No grades, transcripts of credits, or diploma shall be issued by the Office of the Registrar for any student whose account remains unpaid after the close of the semester.

The intent of this policy is primarily to place the responsibility for keeping accounts current on the student rather than on the University. The policy is not considered unduly burdensome considering the many scholarships, grants, loans, and other funds which are available to qualified students.

UNIVERSITY POLICE
For the protection of campus and visiting personnel as well as institutional facilities, Elizabeth City State University has a Police Department charged with enforcing state and local laws, university policies, rules, procedures and regulations, including campus traffic and parking regulations. The university community is expected to comply with all state and local laws, university policies, rules and procedures and regulations. Officers’ authority extends on and off campus, including the power of arrest*. The University Police Office is located in the Thomas-Jenkins Building.

*MOTOR VEHICLES & PARKING
Any motor vehicle operated on campus by faculty, staff, or students must be registered & display a registration decal.

Campus police officers’ authority extends on and off campus, including the power of arrest. The University Police Office is located in the Thomas-Jenkins Building.
DIVISION OF INSTITUTIONAL ADVANCEMENT

The Division of Institutional Advancement works to build, sustain, and enhance financial support to the University through a wide variety of strategic outreach efforts. Monetary gifts and resources are distributed and leveraged to benefit the academic and cultural growth of students, to better serve Elizabeth City State University’s primary constituents, and to enhance the quality of life in northeastern North Carolina. Priorities in the area of university development include increasing endowments and annual scholarship support. The division manages all activities that provide the framework for building strong financial support and lasting relationships with alumni, community members, ECSU Foundation board members, ECSU employees, corporations, churches, parents, and the Board of Visitors.

As the University’s main external relations arm, the Division of Institutional Advancement is headed by a vice chancellor and includes the areas of University Relations and Marketing, Radio and Television Services, Community Development, and Alumni Relations.

Annual Fund
The Office of the Annual Fund builds a donor base that can be cultivated and developed to support all fundraising efforts; develops and motivates donors who will, on an annual basis, provide gifts to support ECSU; creates awareness and acceptance among a defined constituency; develops an understanding volunteer organization; identifies and cultivates major gift prospects for capital campaigns and planned gifts; and validates the mission of ECSU on an ongoing basis.

Corporate and Foundation Development
Under the Vice Chancellor for Institutional Advancement, Corporate and Foundation Development is responsible for identifying, cultivating, and soliciting commitments to ECSU from corporation and foundations at the local, state, and national level. In particular, this unit is concerned with the writing, submission, and management of proposals that request $250,000 or more to fund academic and scholarship programs and community outreach projects as well as the endowment-building capacity of the University.

Corporate & Foundation Development, in cooperation with the Office of Sponsored Programs, assists faculty and staff with the proper networking, the creation of fiscally sound budgets, and the production of strategically written proposals in order to secure external funding from charitable organizations in the private sector. In addition, this office helps to ensure that each proposal adheres to the guidelines, deadline dates, and paperwork requirements provided by each individual corporation or foundation.

Major and Planned Gifts
Major and Planned Gifts is a component of the Division of Institutional Advancement. Under the Vice Chancellor for Institutional Advancement, this unit is responsible for managing the process of identifying, cultivating, and soliciting commitments to ECSU of $10,000 or more and for instituting and managing a comprehensive planned giving program. Unit functions include increasing the number and dollar amount of major gifts received each year; linking major donor prospects to specific programs and schools; assisting in the development and solicitation of major gift prospects for major multi-year, multi-million dollar campaigns; and enhancing the number of planned giving commitments that ECSU has with individuals and alumni each year. A planned giving advisory committee supports the development of planned giving solicitations and strategies as well as planned giving workshops, seminars, and publications.

OFFICE OF ALUMNI RELATIONS
The Office of Alumni Relations works to involve alumni and distinctive alumni groups in the University and its programs with a view toward increasing their financial support, increasing the growth and development of alumni chapters, updating and maintaining a list of ECSU graduates, producing alumni publications, and serving as the liaison between the University and the National Alumni Association.
Office of Community Development

The Office of Community Development is supported primarily by grant funds from the U.S. Department of Housing and Urban Development (HUD). The mission of the program is to provide assistance to low-income families in Elizabeth City, Pasquotank County, and surrounding communities by addressing the pressing developmental needs of affordable housing, neighborhood revitalization, and economic opportunity. Community Development services are provided through housing assistance projects, information dissemination, on-site technical assistance, and a series of seminars and workshops.

The Community Development Program is designed with several goals in mind: (1) to expand home ownership and affordable housing opportunities; (2) to assist persons in obtaining decent, safe, and sanitary housing; (3) to increase awareness and compliance with fair housing laws; (4) to reduce drug abuse in local neighborhoods through education and outreach activities; (5) to expand economic opportunity through research, job training, and support for small/majority business development; (6) to maximize community development and redevelopment efforts by providing a broad range of technical assistance to local governments and neighborhood organizations; and (7) to provide practical learning experiences for students through internships and community service projects.

Office of University Relations and Marketing

The Office of University Relations and Marketing (URM) is a component of the Division of Institutional Advancement. The office uses strategic communications to increase knowledge of and support for the University among its various constituents and to enhance Elizabeth City State University's image and identity. University Relations and Marketing strengthens existing relationships and creates new ones by interacting with the media; marketing the University's educational opportunities, programs, services and activities; and conveying ECSU's key messages. As part of a two-way approach to communications and relationship-building, they also provide feedback from internal and external audiences and improve the image and identity of the University with that feedback.

The Office of University Relations and Marketing's responsibilities include three basic areas: Media Relations, Publications, and Marketing. Media Relations includes managing the distribution of information to the media; providing photography services for major university events; distributing information to the campus community; and serving as a key resource to the University for crisis communication. Publications includes editing and publishing the ECSU Magazine, admissions recruitment materials and university catalogs; overseeing the development of internal, printed, and online materials for divisions, departments, and programs; and reviewing and approving printed and online materials produced for distribution to the public. Marketing includes managing the creation and use of the University's brand and logos/marks; directing the University's marketing and branding efforts (including advertising); reviewing and approving videos, advertising, and marketing materials developed by divisions, departments, and programs; and developing strategies to build and strengthen relationships between ECSU and the community.

Radio and Television Services

Radio Services

The WRVS-FM, 89.9 HD Radio Station/Radio Services department is a component of the Division of Institutional Advancement under the leadership of the Vice Chancellor. A member-supported National Public Radio (NPR) and Public Radio International (PRI) affiliate, WRVS is a non-commercial public radio station located on the campus of Elizabeth City State University operating at 41,000 watts with a signal reach that extends over a coverage area of 56 miles, which includes northeastern North Carolina and southeastern Virginia. In September 2008, WRVS underwent its digital conversion to become the first radio station in Elizabeth City and one of the first in northeastern North Carolina to broadcast using HD Radio™ technology. The crystal clear 41,000 watt broadcast has been optimized to the highest standard available today in the region, making WRVS a more exciting radio destination.

WRVS-FM’s flagship format is Adult Urban Contemporary, and it features gospel, R&B, jazz, and more. It also highlights award-winning local and regional news and public affairs programs, as well as trusted, award-winning national and international news and programs from recognized sources. At the forefront of the radio station’s mission is its commitment to serve as a training facility for students and community volunteers interested in professional broadcasting careers in radio. WRVS trains student and volunteer staffs by providing the knowledge and skills
necessary to compete with professionals for jobs in the broadcast industry. They are taught to produce radio programs with a focus on news and community engagement. These individuals are also encouraged to develop and produce ideas that the WRVS staff can develop into viable programs. In its 24 years of service, WRVS has given well over 1,000 students and community volunteers the opportunity to gain real-world training in the field of radio broadcasting.

WRVS-FM also serves as an informational and public relations broadcasting tool that promotes ECSU’s academic and student affairs programs. The radio station is also an instrument used for aiding in recruitment by attracting potential students and functioning as the primary media outlet for local high school and ECSU students. Advancing the mission of Elizabeth City State University to prepare students to be leaders, WRVS provides practical and technical support to the Communication Studies curriculum at ECSU.

Television Services

The W18BB-TV Station/Television Services department is a component of the Division of Institutional Advancement under the leadership of the Vice Chancellor. The primary mission of W18BB-TV/Television Services is to prepare students in the Department of Language, Literature and Communication for industry-standard careers in television broadcasting by providing real world studio and field production experiences through a supportive learning environment. The station’s secondary purpose is to create a media outlet supportive of university-related goals and objectives as well as community-based initiatives. In its 17 years of service, the station has served hundreds of Communication Studies students, interns, work study students, and student volunteers and is the home of the ECSU Mass Media Club. Additionally, the station has also served as an instrument for aiding in recruitment by attracting potential students and functioning as the primary media outlet for local high school and Elizabeth City State University students.

Four Main Components:

- Academia – providing students with both theoretical and practical learning experiences relative to the fields of television/video production and management as it pertains to the Communications Studies curriculum established by ECSU;
- Information/Awareness – producing quality programs designed to educate and inform the University and the Elizabeth City area communities; creating programs that highlight and signify university events, university points of pride, and campus life as it pertains to Historically Black Colleges and Universities;
- Marketing – generating exposure for Elizabeth City State University through audio/visual marketing and recruitment tools used to increase and retain student enrollment; and
- Service – offering various television and video production services to the University and the community.

ECSU FOUNDATION

Mission Statement

The ECSU Foundation’s mission is to serve as the steward of private contributions to Elizabeth City State University in order to provide educational assistance for students, to support faculty, and to secure the operational needs of the University. The Foundation receives, invests, and administers funds received as a result of charitable contributions from the private sector on behalf of the students and programs at ECSU and, as a result, for the greater good of the community.

Guiding Principles

- To steward the resources entrusted to the Foundation’s care,
- To support and assist others in conjunction with ECSU,
- To provide opportunities to individuals who might not otherwise be able to attend college,
- To invest wisely and conservatively to ensure growth of the endowment,
- To partner with the University to meet its mission in the community,
- To communicate openly, frequently, and honestly with constituents,
- To honor the privacy of our donors and friends,
- To value diversity in all its forms and respect the dignity of the individual,
- And to ensure that the Foundation meets both the letter and the support of the laws that govern its work.
The Elizabeth City State University 
Foundation: A Blended Component 
Unit of ECSU

Although legally separate, Elizabeth City State 
University Foundation, Inc. and Subsidiary, is a 
component unit of the University and is reported as if it 
were a part of the University. The Foundation is 
governed by a 25-member board consisting of 13 ex-
officio directors and 11 elected directors. The 
Foundation's purpose is to aid, support, and promote 
teaching, research, and service in the various 
educational, scientific, scholarly, professional, artistic, 
and creative endeavors of the University. Because the 
elected directors of the Foundation are appointed by the 
members of the Elizabeth City State University Board 
of Trustees and the Foundation's sole purpose is to 
benefit Elizabeth City State University, its financial 
statements are blended with those of the University.

ECSU Endowment
The ECSU Foundation is committed to ensuring the 
future of the University by building ECSU's 
endowment to provide for its needs in perpetuity. The 
investment and annual reinvestment of the ECSU 
Foundation endowment, which is allowed at a higher 
rate of return than other reserve funds, lets the 
University increase its impact on the region as well as 
its capacity to meet the needs of the students it serves. 
The Foundation secures and manages funds, on behalf 
of ECSU, to establish scholarships, support 
distinguished professorships, and deliver both academic 
and community outreach programming. In all of its 
efforts, the ECSU Foundation is dedicated to the 
advancement and promotion of Elizabeth City State 
University.
The Division of Information Technology (IT) provides integrated technology services and support for the Elizabeth City State University campus in three distinct functional areas: Administrative Computing, Client Services, and Network Services. IT is committed to providing a reliable, cost effective, and quality service to the University community in support of ECSU’s mission.

Administrative Computing provides application server administration support, data reporting and analysis, and database administration. Client Services is responsible for providing hardware/software support for university-owned applications and hardware, computer lab support, and IT rooms/equipment reservation requests. Network Services is responsible for the operation and maintenance of the existing voice, data, and video communications, wired and wireless network support, email/domain account support, server administration and maintenance, and managing the University’s data center resources. Other IT services and support include security and audit compliance, technology training support, and website services.

Visit the IT website for more information about the available services and support.

**END-USER SUPPORT SERVICES**

Information Technology provides access to technology resources for students to support their general academic efforts. Current students are provided a Banner ID and an email/domain account to access Self Service Banner (SSB), email, network domain, and other university online resources. Accounts are automatically created each semester for all students who officially register. Freshmen and transfer student accounts are distributed at New Student Orientation. Students have wireless connectivity available across campus. There is limited technology support provided for student-owned hardware and software (i.e. anti-virus software, wireless connectivity, etc.).

The Information Technology Center (ITC), a two story, L-shaped building, houses office spaces for the Division of Information Technology, Administrative Computing, Client Services, Network Services, Distance Education, Teaching Excellence, and Interactive Video Services. The facility has six computer labs, three for student use and three for instruction, a lecture hall, a computer operations room, student lounge, a video conference room, and a teleclassroom. In addition to the labs in ITC, there are currently 21 other computer labs and eight fully-functional videoconferencing centers located in departments across the campus. Most of these facilities provide discipline-specific resources that allow students to utilize applications relative to their major.

Visit the IT website for more information about the available services and support.
OFFICE OF THE SPECIAL ASSISTANT TO THE CHANCELLOR FOR ASSESSMENT

Mission

Welcome to the Office of the Special Assistant to the Chancellor for Assessment.

It is the mission of the Office of the Special Assistant to the Chancellor for Assessment to coordinate the university-wide assessment and planning system designed to enhance the process of institutional effectiveness and accreditation and to oversee the institutional research activities of the University. The Special Assistant also serves as the accreditation liaison and works with offices across the campus and with the regional accrediting body (Southern Association of Colleges and Schools-SACS) to implement and maintain accreditation changes.

Our core values reflect the core values of the University:

• Accountability - Being responsible for our actions is part of Elizabeth City State University. Administrators, faculty, staff, and students endeavor to expand on the quality already in existence at the University;
• Diversity - Diversity of viewpoints, experiences, and backgrounds is critical tools of quality education in our global marketplace;
• Excellence - Excellence is the measure for teaching, learning, and service to the university community; and
• Holistic Preparation - the full measure of personal, professional, and social development of our students, faculty, and staff is an integral part of the ECSU philosophy: "to live is to learn."

Through the University assessment and planning cycle we work as a team with all campus units to assess all academic programs, academic support programs, and administrative units to understand where we are as a campus and to use that information to take the steps needed in order to ensure continuous improvement.

On behalf of the Office of the Special Assistant to the Chancellor for Assessment, the Office of Institutional Assessment, and the Quality Enhancement Plan (QEP), we appreciate the opportunity to serve the ECSU community. If you have any questions, please contact Dr. Flora Brown at 252-335-3367.

QEP: Quality Enhancement Plan

What is the QEP?

The letters QEP stand for "Quality Enhancement Plan."

The purpose of ESCU’s QEP is to enhance students’ academic writing skills, while strengthening their reading comprehension and critical/analytical thinking skills.

The successful implementation and completion of the QEP is a requirement of accreditation with the Southern Association of Colleges and Schools-Commission on Colleges (SACS-COC).

Guided by our Mission Statement and the goals in our Strategic Plan, the ECSU QEP is designed to impact student learning positively. The purpose of developing the QEP as a part of the reaffirmation process has become an opportunity for ECSU to improve academic writing and enhance the overall quality of the institution.

The QEP supports ECSU’s Vision Statement to "attract and retain a diverse and highly qualified faculty that will educate and lead our students to become productive members of a global and increasingly interdependent society."

QEP Writing Studio

The QEP Writing Studio is currently open to all first-year students who are taking Composition & Grammar I (GE 102) or Composition & Vocabulary II (GE 103) courses. The Writing Studio is also a resource for QEP faculty and ECSU faculty for workshops, handouts, syllabi, sample essays, and opportunities to be workshop leaders. Students are encouraged to visit the QEP Writing Studio for assistance with an assignment or draft at any stage. It is also recommended that students schedule an appointment. However, walk-ins will be assisted when an appointment time slot becomes available.
To Make an Appointment

Call the QEP Writing Studio at (252) 335-4326 or email your name, desired appointment date, and a brief description of the assignment to: QEPWritingStudio@ecsu.edu. The Studio is located in 143 Johnson Hall with Hours of Operation from 10:00 a.m. - 4:00 p.m. Monday - Friday.

Institutional Effectiveness, Research & Assessment

The mission of the office of Institutional Effectiveness, Research, & Assessment (IERA) is to provide leadership and support in developing and managing the institutional assessment, data management/research, and planning processes. The office of IERA provides feedback for continuous improvement to fulfill the mission and goals of the University.

To accomplish its mission, the Office:

- Plans and implements strategies to assess the extent to which the University achieves its mission and strategic goals;
- Collects, organizes, maintains, and analyzes institutional data to support ECSU’s administration, operations, decision making, and planning;
- Coordinates a comprehensive method of evaluation for all academic programs and administrative units that contribute to the mission and strategic goals of the University;
- Provides leadership and administrative support for ECSU’s learning outcomes assessment processes;
- Supports the implementation of improvements established due to assessment and evaluation;
- Integrates, where possible, internal evaluation processes with external accrediting and reporting needs;
- To provide accurate analytical studies of critical issues facing the University;
- Coordinate reporting and management of all institutional data transmitted to the University of North Carolina General Administration and other state and federal agencies, organizations, and societies;
- Providing ad hoc data and information requests from internal and external constituents;
- Plans and implements strategies to assess the extent to which the university achieves its mission and strategic goals.

HEALTH CAREERS ACCESS PROGRAM (ECSU PROGRAM)

The North Carolina Health Careers Access Program (NC-HCAP) is a statewide, inter-institutional organization located on the campus of the University of North Carolina at Chapel Hill. Established in 1971 by Dr. Cecil G. Sheps, NC-HCAP was created to help provide a solution to the severe shortage of underrepresented minority health professionals, specifically in underserved rural and inner-city North Carolina communities. For more than 35 years, NC-HCAP has provided programs and services to enhance the representation of minorities in the health professions, serving thousands of students, administrators, advisors, practitioners, community health agencies, and local Area Health Education Centers (AHECs).

Mission

The mission of the North Carolina Health Careers Access Program is to increase the number of underrepresented minorities or economically/educationally disadvantaged students who are trained, educated, and employed in the health professions.

Vision

NC-HCAP envisions a society with equitable access to culturally competent health care across all racial and ethnic groups irrespective of geographic location (urban or rural) or socio-economic status – in short, a society where no health disparities exist.

Health Careers Center

The ECSU Health Resource Center is a health resource services outreach center primarily funded by the North Carolina Health and Wellness Trust and operated by the Department of Health Professions of Elizabeth City State University. The primary objective of the center is the prevention of the onset and progression of diabetes and cardiovascular diseases among at-risk and low-income populations in Pasquotank and surrounding counties of Northeastern North Carolina.
DISTANCE EDUCATION, TEACHING EXCELLENCE, AND VIDEOCONFERENCE CENTER

The Office of Distance Education and Teaching Excellence’s role is to encourage the integration and support of instructional technologies both on campus, online and through videoconferencing. Distance Education extends availability and access to convenient online course offerings utilizing current and emerging instructional technologies. Teaching Excellence provides professional development opportunities related to teaching, learning, technology, and pedagogy through workshops, seminars, and webinars. http://www.ecsu.edu/distanceeducation, www.ecsu.edu/cte

The Videoconference Center provides two-way interactive video services for the ECSU community and to individuals and organizations in the Albemarle region. It provides access to the North Carolina Research and Education Network (NCREN) and the North Carolina Information Highway (NCIH). Through these networks, ECSU can receive and send telecourses and participate in seminars, workshops, and conferences throughout the state. The ECSU site can also connect with sites outside the state and internationally. Satellite events are also supported through this facility. http://www.ecsu.edu/academics/programs/videoconference/index.cfm

CONTINUING EDUCATION

MISSION

The Continuing Education Program (CEP) at Elizabeth City State University is committed to contributing to the mission of the University by providing a variety of continuing education opportunities geared toward the professional and personal development of the citizens of northeastern North Carolina. The CEP is the primary unit of the University responsible for non-credit offerings. The CEP provides lifelong learners with opportunities for learning new skills, advancing their careers, and enriching their personal lives. Continuing Education utilizes ECSU’s educational resources to offer lifelong learning experiences that provide continuing education units to non-traditional audiences.

VISION

The vision of the CEP is to become a leader in offering non-credit opportunities to the citizens of northeastern North Carolina and beyond. Through a focus on excellence in instructors, excellence in courses, and excellence in support services, the CEP will be instrumental in affording lifelong learners opportunities to acquire the skills and knowledge necessary to achieve their personal and professional goals.

GOALS

To provide lifelong learners with convenient opportunities for learning new skills, advancing their careers, and enriching their personal lives; To form partnerships with businesses, industries, public agencies, organizations, schools, etc. in an effort to offer professional development to employees; To serve as a recruitment tool for prospective students.

OFFICE OF SPONSORED PROGRAMS, CONTRACTS AND GRANTS

The Office of Sponsored Programs, Contracts and Grants (SPCG) is a component of the Division of Academic Affairs. Under the Provost and Vice Chancellor for Academic Affairs, SPCG conducts an aggressive and comprehensive sponsored research program to assist with the University’s mission of teaching, research, and community outreach by: 1) assisting faculty, staff, and students with the procurement of grants, contracts, and cooperative agreements from external sponsors; 2) promoting
Academic Support Centers

41

faculty involvement in collaborative research and partnerships; 3) administering the University’s Title III and SAFRA Programs to strengthen its infrastructure; and 4) through its research compliance program ensuring that the privilege of receiving external support is protected. SPCG also works collaboratively with the Division of Business and Finance’s Contracts & Grants Office and other relevant personnel to implement funded projects and ensure compliance with sponsor guidelines, rules, and regulations.

Since SPCG was established in 1993, the office has worked with university personnel to attract more than $150 million for student scholarships and internships, equipment, technology and facilities upgrades, academic curricula enhancement, faculty and staff training, community outreach programs, scholarly research, and other sponsored projects.

UNIVERSITY PLANETARIUM

The ECSU Planetarium, the only planetarium located in northeastern North Carolina from the state line to Rocky Mount, functions as an academic support unit to strengthen and enhance the University’s community outreach efforts. First opened in January 1990, the Planetarium was charged with the mission of increasing public awareness in the sciences, specifically for students of the University’s 21-county service region of northeastern North Carolina. Since its inception, the Planetarium has functioned as a community outreach program, encouraging elementary and secondary students to (1) develop and enhance their academic skills and (2) cultivate the interest and awareness needed to ultimately pursue post-secondary education in the sciences.

The planetarium is housed in a 9.2 meter (30 feet) diameter, hemispherical dome with a seating capacity of 60. The instrument itself is a Spitz Model 512 star projector. The theater also includes computer automation, which integrates the operation of video projection, high-definition still image projection, special effects, and laser projection. The Planetarium offers programming for a wide range of age and education levels, from Pre-K through undergraduate, and the general public. All civic groups, churches, families, and clubs are welcomed to attend ECSU Planetarium programs, and special attention is given to programming for area school students of all ages. Programming offered to school groups addresses K-12 science competencies and is geared toward supplementation of classroom activities. Faculty and staff of ECSU are regularly encouraged to utilize the Planetarium for course instruction and augmentation.

Following the University calendar and Inclement Weather Policy, ECSU Planetarium operates Monday through Friday, 8:00 a.m. to 5:00 p.m., year-round. Some limited evening and weekend hours are provided annually for special events for 4H, Boy Scouts, and feature presentations themed with annual celebrations such as Halloween, Thanksgiving, Christmas, Martin Luther King, Jr. Day, Valentine's Day, African American History Month, and Women's History Month. All shows at the ECSU Planetarium are free of charge; however, shows are conducted by reservation only. Groups of 20 or more may schedule their own show. Individuals or groups with less than 20 are encouraged to join other groups with prior reservations. For more information, visitors may call (252) 335-3SKY or visit the Planetarium's website at: http://www.ecsuplanetarium.org.
ACADEMIC SUPPORT SERVICES

ACADEMIC ADVISING PROGRAM
The Academic Advising Program is operated by the Department of General Studies. It was established in 2007 in an effort to decrease the number of academic deficiencies and to help students graduate on time. An Academic Advisor has been identified in each department to advise students during the first two academic years. Students who are undeclared majors are assigned to advisors designated for undeclared majors. When undeclared students exit General Studies, they are assigned to an academic advisor in the discipline of their choice. Incoming freshmen who have chosen a major are assigned to an advisor in their major department. The Academic Advising Program publishes a newsletter to notify students regarding advisement services. Every semester, emails are sent to students informing them of advising and registration dates, advising locations, and contact persons.

Academic advising begins during New Student Orientation. The advisors are responsible for assisting students in completing the General Education Core Curriculum. Information about the Academic Advising Program is disseminated to students and faculty through presentations at Orientation for new freshmen and transfer students, during faculty meetings, through emails, and in the Academic Advising Newsletter, as well as in the Freshmen Seminar classes. Contact: Vicky Tillett, Office of Transfer Advising/Resources, (252) 335-3474.

ACADEMIC SUPPORT CENTER
The Center includes three laboratories that enhance the basic discipline skills of reading, writing, and mathematics, which are vital for academic achievement. Students who benefit from the Center’s support services are identified by their placement examination scores, and they are subsequently assigned to one or more of three developmental courses. In addition, the Academic Support Center operates a computer laboratory which offers computer-based tutorials for mathematics and course-related materials designed for learners wanting more in-depth study in discipline area. Contact: Reshema Combs, Department of General Studies, (252) 335-3463.

CENTER FOR TEACHING EXCELLENCE
The Center for Teaching Excellence offers opportunities for faculty development to enhance teaching and learning. The services include professional development workshops, consulting with individual faculty members and departments, teaching and learning enhancement, discussions of education issues, resource development, research, and collaborations. The Center for Teaching Excellence believes in the philosophy that teaching excellence is an attainable goal. Contact: Dr. Kimberly N. Stevenson, Director, 140 Information Technology Center, Elizabeth City, NC 27909, (252) 335-3699, Toll-Free (877) 432-7662, Fax (252) 335-3426, knstevenson@ecsu.edu, or Loretta B. Powers, Instructional Technology Specialist, (252) 335-3112, lbpowers@ecsu.edu.

INTERNATIONAL PROGRAMS
The Office of International Programs (OIP) is designed to build a campus-wide global perspective through an academic exchange program that fosters service, support, and advocacy: Students may study abroad, conduct research, or participate in faculty-led trips in service learning. ECSU is committed to building and managing partnerships with universities around the world and expanding the presence of international students and faculty on the campus. The OIP has joined the University of North Carolina (UNC) Exchange Program, which offers a network of colleges and universities in nine countries (Australia, Brazil, China, Denmark, Finland, Germany, Mexico, Sweden, and Uruguay) cooperating to provide affordable access to international and multicultural education for a diverse student population. The UNCEP-Exchange Program (www.uncep.org) "links North Carolina to the World through academic student exchange opportunities." The mission of the OIP is to provide all students (undergraduate and graduate) a pathway for international experiences and exposure. Study abroad is affordable. Financial aid, including scholarships, may be used to pay for exchange programs.
For further information, contact Dr. Glen Bowman in the Office of International Programs at (252) 335-3424 or visit the website: http://www.ecsu.edu/academics/programs/international.index.cfm.

Study Abroad Program

Elizabeth City State University is a member of the UNC Exchange Program (UNC-EP), the official system-wide student exchange program of the sixteen campuses of the University of North Carolina. As a result, ECSU students may spend a semester or full academic year studying in Australia, Brazil, China, Finland, Germany, Mexico, or Uruguay.

ECSU offers other study-abroad opportunities as part of the Mid-Atlantic Consortium Center for Academic Excellence (MAC-CAE). The goal of MAC-CAE is to educate and train a new cadre of students from diverse backgrounds to pursue careers with the nation’s key intelligence agencies, including the Office of the Director of National Intelligence, the Defense Intelligence Agency, the Department of Homeland Security, the Department of State, the Central Intelligence Agency, Army Intelligence, Air Force Intelligence, Navy Intelligence, the Federal Bureau of Investigation and the National Security Agency. ECSU students who are selected spend eight weeks living and learning in India. They learn to read and write in Hindi, the sixth mostly widely used language in the world.

Study abroad is affordable. Financial aid, including scholarships, may be used to pay for exchange programs. For further information, contact the Office of International Programs at (252) 335-3424 or visit 118 Moore Hall or the website http://www.ecsu.edu/academics/programs/international.index.cfm
THE SUMMER SCHOOL PROGRAM

Mission

The Summer School Program, in support of the mission of Elizabeth State University (ECSU), is committed to educating and preparing individuals for Baccalaureate Degree programs in the arts and sciences, selected professional and pre-professional areas, and Master’s Degree Programs in Elementary Education, Biology, School Administration, and Mathematics. ECSU offers a challenging and supportive environment that prepares its students for knowledgeable, responsible participation and leadership in an ever-changing, technologically-advanced global society. The University promotes excellence in teaching as its primary responsibility for meeting the needs of the students and citizens of the state. Through its teaching, research, and community outreach, the University seeks to identify and address the needs of northeastern North Carolina with particular attention to supporting its environmentally sensitive economic development.

Goal

The goal of the Summer School Program is to offer a wide range of undergraduate and graduate courses needed by the greatest number of ECSU students in fulfilling their general education and degree requirements. In addition to regular day-time courses, offerings include a variety of distance learning and evening courses.

The two 5-week summer sessions at ECSU have a three-fold purpose. First, they offer an opportunity for college students to take special courses not normally available during the academic year to broaden their academic approach. Second, they serve previously enrolled ECSU students who desire to hasten their acquisition of college degrees or to gain additional credits toward completion of their class standings. Third, they provide incoming freshmen an opportunity to adapt themselves to the academic demands of college in an environment that is relatively free of the usual pressures of extra-curricular activities. The ten-week wrap-around session gives students the option of a more lengthy session for the mastery of more difficult courses.

A complete listing of course names, numbers, and call numbers, used for Web registration, is included in the Summer School marketing materials. Course descriptions are in the University Catalog.

Summer Course Load

The maximum course load for students is six (6) semester hours during each five (5) week session. The maximum number of hours that can be taken during the summer is twelve (12).

Program Expectations

All new students who are admitted to Summer School must meet the same general entrance requirements as the students admitted to the regular academic year program.

Transfer and unclassified students who plan to attend ECSU for the first time (who are not continuing academic year students) must apply for admission to the University in time to fulfill the requirements for acceptance at least one week prior to the date of registration. Visiting or transient students must present a letter of permission from the institution where they intend to receive their degree, approving their enrollment in Summer School at ECSU.

The schedule of classes, instructional formats, program designs, and faculty and staff office hours have been conveniently established with our students’ best interests in mind. Academic support services are also offered during the summer through our advisors and counselors along with career development and academic counseling. A small student-faculty ratio makes possible an intimate classroom environment. The short length of the summer session provides an opportunity for students to take courses at approximately one-half the cost per semester hour as during the academic year. Thus, considerable savings are possible to the student who completes his or her degree requirements in three years by going to two or three summer sessions. Regular ECSU professors and impressive adjunct faculty provide the instruction. The course content and academic standards in all courses are the same as in regular semesters. However, there are some basic differences that give the Summer School a distinct character of its own.

ECSU’s campus is full of activities during the summer months with fall incoming freshmen participating in student orientation, advising, financial aid, and the registration process. A number of workshops, seminars, symposia, and institutes supported by local,
state, and federal agencies are held on campus during the summer. These activities facilitate the successful integration of students into the academic and social components of the campus environment. During the summer, the facilities of the University are also utilized by a variety of programs, including NC-MSEN, Upward Bound, VA-NC LSAMP Program, V.I.K.I.N.G.S. Academy Scholars Program, and others, bringing students of all ages with diverse interests to ECSU.

Program Administration
The Summer Program Director is administratively responsible to the Provost and Vice Chancellor for Academic Affairs through the Assistant Vice Chancellor for Academic Affairs. The Director works in close cooperation with the various constituent parts of the University to implement the Summer Program in conjunction with the various support services of the University. The Summer School Advisory Committee provides input to the Director for the purpose of program governance. The Summer School Program is affiliated with the regional and national groups of the North American Association of Summer Sessions (NAASS).

For more information regarding the Summer School Program at Elizabeth City State University, call (252) 335-3324 or email us at summer@ecsu.edu.
Graduate Education is committed to the mission of Elizabeth City State University. Quality graduate degree programs are designed to meet the needs of the citizens of northeastern North Carolina, the state, the nation, and the global community. Dedicated faculty and staff prepare students in a challenging, supportive, and highly technical environment to compete and excel in a technologically advanced society for the 21st century global economy.

The graduate degree program offerings include: The Master of Education in Elementary Education, The Master of School Administration, The Master of Science in Biology, which includes two (2) concentrations: Biology Education and Applied Biology, and The Master of Science in Mathematics, which includes three (3) concentrations: Mathematics Education, Applied Mathematics, and Remote Sensing. For your convenience, you may access our graduate catalog, applications and enrollment forms for all graduate programs online. For more information go to our website at www.ecsu.edu/academics/graduateeducation/index.cfm or visit our Graduate Education Office located in the Willie J. and Jacqueline Gilchrist Education and Psychology Complex, Room 354.

The vision of Graduate Education at Elizabeth City State University is to provide students with advanced knowledge and skills, utilizing innovative technologies that will secure future intellectual leadership in a knowledge based economy. Our students will serve as leaders in northeastern North Carolina, the State, the Nation and the Global Community.

The goals of the Graduate Education Program at Elizabeth City State University are:

1. To recruit, retain, and graduate students who are globally competitive leaders in the 21st Century.

2. To strengthen academic quality with intellectual excellence through high quality graduate educational programs.

3. To serve the people of Northeastern North Carolina in the 21-County service area through promoting a culture of community service, engagement, outreach, and support.

4. To expand educational opportunities through commitment to a student-centered campus culture and co-curricular activities.

Academic Structure
Elizabeth City State University operates on the semester system. The fall and spring semesters are approximately 15 weeks each. The summer program consists of (2) sessions of five weeks. Graduate classes usually meet for three hours in one evening, or on Saturdays, or online.

Residence Requirements
A minimum of 30 semester hours required for the master’s degree must be earned in residence study at the University. No more than six (6) credit hours may be transferred from other higher education institutions. Courses numbered 500 or higher can be counted toward completion of the graduate degree. Graduate students who seek and obtain permission to take courses at other institutions for subsequent transfer to the degree program at Elizabeth City State University may obtain credit only with permission from the student’s advisor, graduate program coordinator, and chair of the major department.

Residence Status for Tuition Purposes
The Admissions Office determines the residence status for the purpose of paying tuition. Responses to the application for admission are used in making this determination. Students who fail to submit adequate information to establish a right to be classified as a resident of North Carolina will be classified as a non-resident.

It is the student’s responsibility to verify his or her residency status before the payment of fees to the University. Students paying incorrect fees will be
billed for the difference in the tuition rates.

- **Residence:** To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least 12 months immediately prior to classification. The burden for establishing facts justifying classification as a resident entitled to in-state tuition rates is on the applicant, who must show his or her entitlement by the preponderance (the greater part) of the residency information.

- **Initiative:** Being classified a resident for tuition purposes is contingent on the student’s seeking such status and providing all information that the institution may require in making the determination.

- **Effect of Marriage:** Marriage alone does not prevent a person from becoming or continuing to be a resident for tuition purposes, nor does marriage in any circumstance ensure that a person will become or continue to be a resident for tuition purposes. Marriage and the legal residence of one’s spouse is relevant information in determining residency intent. For example, if both a husband and his wife are legal residents of North Carolina and if one of them has been a legal resident longer than the other, then the longer duration may be claimed by either spouse in meeting the 12-month requirement for in-state tuition status.

- **Grace Period:** If a person (1) has been a bona fide legal resident, (2) has consequently been classified a resident for tuition purposes, and (3) has subsequently lost North Carolina legal residence while enrolled at a public institution of higher education, that person may continue to enjoy the in-state tuition rate for a grace period of 12 months measured from the date on which North Carolina legal residency was lost. If the 12 months end during an academic term for which the person is enrolled at a state institution of higher education, the grace period extends to the end of that term. The fact of marriage to one who continues domicile outside North Carolina does not in itself cause loss of legal residency marking the beginning of the grace period.

Admission to pursue graduate study at Elizabeth City State University is accomplished in two steps: one, by admission to the University and two, by admission to a particular program.

**Step One:** In order to be admitted to ECSU, application forms, transcripts, and other credentials must be forwarded to the Office of Graduate Education, Campus Box 943, Elizabeth City State University, Elizabeth City, NC 27909, where they will be reviewed and acted upon. The Office of Graduate Education builds a file for the student and forwards a copy of all materials received to the designated Graduate Program Coordinator.

Admission to ECSU means only that the student will be permitted to enroll in courses at the graduate level. It does not necessarily imply that he or she will be admitted to a program leading to an advanced degree. Admission to courses must be approved by the Graduate Program Coordinator. The non-degree graduate student is further urged to seek advisement regarding any course enrollment in light of its relevance to intended degree matriculation, and also from the standpoint of the advisability of enrollment in prerequisite courses.

**Step Two:** Admission to a selected graduate degree program will proceed in the following manner. When the student’s file is complete, it will be reviewed by the Departmental Committee, initiated by the Graduate Program Coordinator, and a decision will be made relative to the admission/non-admission of the student to the program. The Graduate Program Coordinator will inform the Director of Graduate Education, in writing, about the admissions decision. The Director of Graduate Education will inform the applicant, in writing, about the admissions decision.

A $30 application fee must accompany the application for admission and is not refundable. Certified checks or money orders should be made payable to Elizabeth City State University.

**Admission Requirements**

**Requirements for Admission:**

- Bachelor’s degree from an accredited institution;
- Overall undergraduate GPA of 3.0 (4.0 scale);
- Completed application;
- $30 non-refundable application processing fee;
- Two sets of official transcripts in sealed envelopes from each college and university previously attended;
- Three completed Graduate Recommendation Forms in sealed envelopes;
Examination results from the following tests, taken within the past five years:

- Graduate Record Examination (GRE), or
- Miller Analogies Test (MAT)
- Test of English as a Foreign Language (TOEFL), score or International English Language Testing System (IELTS) score, if applicable;
- Residence Form;
- Health Form (For all students taking more than four credit hours on the ECSU campus) and
- Any other specific requirements from the chosen degree program.

Exit Requirements
In order to be awarded a master’s degree, each student must:

- Complete the minimum semester hours of graduate credit applicable to the program;
- Maintain a minimum GPA of 3.0;
- Successfully complete a minimum of 30 semester hours of credit in residence and/or via distance learning on the campus of Elizabeth City State University;
- Submit an Application for Candidacy;
- Complete an Application for Graduation and obtain the advisor’s recommendation;
- Meet all other requirements for a master’s degree in the major department and the Office of Graduate Education;
- Complete an exit interview with the graduate coordinator to evaluate the strengths and weaknesses of the master’s program; and
- Submit the required number of copies of the Thesis/Product of Learning the to major department and Office of Graduate Education.

Admission Regulations
Regulations governing graduate work at Elizabeth City State University are classified as General and Special. General regulations apply to all students in a degree program; special regulations apply to specific programs. The student assumes full responsibility for knowing about regulations governing graduate work.

Types of Admission
There are three types of admission:

1. Unconditional Admission
   A student must satisfy the following criteria for unconditional admission:
   - Bachelor’s degree from an accredited higher education institution;
   - Overall undergraduate GPA of 3.0 (4.0 scale);
   - Appropriate score on the GRE (Graduate Record Examination) or MAT (Miller Analogies Test) (taken within the last five years) and TOEFL (Test of English as a Foreign Language), if applicable;
   - Interview with department chair and/or department faculty, if applicable;
   - Recommendations from three professionals who can document work performance;
   - Completed ECSU Health Form (For all students taking more than four credit hours on the university campus); and
   - Two official transcripts, sent from the Registrar’s Office, from all institutions previously attended.

2. Conditional Admission
   With the approval of the graduate coordinator of his or her proposed graduate major and the chair, a student whose scholastic record does not fully meet requirements for unconditional graduate status may be granted conditional admission. This classification terminates on the date of the student’s completion of successful application or admission to a graduate program. The student may be admitted for a trial period of one semester, after which he or she may be given full graduate status, if the work is judged to be of graduate quality by the Departmental Graduate Admissions Committee. Admission may be refused due to low grades on the student’s scholastic record or low performance.

3. Special Student Admission
   Elizabeth City State University recognizes the admission classification of special students. This designation is a temporary classification for persons who wish to take courses for licensure renewal, transfer of credits to another institution, personal satisfaction, or completion of Graduate Application Packets. This classification terminates on the date of the student’s completion of successful application (not later than the end of the second semester of enrollment) or admission to a Graduate Program. Persons admitted as special students are not candidates for a degree. They may take only nine credits before being admitted to a program leading to a Master’s degree. Credits earned while a student is designated as a special graduate student may later be applied toward the fulfillment of the requirements of a graduate degree program provided:
   - The action is recommended by the graduate coordinator of the student’s intended major and approved by the chair;
   - The credit was earned within the past two years;
c. The amount of credit does not exceed nine semester hours;
d. The work is "B" level or better, and
e. The work has not been taken to remove deficiencies. (Deficiencies are defined as qualifications needed in order to meet Graduate Education admission standards). (Biology Master’s degree students see Biology Handbook.)

Assignment of Student Advisors
Advisors are assigned through the department or area in which the student is enrolled.

Graduate Education Program of Study
Each student’s program of study is planned by the department or area advisor in consultation with the student. All students must have a program of study, and it is the student’s responsibility to follow the program of study. The advisor should forward a copy of each student’s approved program of study and the completed Program of Study Approval Form to the Graduate Coordinator and the Office of Graduate Education.

International Student Admissions
The Office of International Programs coordinates international student admissions. In order to be considered for admission, international applicants should submit the following items:

- Application: International applicants may apply online but are also required to submit a paper application;
- Application Fee;
- Transcripts: An official transcript, marked sheets, or documents with official seals should be provided from each college or university that you have previously attended. The documents should be provided in your native language of issue as well as an official, notarized, or certified copy in English;
- Three letters of recommendation (check for specific program requirements);

English Proficiency: If English is not your native language and you have not completed at least one year of education at a United States school, you are required to take a standardized English language exam. The University accepts either the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS), and scores must be forwarded to the University by the testing service. An IBT TOEFL score of 20 on each section for a total minimum score of 80, 550 (paper-based), or 213 (computer-based), or IELTS score of 6.5 is required to meet the language exam requirement. Official reports of standardized admissions test results must be sent directly to the University by the testing service (GRE or GMAT); and

Financial information along with certified evidence of financial resources to cover educational costs and living expenses.

Special Students (Non-Degree Seeking)
Students who are taking courses for reasons such as personal enrichment or transfer may be permitted to take courses by submitting the following to the Office of Graduate Education:

1. A completed admission application and a $30 non-refundable fee;
2. Two official transcripts of baccalaureate degrees from each college or university previously attended, submitted in sealed envelopes.

Special students who are not working toward a graduate degree are permitted to take graduate courses only with written permission of the Graduate Program Coordinator, department chair, and the Director of Graduate Education. Courses taken as a special student are not normally counted toward a graduate degree. However, if a student is accepted into a degree program, up to nine hours of course work may be included in the student’s program of study upon approval of the student’s advisor. Students are advised, however, that departments may reserve courses for degree-seeking students only.

Special students who decide to pursue a degree must complete and submit a complete Graduate Application Packet, including the $30 non-refundable fee.

Auditors
A student may register as an auditor for a course with the written consent of the instructor, the Graduate Program Coordinator, the department chair, and the Director of Graduate Education. Classes audited shall count as a part of the student’s load, but he or she will receive no credit and no grade will be assigned. An auditor is expected to be regular in class attendance. An auditor is not required to take tests and examinations. An auditor who finds it necessary to discontinue class attendance should formally drop the course. Auditors must submit a completed Application for Graduate Admission, pay the $30 application fee, and register officially for the class he or she desires to audit. Students who are enrolled as full-time students
may audit a maximum of six (6) credits per semester. Students who are enrolled as part-time students may audit a maximum of three (3) credits per semester.

**Undergraduate Enrollment for Graduate Level Courses**
Undergraduate students at ECSU who plan to undertake graduate study at ECSU and who have no more than 12 semester hours of work left to fulfill all requirements for the bachelor’s degree may enroll in graduate classes at the University. Total graduate credit obtained in this dual status may not exceed 9 hours. Students must have a grade point average of 3.0 (4.0 Scale) and apply for admission to a graduate program before requesting dual registration.

Students do not have to be formally admitted to the graduate program. For graduate credit to be applied to an ECSU graduate degree, the students must have received written permission from the undergraduate advisor, the Graduate Program Coordinator, the course instructor and the department chair.

Students should be advised that approval for dual registration neither guarantees nor constitutes acceptance into any specific graduate program. Graduate credits cannot count toward undergraduate degree requirements.

**Course Load**
Students enrolled for nine (9) or more credit hours during a regular semester and six (6) or more credit hours during each summer session are classified as full-time students. No more than twelve (12) credit hours of work may be taken in one regular semester or six (6) credit hours of work during each summer session unless approval is granted by the student’s advisor, department chair, the Graduate Program Coordinator, and the Director of Graduate Education.

**Course Substitutions and Waivers**
Only under special circumstances will substitution for or exemption from the prescribed curriculum be permitted. To substitute or waive a course, students must submit a request on the appropriate form to their advisor. The form must be approved by the advisor, the Graduate Program Coordinator, the department chair in the discipline in which students are seeking a degree, the Director of Graduate Education, and the Vice Chancellor for Academic Affairs.

**Transfer Credits**
A maximum of six semester hours of transfer credits for graduate courses with a grade of 3.0 or higher may be accepted toward completion of a master’s degree at Elizabeth City State University. The remaining hours must be earned in residence. Only courses that count toward a degree at an accredited institution will be considered for transfer credit. Credits gained in correspondence courses at any institution will not be accepted.

Students wishing to transfer credits must submit official transcripts and other appropriate course identification information to their advisor for initial approval. The recommendations of the advisor are forwarded to the Graduate Program Coordinator, department chair, and the Director of Graduate Education for final approval. Course work may be transferred upon the student’s admission into a graduate education program. Course work transferred must not be more than six years old at the time the degree is awarded.

**Requirements for Continuous Enrollment**
A student enrolled in any graduate program must maintain satisfactory progress toward the degree. The student is expected to achieve a satisfactory grade ("A" or "B") in all course work attempted for graduate credit. A student who receives in excess of two "C" grades, or one "F" grade in any course will be withdrawn from the University. When special circumstances warrant, students may appeal withdrawal by petitioning the Graduate Council. The petition must be supported by the Graduate Program Coordinator and the department chair, then forwarded to the Director of Graduate Education. The petition will be forwarded to the Graduate Council for a decision.

**Language Requirements**
Students should contact the major department for specific language requirements.

**Admission to Candidacy**
Admission to Elizabeth City State University in a degree program does not carry with it admission to candidacy for the graduate degree. Approval of degree candidacy by the Office of Graduate Education certifies that the student’s academic performance has been reviewed and that permission to pursue the program of study has been granted. Admission to candidacy, granted by the Director of Graduate Education when students have completed a minimum of 12-15 credit hours, requires the following:
1. Admission to a degree-seeking program;
2. Completion of a minimum of 12-15 and no more
   than 18 credit hours of graduate study at Elizabeth
   City State University, with a GPA of 3.0 or higher at
   the time of application for admission to candidacy;
3. Departmental assignment of an advisor;
4. Departmental approval of the program of study; and
5. Satisfaction of other conditions affecting admission.

The following is the procedure for requesting admission
to degree candidacy:
1. The Graduate Program Coordinator submits an
   Application to Degree Candidacy Form to the Office
   of Graduate Education after the student completes
   12-15 hours of graduate study at Elizabeth City State
   University; and
2. The Office of Graduate Education processes the form
   and distributes copies to the student, advisor,
   Graduate Program Coordinator, and department
   chair.

Thesis/Product of Learning
A written thesis or product of learning and its defense
are required for all master’s candidates. The purpose of
the thesis/product of learning is to provide an
experience in scholarship and research, which will be of
enduring value to the student in understanding how new
knowledge is developed. The thesis/product of learning
provides tangible evidence of the student’s
development as a scholar and especially his or her
capacity to discover and effectively communicate
research findings. The thesis/product of learning
should expand the body of knowledge in the student’s
chosen field. The thesis/product of learning must
represent an original investigation into a subject, which
has been approved by the student’s Thesis/Product
of Learning Graduate Advisement Committee. The
Director of Graduate Education will ensure that
Graduate Education guidelines and policies are adhered
to and will signify completion of requirements for the
thesis or product of learning.

The student must choose a thesis or product of learning
committee in consultation with the major advisor. The
committee will consist of 3-5 graduate faculty
members, one of whom must be chair of the
Thesis/Product of Learning Graduate Advisement
Committee and one from outside the student’s major
department. The committee must be approved by the
graduate coordinator, the department chair (if
applicable), and the Director of Graduate Education.

Each student must submit a proposal to do a
thesis/product of learning. The proposal must be
approved by the Thesis/Product of Learning Graduate
Advisement Committee. The Director of Graduate
Education will ensure that Graduate Education
guidelines and policies are adhered to and will signify
completion of the proposal.

Once the thesis/product of learning is completed, an
application for the oral defense must be filed with the
Director of Graduate Education by the chair of the
Thesis/Product of Learning Graduate Advisement
Committee. The application must be filed at least one
(1) week prior to when the defense is to be held and
must be accompanied by certification that the
thesis/product of learning is complete except for
revisions which may be necessary as a result of the oral
defense.

A written notice of the time and place of the defense of
the thesis will be sent by the Director of Graduate
Education to the candidate and each member of the
committee. The oral defense is an academic evaluation
of the thesis/product of learning by the committee, and
it is open to the committee members, university faculty,
and approved guests. During the defense, the
Thesis/Product of Learning Graduate Advisement
Committee may ask the candidate questions regarding
subject matter in the student’s major field.

The defense must be at least four weeks before
graduation, and the results must be sent within three
days of the defense to the Director of Graduate
Education. A student may defend the thesis/product of
learning a maximum of two times. The maximum
credit allowed for the thesis is six semester hours.
Three paper copies and one electronic copy of the
Thesis/Product of Learning in final form must be
submitted to the Office of Graduate Education prior to
graduation. Detailed information on form and
organization is presented in the Requirements for the
Thesis Preparation Manual
(www.ecsu.edu/academics/graduate/docs/ThesisDocum
ent.pdf).

Policy on Completion of
Thesis/Product of Learning
Students who have completed their course work and the
number of thesis/product of learning hours for credit
required in their graduate degree program but have not
completed their thesis/product of learning, must take
one of two actions as follows:
1. Students who will continue to use university
   resources in completing their degrees must enroll in
   and pay tuition and fees for the culminating
   Thesis/Capstone Course 699 as appropriate for all
degree programs. The hours will not count toward
the degree. (EDU 699, ELPS 699, BIOL 699-700, MATH 699)

2. Students who will not use university resources should apply for a leave of absence. Students choosing this option must file a formal petition with the Office of Graduate Education for a leave of absence that states that they will not use university resources during the leave period. Students granted a leave of absence must re-apply for active status in the graduate program.

3. Students will receive the "IP" grade in the Capstone/Thesis course when they have been approved to receive additional time to complete the requirements of the course (presently in place). To continue toward completion of this work during the next semester, the student must register for the class again and pay tuition with the same number of credit hours that were assigned to the class in which the "IP" grade was awarded. At the completion of all required work, the final grade will be awarded and the "IP" grade will be changed to the "S" grade. The "S" grade will not affect the grade point average nor carry any weight in hours earned or attempted. The student will graduate with no "IP" grades on the record. Students will have no more than four (4) semesters to complete their Capstone/Thesis.

Degree Time Limit/Statute of Limitations
All graduate degrees, including the thesis/product of learning, must be completed within six (6) calendar years from the date the first course(s) carrying graduate degree credits applicable to the student’s program is/are begun.

Student Conduct
Students enrolled at Elizabeth City State University are expected to maintain high standards of honor, scholastically and morally. Self-discipline should be the primary goal of each student. Registration at the University implies the student’s acceptance of the published rules and regulations as stated in the Student Handbook and other university publications.

Incidents of academic dishonesty, which are reported to and affirmed by the Graduate Grievance and Appeals Committee, will result in punitive measures ranging from issuing a grade of failure to expulsion from the University. The action taken will be in accordance with the severity of the act as adjudicated by the parties which are responsible for administering this policy, namely the Graduate Grievance and Appeals Committee, the Director of Graduate Education, and the Provost and Vice Chancellor for Academic Affairs.

Academic Sanctions
Students with a cumulative grade point average below required standards (3.00) must limit their course load to six (6) semester hours and are subject to an academic warning (first occurrence), probation (second occurrence), and/or suspension (third occurrence). Students have the right to appeal academic suspensions and apply for readmission if they believe that failure to maintain the minimum cumulative grade point average for continued enrollment was due to extenuating circumstances. Students may appeal academic suspension and apply for readmission to the University by adhering to the following procedure:
STEP I
Students seeking readmission must write a letter, with appropriate documentation, to the Chair of the Graduate Grievance and Appeals Committee at least four (4) working days before the official late registration period ends. The letter should be addressed to:

Chair of the Graduate Grievance and Appeals Committee
Campus Box 943
Elizabeth City State University
Elizabeth City, NC 27909

STEP II
Students must secure a letter containing an approved schedule of classes (not to exceed 6 semester hours) from their academic advisor and have it endorsed by the Graduate Program Coordinator and Chair.

STEP III
The Graduate Grievance and Appeals Committee will convene two (2) working days before the official late registration period ends each semester.

STEP IV
The decisions of the Graduate Grievance and Appeals Committee will be forwarded to the Provost and Vice Chancellor of Academic Affairs and the Office of the University Registrar for implementation.

Students returning after suspension will have a limited class load of not more than six (6) semester hours during the first semester of readmission and must maintain a 3.0 grade point average until they have satisfied the minimum GPA requirement.

Students who have been suspended a second time for academic reasons may not apply for readmission until one year has passed from the date of suspension.

Students who have been suspended a third time for academic reasons are permanently dismissed unless special permission is granted for readmission by the Graduate Grievance and Appeals Committee.

Appeals Procedure for Program Admission, Retention, Exit, Grade Change, or Scholarship Dishonesty
The appeals procedure provides each graduate student the opportunity to formally appeal a program admission, retention, exit, grade change, or scholarship dishonesty decision in the graduate program. When such disputes arise, students should immediately contact their advisor. Each appeal submitted according to this procedure must be an individual action by an individual student. Class action appeals by one student on behalf of several students are not permitted.

STEP I
If a student wishes to appeal a decision, she or he must notify his or her advisor. The concern(s) should be put in writing, with a copy to the Graduate Coordinator within five (5) working days after the student has received written notice of the action. The student’s written request should include a brief summary of the facts of the case and reasons for making the appeal. With the aid of the Graduate Coordinator in scheduling an appointment, the student will meet within five (5) working days with the advisor, Graduate Coordinator, and department chair to privately discuss the disputed decision.

STEP II
If the dispute is not resolved in Step I to the student’s satisfaction and if the student still believes that the appeal has merit based on the facts of the case, she or he has the right to file a formal written appeal with the Chair who will forward it immediately to the Graduate Grievance and Appeals Committee. Guidelines for filing a formal admission, retention or exit decision appeal are as follows:

1. An appeal must be based on evidence that the program area in question has made an error in making its decision. The written appeal must describe specifically the challenged action of the program area. The students also should present all other evidence or documentation in support of his or her appeal; and

2. An appeal must be kept on file in the Graduate Coordinator’s office fifteen working days after the meeting described in Step I has taken place.

Within ten working days after receipt of the written appeal, the Graduate Coordinator must schedule a hearing before the Graduate Grievance and Appeals Committee. The committee shall be composed of at least three faculty members, a graduate student, with the Graduate Coordinator serving as an ex-officio member. The faculty members shall be members of the Graduate Council, with alternates serving when there is a conflict of interest. The student appellant may, however, request in advance in writing that the student be excused and that his or her appeal be heard only by the faculty members. The committee shall conduct a hearing according to the following guidelines:

1. At least 48 hours prior to the hearing, the Graduate Coordinator will distribute to committee members any written information in support of either the student or the program area involved;

2. A detailed record shall be kept of the hearing, preferably by audio tape or video recording. The transcribed record will be signed by members of the Graduate Grievance and Appeals Committee.
asserting that the transcript is a true record of the hearing proceedings. Records of any Step II appeal shall be kept on file in the Graduate Coordinator’s office and copies shall be provided, upon request, to the student who has initiated the appeal or the program area which is involved in the appeal. Usual and customary costs associated with duplicating appeals records shall be borne by the program area requesting copies;

3. The hearing shall be closed;

4. The student, the representatives, and the Graduate Program Coordinator shall be permitted an advisor. Advisors may be members of the university community, i.e., students or full-time faculty or staff members;

5. The Graduate Grievance and Appeals Committee chair shall begin the hearing by starting the tape recorder, announcing the name of the person who will be taking minutes, and reviewing the guidelines and procedures under which the hearing will be conducted;

The Committee Chair will then announce, "This Appeals hearing is being held on (date). (Name of student) is appealing the (program area) decision on (program admissions, retention, exit, grade change or scholarship dishonesty requirements). The following committee members are in attendance today: (members give their names);"

6. In order, the student and the program area representative will present their cases. Both the student and the program area representative may call witnesses, and the student, program area representatives, advisor, and committee members all have the right to question any witnesses who are called. The student and the program area representative should be asked for brief closing statements;

7. The chair will then close the hearing with, "This Appeals Hearing is now concluded." The committee will meet in executive session and will present its findings, in writing, to the graduate coordinator within five (5) working days. The written decision and recommendations will contain a numerical report of the vote and will be signed by the members of the committee. The Graduate Coordinator will notify the student and the program area representative of the Graduate Committee’s decision and recommendations. The Graduate Coordinator should forward a written copy of all proceedings to the Office of Graduate Education for inclusion in the student’s file.

Registration Procedures
Students admitted to a degree program will receive a letter from the Director of Graduate Education specifying their admissions status and advisor. Students are expected to contact their advisor to pre-register and complete the registration process (including the payment of required fees), in accordance with the university calendar.

Schedule Changes
Students may add/drop courses according to university guidelines. Students must contact their advisor and pay particular attention to printed procedures. No course is officially dropped or added until the required procedure is completed.

Withdrawal from Classes
Any student who officially registers for a course must attend it or else drop the course using the Change of Schedule Form secured from the University Registrar’s Office and executing the proper procedures within the designated time. A student who does not officially withdraw from a course receives an "FA" grade for the course at the end of the session and/or semester. Students may administratively withdraw from a course or courses with written approval from the Provost and Vice Chancellor for Academic Affairs.

Withdrawal from the University
All students who are officially registered for classes and who wish to withdraw from the University must complete the withdrawal procedure at least two weeks prior to final exam week. Withdrawals are processed in the Counseling Center. Students receive exit counseling and are advised of the procedures to follow for any financial obligations. A grade of "WD" will be posted to the student’s transcript once the withdrawal process is complete. A student who is registered for classes and does not officially withdraw from the University will receive a grade of "FA". Students may administratively withdraw from ECSU with written approval from the Provost and Vice Chancellor for Student Affairs.

Class Attendance Regulations
Students are expected to attend all classes. The maximum number of absences permitted shall not exceed twice the number of times the course meets per week. No additional absences shall be allowed except in the most severe and unusual circumstances. If class sessions are missed, students are expected to complete required course work.
Should a student exceed the allowable number of absences, the professor has the option of informing the student (in writing) that a grade of "FA" will be turned in at the end of the semester. At this point, the student may wish to officially withdraw from the class.

When the instructor informs a student of an intention to turn in a grade of "FA" because of excess absences, the student may appeal. The appeal process begins with the professor. Next, an appeal may be made to the Graduate Program Coordinator, the professor’s department chair and finally, the Graduate Grievance and Appeals Committee. All such appeals must be initiated within five (5) days of the time the student is sent notification of the professor’s intention to turn in an "FA" grade. No appeal will be allowed after course grades have been submitted to the registrar. Records of the appeals hearing must be submitted to the Office of Graduate Education.

Grades and Scholarship

Course requirements, including methods of evaluation, shall be given at the first class meeting. Grades consist of "A, B, C, I, IP, F, FA, and W.
1. A "B" (3.0 of 4.0 Grading Scale) average is required for graduation;
2. Graduate courses with a final grade of "C" may be credited toward completion of any part of the degree program;
3. A student who receives a final grade of "C" in excess of six (6) credit hours will be terminated from his or her program; however, no more than two (2) "C" grades may be credited for graduation.

Definition of Grades

A Excellent
B Good
C Low Pass
I Incomplete - The grade of "I" is given for a deficiency of work done in a course. Requirements for removal of an incomplete must be submitted to the instructor who will then forward the change of grade to the registrar. No student will be allowed to graduate with an "I" grade.
IP In Progress - The grade of "IP" indicates that the student has not completed the Thesis/Product of Learning.
F Failure
FA Excess Absences

Change of Grade

A change of grade, other than "I", for any reason, must be made within one year from the date the original grade was received. An "I" grade earned in any given term (Fall, Spring, Summer) must be removed by the end of the eight weeks of classes during the next regular semester (see Academic Calendar). If not removed, the grade of "I" will be automatically changed to a grade of "IF".

Privacy of Student Educational Records Policy

The university policy for the administration of student educational records is in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974, also known as the Buckley Amendment or FERPA. Identifiable personal information contained in student educational records will not be disclosed to persons outside the University without prior written consent of the student. Under this policy, the student also has a right to access his or her student educational records maintained by the University or any department or unit within the University.

Application for Admission Deadlines

The completed application packet must be received by the Office of Graduate Education by the dates below to ensure that an admission decision is made prior to the start of classes for the following semester:

Spring Semester - November 15
Fall Semester - July 15
Summer Session - April 15

It is the policy of the Office of Graduate Education to respond only to written inquiries from applicants regarding the status of the application.

Graduation Requirements

The master’s degree may be conferred upon a student who has successfully completed the program of work. Persons who wish to graduate in a certain term must:
(1) apply for graduation and (2) have completed all graduation requirements by the specified dates for graduation in that term.

A graduate student’s grades may not average lower than 3.00. To calculate the average, all grades will be counted in all courses that are attempted. A limit of six (6) semester hours of credit in courses with a final
grade of "C" will be credited toward the master's degree. All grades of "F" and "I" which are in the approved graduate program of study must be removed by the time of graduation.

Application for Graduation
To become a candidate for graduation, a student must submit an application with the Office of the Registrar no later than the date set forth in the academic calendar. The University assumes no responsibility for making adjustments for students who fail to file an application by the designated date. A candidate who fails to file an application for graduation or to meet graduation requirements by the designated dates automatically voids his candidacy for that particular graduation.

The application for graduation for the fall must be filed by July 15, for spring semester by November 15, and for the summer by April 15. The Application for Graduation Form should be filed in the Office of the Registrar, with copies distributed as indicated on the Form.

Presence of candidates for degrees is required at graduating exercises, except when permission for graduating in absentia has been granted by the Director of Graduate Education and the Provost and Vice Chancellor for Academic Affairs. A written request for permission to graduate in absentia must be made at least 10 days prior to Commencement Day.

It is the sole responsibility of each candidate for graduation to meet with the major advisor to have his or her academic record evaluated for the purpose of finding out whether all institutional and departmental requirements for graduation have been met.

Commencement Exercises
Elizabeth City State University has two Commencements: one ending the spring semester and the other ending the fall semester. Students completing their requirements during or by the end of the last term of summer or fall semester will participate in the Fall Commencement Exercises. Those students finishing at the end of the spring semester will participate in the Spring Commencement Exercises.

**THE GRADUATE COUNCIL**

The Graduate Council is an advisory committee whose purpose is to make policy recommendations to the Director of Graduate Education for the guidance of department chairs and program coordinators in the development and implementation of their program curricula. Policies must be consistent with overall institutional policies and accreditation standards of state, regional and national associations with which the institution or school holds membership. Policy recommendations requiring curricular changes must follow the university process.

The Graduate Council is chaired by the Director of Graduate Education and is composed of the following individuals:

1. Department chairs from each department that offer a graduate degree and/or are planning to establish a graduate degree program;
2. One faculty representative from each department that offers a graduate degree (Graduate Program Coordinator);
3. One student from each department that offers a graduate degree;
4. One representative from university support areas: Registrar’s Office, Financial Aid, Business and Finance, and Office of Admissions;
5. Director of Library Services;
6. One Alumnus (Rotate from each School);
7. Vice Chancellor for Academic Affairs - Ex-officio; and
8. Associate Vice Chancellors for Academic Affairs - Ex-officio.

Members are appointed by the Provost and Vice Chancellor for Academic Affairs, based on recommendations by the Director of Graduate Education and The Graduate Council. The Graduate Council structure and membership will be reviewed every two years to determine whether changes in its composition would improve its functioning.

The role of the Graduate Council is to serve in an advisory capacity to the Director of Graduate Education and to ensure that graduate education maintains high standards of excellence. The Council will meet a minimum of twice per semester to:

1. Monitor program accreditation standards and program implementation;
2. Encourage professional growth and scholarly productivity of the faculty;
3. Take an active role in recruiting well-qualified students from diverse economic, racial, and cultural backgrounds;
4. Recommend policies governing criteria for admission to graduate programs;
5. Review applications for admission to candidacy, giving attention to both the design and the content of the proposed research;
6. Make recommendations regarding requests from students to transfer in courses and to receive an extension of time to complete a program;
7. Review student progress annually;
8. Monitor and upgrade library holdings in the subject areas;
9. Promote active student involvement in Graduate Education;
10. Review and certify Graduate Faculty for Full, Associate, and Temporary Status and
11. Oversee the follow-up of graduates for the expressed purpose of program improvement.

Standing Committees
The following standing committees are organized to advise the Council on matters relative to operational efficiency of Graduate Education Programs:

- Executive Committee;
- Graduate Grievance and Appeals Committee;
- Marketing and Publications Committee;
- Enrollment Management Committee; and
- Graduate Faculty Review Committee.
MASTER OF EDUCATION IN ELEMENTARY EDUCATION

PROGRAM DESCRIPTION

Elizabeth City State University provides a challenging and supportive environment that prepares its students for knowledgeable, responsible participation and leadership in an ever-changing, technologically advanced society. ECSU continues to promote excellence in teaching as its primary responsibility to meet the needs of the students and citizens of the state, nation, and world.

The Department of Education and Psychology offers the Master of Education degree in Elementary Education. The primary goal is to ensure that teachers, through continuous decision making, become effective collaborators and leaders. The program’s focus is to fully implement national standards for teachers, including the North Carolina Standards for Graduate Teacher Candidates. Merging these standards results in high quality education for P-12 students.

The Conceptual Framework of the Department of Education and Psychology represents the knowledge, skills, and dispositions that are essential for the development of professional educational leaders as 21st Century Professional Educators. The knowledge, skills, and dispositions identified in the conceptual framework are attained through a collaborative relationship between the University, the Local Education Agency, the community, and the family. The conceptual framework identifies three types of knowledge: content knowledge, professional knowledge, and pedagogical knowledge, that candidates in the program will attain. In addition, successful candidates are expected to demonstrate the six dispositions, which are global competitors, advocates for diversity, healthy and responsible citizens, crucial thinkers and innovators, embedded technology users, and effective communicators and collaborators. The conceptual framework also directs the Master of Education in Elementary Education program by informing the decisions that faculty make regarding teaching and evaluation. Students are expected to engage in action research prior to exiting the program.

Mission

The Master of Education in Elementary Education program seeks to fulfill its mission by preparing 21st Century Professional Educators to:

1. Respond effectively to children’s differences resulting from development, diversity, and exceptionalities;
2. Demonstrate knowledge of the content and pedagogy of the elementary curriculum as it relates to preparing students with 21st century skills;
3. Improve educational practice through reflection, self-evaluation, and applied research;
4. Direct their own personal and professional growth as educators.

Transfer Credits

A total of 36 credit hours are required to complete the Master’s Degree Program. A minimum of 30 credit hours must be earned in residence at Elizabeth City State University. No more than 6 credit hours may be transferred from other institutions. Courses numbered 500 or higher can be counted toward completion of the graduate degree. Graduate students who seek and obtain permission to take courses at other institutions for subsequent transfer to the degree program at ECSU may obtain credit only with permission from the student’s advisor, the Graduate Coordinator, and the Chair of the Department of Education and Psychology.

Admission Requirements

The admission requirements are:
- Bachelor’s degree from an accredited institution;
- North Carolina "A" license in Elementary Education or the equivalent from another state;
- Two official transcripts from all institutions attended;
- Completed ECSU Health Form;
- Overall undergraduate GPA of 3.0 (4.0) scale;
- GRE or MAT Scores (the original copy should be sent from testing agency to ECSU;
- Interview with Department of Education and Psychology Graduate Facilitator and Graduate Faculty;
- Typewritten two-page essay specifying educational philosophy; and
- Recommendations from three professional educators who can document work performance or relevant experience.

The requirements described above are minimum requirements and do not guarantee acceptance.
Students are selected and admission decisions are based on consideration of educational factors (i.e. interview, performance, communication skills). A limited number of students who do not meet the minimum standards may be allowed to enroll with special permission. We encourage you to apply.

Course Load
A full load is nine (9) semester hours. The maximum number of hours in any semester is twelve (12).

Residence
Candidates in the Master of Education in Elementary Education program must meet the Elizabeth City State University residency requirements. No more than six credit hours may be transferred from other institutions. Thirty semester hours must be earned at ECSU.

Time Limitations
The Master of Education in Elementary Education degree must be completed within six successive calendar years. Programs remaining incomplete after this time period are subject to cancellations, provisions, or special examinations. A special appeal must be made, in writing, to the Chair of the Department of Education and Psychology for appropriate action to be taken.

Advisors
Advisors are assigned by the Graduate Program Coordinator. The Graduate Program Coordinator submits the advisor assignments to the Office of Graduate Education. The student will be notified of his or her advisor in the initial admission letter.

Graduate Advisement Committee
The student selects his or her Graduate Advisement Committee. The Committee shall consist of the advisor and additional members to a total of three: One member should be a university faculty member from outside the student’s major department. The Graduate Advisement Committee shall be responsible for approval of the Product of Learning. Each committee member must sign the Graduate Advisement Committee Agreement Form indicating agreement to serve on the Committee. The Graduate Advisement Committee must be approved by the Chair of the Department of Education and Psychology.

Admission, Retention, and Exit
The overall framework of the graduate program in teacher education focuses on the development of teachers who are committed to their on-going professional growth and are aware of the challenges in our culturally diverse society. These teachers will apply and practice decision-making while engaging in scholarship, asserting leadership, and exercising reflective thinking to meet the needs of learning communities. The synthesis of scholarship, leadership, and reflective thinking will occur in the investigation of a subject in depth through research and the creation of a culminating product derived from that investigation.

Matriculation
Upon admission to the program, the student is expected to assume the following responsibilities:
1. Follow all policies of the Office of Graduate Education and the program area as specified in the Graduate Catalog;
2. Consult with an assigned advisor before registering for courses in the degree program;
3. Prepare a plan of study approved by the student, the advisor, the Graduate Coordinator, the Chair of the Department of Education and Psychology, and the Director of Graduate Education; and
4. Obtain permission from the advisor before making substitutions or altering the plan of study.

Retention Requirements
To gain approval to proceed with exit requirements, each student must:
1. Complete a total of 12 but no more than 15 hours of graduate credit with an overall GPA of 3.0 or better;
2. Maintain enrollment in EDUC 640 Collaborative Action Research and complete Milestones 1 and 2 resulting in a plan of action for the Transformational Teaching Project (final product of learning).

Exit Requirements
In order to be awarded the Master’s Degree, each student must:
1. Complete a minimum of 36 semester hours of graduate credit applicable to the program;
2. Maintain a minimum GPA of 3.0;
3. Complete a minimum of 30 semester hours of credit in courses offered at Elizabeth City State University;
4. Submit an Admissions to Candidacy Application;
5. Complete an Application for Graduation;
6. At the end of the Transformational Teaching Project (TTP), candidates will have the following artifacts: (A) an introductory report that identifies the problem, the team, the context process, and the content of the
project; (B) a review of the literature; (C) documentary evidence; and (D) final reflection.

7. The four artifacts will be submitted to the University in an electronic format (e.g. PowerPoint). All artifacts will be included in this product through links to word documents, video documentation, state standards, etc. The product will include an introductory description of how it meets all NC Standards for Graduate Teacher Candidates.

Oral Examinations
The following actions will be implemented in reference to oral examinations:

1. In the semester that the Master’s level student is scheduled to graduate, the student will be required to submit an electronic version of the Product of Learning. The deadline dates for the student to submit the Product of Learning are listed below:

   **Fall Semester**  – The Monday after the first Sunday in November.
   **Spring Semester** – The Monday after the first Sunday in April.

2. Oral presentations will be scheduled during the week following the submission of the Product of Learning during the months of November and April.

3. The candidates will be expected to be prepared to defend their Products of Learning before the Graduate Faculty and other parties interested in the students’ products.

   **Please note:** The EDUC 640 Collaborative Action Research course is taken over 4 semesters and is required. This course will provide guidance to candidates as they prepare for the Transformational Teaching Project, which is the final product and is required for graduation.

Department of Education and Psychology Support Services
The Department of Education and Psychology provides the following support services:

The **Curriculum Materials Center**, located in the Willie and Jacqueline Gilchrist Education and Psychology Complex, provides a wide variety of books and instructional materials in the Teacher Education areas and at levels ranging from pre-primary through high school. The Center houses State curriculum textbooks, ancillary materials, and selected journals. For prospective teachers, materials are available for unit construction, lesson planning, instructional aids, and teaching strategies. Other specific areas include the Children’s Reading Room and the Professional Library.

The **Instructional Technology Laboratory** provides state-of-the-art instructional technology. The Director of Instructional Technology has the responsibility of ensuring that students and faculty meet advanced technology competencies. Candidates have the opportunity to focus in-depth on classroom assignments and research projects. Students and faculty are taught to use state-of-the-art technologies for integrating these technologies into a 21st-century delivery system.

The **Office of School Services** recruits academically talented students in the 21-county region of northeastern North Carolina who are interested in teaching. This office serves to enhance communication among the local school districts, the students and parents in the region, and the University. Public school outreach occurs through field-based placements, grant opportunities, and information about other university services.

The **Elizabeth City State University Laboratory School** serves children from ages three through five. The Laboratory School is a component of the Department of Education and Psychology. The Laboratory School’s goal is to provide education majors an opportunity to become familiar with young children and their characteristics, and to enable the transition of theoretical concepts into practical application. In addition to being a site for training teacher education majors, the Laboratory School’s goal is to provide a learning environment that will help young children develop to their maximum potential physically, cognitively, socially, and emotionally.

All classrooms in the Willie and Jacqueling Gilchrist Education and Psychology Complex have been constructed to support full audiovisual conferencing, and classrooms have audiovisual display capabilities to enhance instruction. These resources serve as a technological support for faculty, staff, and students for presentations, research, demonstration, and teaching.

Elizabeth City State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number is 404-679-4501) to award degrees at the Baccalaureate and Master’s levels.

The Teacher Education Program is a member of the American Association of Colleges of Teacher Education (AACTE) and the North Carolina Association of Colleges of Teacher Education (NCACTE).

The Teacher Education Program is accredited by the National Council for Accreditation of Teacher
Master of Education in Elementary Education

Education (NCATE), 210 Massachusetts Avenue, N.W., Suite 500, Washington, DC 20036-1023) and has North Carolina Department of Public Instruction (NCDPI) program approval.

Total Hours Required for Degree 33
MASTER OF SCHOOL ADMINISTRATION

PROGRAM DESCRIPTION

Elizabeth City State University provides a challenging and supportive environment that prepares its students for knowledgeable, responsible participation and leadership in an ever-changing, technologically advanced society. It continues to promote excellence in teaching as its primary responsibility to meet the needs of the students and citizens of the state nation, and world.

The Department of Education and Psychology offers the Master of School Administration (MSA) degree. The Master of School Administration Program is interdisciplinary in scope and offers students both full-time (accelerated) and extended-time (regular) options. This program of study closely links theory to practice in ways that enrich candidates, local educational agencies, and regional, national, and global communities.

The Conceptual Framework of the Department of Education and Psychology represents the knowledge, skills, and dispositions that are essential for the development of professional educational leaders as 21st Century Professional Educators. The knowledge, skills, and dispositions identified in the conceptual framework are attained through a collaborative relationship between the University, Local Education Agencies, the community, and the family. Our conceptual framework identifies three types of knowledge (content knowledge, professional knowledge, and pedagogical knowledge) that candidates in our program will attain. The conceptual framework also directs the Master of School Administration program by informing the decisions that faculty make regarding teaching and evaluation.

The Master of School Administration program seeks to fulfill its mission by preparing 21st Century Professional Educators to:

1. Reflect on appropriate practices and communicate a vision that engages the school, family, and community in creating an effective learning environment;
2. Promote acceptance of diversity by acting with integrity and fairness while encouraging respectful relationships among students, faculty, administration, families, and the community;
3. Understand principles of organization and management and use evidence-based practices in creating environments that maximize efficiency, effectiveness, and learning;
4. Think critically about the philosophical and historical context of teaching and learning and apply processes of conceptualizing, analyzing, synthesizing, and/or evaluating information gained by observation, experience, reflection, reasoning, or communication, as a guide to belief and action;
5. Use technology to enhance instruction, communication, development, evaluation, and management operations; and
6. Use appropriate assessment and development strategies to promote a focus on student learning consistent with the school’s vision and goals.

Admission Requirements

Applicants to the Master of School Administration Program must meet the requirements below and submit the required documents to the Office of Graduate Education:

- Bachelor’s degree from an accredited institution;
- North Carolina "A" teaching license and/or the equivalent from another state;
- Overall undergraduate GPA of 3.0 on a 4.0 scale;
- Three years of teaching experience;
- ECSU Graduate School Application;
- Copy of GRE or MAT scores. The original copy should be sent from the testing agency;
- Two official transcripts in sealed envelopes from all institutions attended;
- Statement of purpose (3-4 pages typewritten);
- Non-refundable cashier’s check or money order of $30, payable to Elizabeth City State University;
- Completed ECSU Student Health Services form;
- Three letters of recommendation (two of the three must be from professional educators who can document your potential for leadership and work ethic); and
- Interview with the MSA Coordinator and/or faculty.

The requirements described above are minimum requirements and do not guarantee acceptance. Students are selected and admission decisions are based on consideration of educational factors (i.e. interview, performance, and communication skills). A limited number of students who do not meet the minimum
standards may be allowed to enroll with special student status. We encourage you to apply.

**Course Load**
A full load is nine (9) semester hours. The maximum number of hours in any semester is twelve (12).

**Residence**
Candidates in the Master of School Administration program must meet the Elizabeth City State University residency requirements. No more than six credit hours may be transferred from other institutions. Thirty-six to forty-two semester hours must be earned by degree-seeking students.

**Time Limitations**
The Master of School Administration degree must be completed within six successive calendar years. Programs remaining incomplete after this time period are subject to cancellations, provisions, or special examinations. A special appeal must be made, in writing, to the Chair of the Department of Education and Psychology for appropriate action to be taken.

**Advisors**
Advisors for MSA students are assigned by the Graduate Coordinator. The Coordinator submits advisor assignments to the Office of Graduate Education. The students will be notified of their advisors in the initial admission letter.

**Graduate Advisement Committee**
The student, with the assistance of his or her advisor, selects the members of his or her Graduate Advisement Committee. The Committee shall consist of the advisor and a minimum of two additional members. One member should be a university faculty member from outside the student's major department. The Graduate Advisement Committee shall be responsible for the evaluation and approval of the candidate's CAP (Comprehensive Assessment Portfolio). The committee is also responsible for conducting the oral examination of the candidate. Each committee member must sign the Graduate Advisement Committee Agreement Form, indicating agreement to serve on the Committee. This Committee must be approved by the Chair of the Department of Education and Psychology.

**Exit Requirements**
In order to be awarded the Master’s Degree each student must:
1. Complete a minimum of 36-42 semester hours of graduate credit applicable to the program;
2. Maintain a minimum GPA of 3.0;
3. Complete a minimum of 30 semester hours of credits in courses offered by Elizabeth City State University;
4. Submit an Admission to Candidacy Application;
5. Complete four Internship Labs and a minimum of one additional semester of administrative internship experience (500 hours);
6. Complete an electronic portfolio including required Hallmark Assignments and six Evidences, and orally defend the components of the portfolio. The oral and written submissions of the electronic portfolio will be evaluated using Task Stream; and
7. Complete an exit interview with the graduate coordinator to evaluate the strengths and weaknesses of the Master of School Administration program.

We believe that school leaders must be proficient in a wide variety of technical skills and tasks to be successful educational administrators as seen in the guiding question, "How shall schools be organized and operated to produce high student achievement?" However, a supporting and equally important question to organization and operation is what are the external socio-cultural factors that administrators must consider in designing and running effective schools? To this end, courses are designed and infused with critically reflective curricula and strategies that stimulate candidates to think beyond current ways of knowing and behaving in order to study, research, and implement leadership practices that have positive impact for P-12 students. The synthesis of scholarship, leadership, and reflective thinking occurs in the completion of the six evidences required in the Electronic Portfolio. This analysis and synthesis occurs throughout the program, from admission to exit.
Oral Examinations
The following actions will be implemented in reference to oral examinations:
1. In the semester that the Master’s level student is scheduled to graduate, the student will be required to submit a complete copy of the Comprehensive Assessment Portfolio (CAP) to the Office of the Coordinator of Graduate Programs in the Department of Education and Psychology. The deadline dates for the student to present the oral comprehensive exam are listed below are listed below:
   Fall Semester – November 15th
   Spring Semester – April 15th
2. Oral comprehensive examinations will be scheduled during the week following the submission of the Comprehensive Assessment Portfolio during the months of November and April; and
3. The student will be expected to be prepared to defend their Comprehensive Assessment Portfolio to Graduate Faculty and other individuals interested in the student’s product.

Please Note: The Capstone course is separate and apart from the responsibilities of each student and the committee that will hear and assess the oral presentation. The Capstone course instructor is responsible for guiding each student through the preparation of his or her finished products for the oral examination of the electronic portfolio.

Department of Education and Psychology Support Services
The Department of Education and Psychology provides the following support services:

The Curriculum Materials Center located in the Willie and Jacqueline Gilchrist Education Building, provides a wide variety of books and instructional materials in the Teacher Education areas and at levels ranging from pre-primary through high school. The center houses state curriculum textbooks, ancillary materials, and selected journals. For prospective teachers, materials are available for unit construction, lesson planning, instructional aids, and teaching strategies. Other specific areas include the Children’s Reading Room and the Professional Library.

The Instructional Technology Laboratory provides state-of-the-art instructional technology. The Director of Instructional Technology ensures that students and faculty meet advanced technology competencies. Candidates have the opportunity to focus in-depth on class assignments and research projects. Students and faculty are taught to use state-of-the-art technologies for integrating these technologies into a 21st Century delivery system.

The Office of School Services recruits academically talented students in the 21-county region of northeastern North Carolina who are interested in teaching. This office enhances communication among the local school districts, the students and parents in the region, and the University. Public school outreach occurs through field-based placements, grant opportunities, and information about other university services.

The Elizabeth City State University Laboratory School serves children ages three through five years. The Laboratory School is a component of the Department of Education and Psychology. The Laboratory School’s goal is to provide education majors an opportunity to become familiar with young children and their characteristics, and to enable the transition of theoretical concepts into practical application. In addition to being a site for training teacher education majors, the Laboratory School’s goal is to provide a learning environment that will help young children develop to their maximum potential physically, cognitively, socially, and emotionally.

All classrooms in the Willie and Jacqueline Gilchrist Education and Psychology Complex have been constructed to support full audiovisual conferencing, and classrooms have audiovisual display capabilities to enhance instruction. These resources serve as technological support for faculty, staff, and students for presentations, research, demonstration, and teaching.

Elizabeth City State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the baccalaureate and master’s levels. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the status of ECSU.

The Teacher Education Program is a member of the American Association of Colleges of Teacher Education (AACTE) and the North Carolina Association of Colleges of Teacher Education (NCACTE).

The Teacher Education Program is accredited by the National Council for Accreditation of Teacher Education (NCATE), 210 Massachusetts Avenue, N.W., Suite 500, Washington, DC 20036-1023 and has North Carolina Department of Public Instruction (NCDPI) program approval.

PROGRAM DESCRIPTION

Elizabeth City State University (ECSU) is a scholarly community committed to providing a comprehensive education to prepare students for rewarding professional careers or graduate study in science, technology, and science education-related areas. Consistent with the goals of the University, the Department of Natural Science offers a Master of Science Degree in Biology with a focus on Biological Sciences and Biology Education. The program provides opportunities for advanced study in the biological sciences and to pursue research investigations in specialized areas of interest or further preparation in public school education. The broad base of formal coursework and research in the life sciences will provide the depth required for further graduate study or for careers in industry, government, community college teaching, or public school instruction. A thesis is required for the successful completion of the Master of Science degree in the Biology - Biological Sciences track and an action research project must be completed for the Master of Science in Biology - Biology Education track. The thesis or action research project is developed and completed under the guidance of a faculty advisor and both are defended and approved as a requirement for graduation. Appropriate thesis topics are developed within any of the broad range of areas of faculty expertise, including studies at the molecular to organism and population levels. Action research projects are developed as a collaborative between the department and public school facility, and research is carried out in a public school classroom. In addition to the thesis document or action research project, 30 credit hours of coursework are required to complete the Master of Science in Biology - Biological Sciences track and 36 credit hours for the Master of Science in Biology - Biology Education track.

Educational Objectives

The Master of Science in Biology - Biological Sciences track is designed to provide a wide exposure to a number of advanced biological techniques, knowledge, and concepts, including, in part, those related to animal and plant biotechnology, microbiology, parasitology, cell biology, molecular biology, and environment. Students graduating from this program will be in a strong position to enter PhD programs and professional schools, pursue private or governmental technological, health, and science management careers or teach at a community college. The Master of Science in Biology - Biology Education track is designed for those individuals who have previously obtained a public school science teaching license in North Carolina (or its equivalent) and desire to further their education and skills in the area of public school instruction. One culmination of this program is the development of an approved action research project that encompasses data collected in a public school classroom and provides information toward improving public school instruction.

Facilities and Resources Available

The Master of Science in Biology program is primarily housed in the Jenkins Science Center (JSC) on the ECSU campus. JSC was constructed in 1990 and has an area of 50,000 square feet devoted to classrooms, teaching laboratories, specialized research areas, instrumentation and equipment rooms, a planetarium, and faculty and administrative offices. Additionally, there is a dedicated graduate program computer laboratory in the building where graduate students have access to thesis and action research project preparation resources. Jenkins Science Center houses the Department of Natural Resources, and this department’s diverse faculty members, specializing in biology, chemistry, physics and geology, allow opportunity for interdisciplinary collaboration and research for students in the Biological Sciences track. The department collaborates closely with members of the ECSU Department of Education and Psychology for those in the Biology Education track, and it offers a host of projects that are critical to today’s educational needs. Research faculty in the Graduate Program are engaged in a wide diversity of projects that are ideal for graduate-level involvement, including animal and plant biotechnology, cell transformation and physiology, parasitology, environmental microbiology, restoration ecology, and cancer biology, and graduate faculty members understand the issues concerning public school instruction in the 21st Century.

Admission Requirements

Admission to the Graduate Education program with the specific intent of entering the Department of Natural
Sciences Master of Science Biological Sciences or Biology Education track requires the applicant to interview with the Department of Natural Sciences Graduate Co-coordinator. An applicant interested in the Masters of Science in Biology cannot be admitted to the Graduate Program until the department-level interview has occurred and feedback is provided to the Office of Graduate Education. The purpose of the interview is to ensure that the Biological Sciences and Biology Education tracks meet the needs of the applicant and any educational areas that may need strengthening are identified prior to admission to the Graduate Education program. An interview with the department will be scheduled after the Office of Graduate Education has received at least the applicant’s transcript(s), one-page expository statement and three letters of recommendation. The departmental interview can be conducted via telephone or in-person and may require communication with additional Department of Natural Sciences Graduate Faculty, depending, in part, on the applicant’s potential research interests. Applicants to the Biology Education track must hold a North Carolina biology (or related science) public school teaching license (or equivalent) and have access to a public classroom in which to conduct teaching research for a culminating action research project.

Admission processes and documents submitted to the ECSU Office of Graduate Education with the intention of becoming a candidate in the Department of Natural Sciences include:

- A Baccalaureate degree from an accredited institution;
- Undergraduate courses in genetics, microbiology, cell biology, biochemistry, molecular biology, general chemistry, biochemistry, organic chemistry, general physics and calculus;
- An overall minimum GPA of 3.0 (4.0 scale);
- A minimum GPA of 3.0 in all biology courses and a minimum GPA of 2.5 in all supporting coursework in chemistry, physics, and mathematics (4.0 scale);
- Two official transcripts from all institutions attended with indication of degree earned (if not in English, certified translations must accompany the transcripts);
- Three letters of recommendation on Graduate Recommendation Forms from faculty or those in a supervisory role that are familiar with your academic, research, and/or career performance;
- One page expository description of educational preparation, research interests, and career goals;
- An interview with the Department of Natural Sciences Graduate Program Co-coordinator;
- Completed application for Graduate Education program admissions;
- Application fee;
- Submission of scores for the Graduate Record Examination (GRE) General Test, the Medical College Admission Test (MCAT), or the Dental Admission Test (DAT); Scores cannot be older than 5 years at the time of the submission;
- Test of English as a Foreign Language (TOEFL), if applicable;
- ECSU Health Form;
- A Residence Form;
- A letter of support from a public school official confirming the applicant’s appropriate access to a classroom to conduct teaching research (if not employed as a public teacher). Required for Biology Education track.

Important Note: Upon admission to the Graduate Education program, the student is expected to assume, in part, the following responsibilities: (a) follow all of the policies of the Office of Graduate Education and the Department of Natural Sciences Graduate Program as specified in the Graduate Catalog; (b) consult with an assigned advisor before registering for courses; (c) prepare a Program of Study within the first semester that is approved by the advisor, the department program coordinator, the department chair, and the director of the Office of Graduate Education; and (d) obtain full permission before making any substitutions or modifications to a Program of Study.

Degree Requirements

The degree requirements are:

1. Total hours required: at least 30 for Biological Sciences and 36 for Biology Education;
2. Course Load: A full course load is nine credit hours per semester. The maximum number of graduate hours in any semester is twelve;
3. Grades: Students with a cumulative grade point average below required standards (3.00) must limit their course load to 6 semester hours and are subject to an academic warning (first occurrence), probation (second occurrence), and/or suspension (third occurrence). Students have the right to appeal academic suspensions and apply for readmission if they believe that failure to maintain the minimum cumulative grade point average for continued enrollment was due to extenuating circumstances. Students may appeal academic suspension and apply for readmission to the University.
4. Amount of transfer credit accepted: maximum of 6 hours;
5. Any grade below a "C" is grounds for dismissal from the program and may require a re-application for admission;
6. No more than two "C" grades may be obtained during the entire matriculation period;
7. Other requirements:
   Each student will be advised by the Biology Graduate Co-coordinator initially, until such time as the student forms his or her graduate committee (by the second semester). The Biology Graduate Co-coordinator will help students settle any concerns that they may have about the program.

Research/Thesis requirements: The M.S. degree program requires completion of research in a biological specialty or sub-specialty, or in an area of teacher education development, and it requires approval of a thesis or action research project and oral defense of that work. The student must complete and defend a thesis or action research project that resulted in high quality, scholarly work, approved by the student’s committee. The student must orally present and successfully defend the thesis or action research project to his or her advisory committee.

Course Load
Nine credit hours are required for full-time status. No more than twelve credit hours may be taken in a single semester. Note that the thesis-track Master of Science program requires original research be pursued outside of course meeting periods and an action research project to be conducted in a public school classroom. This thesis and action research project necessarily require a significant time commitment and the student must be prepared to undertake this effort.

Transfer Credits
No more than six credit hours may be transferred from other accredited institutions. Transfer credits must be approved by the student’s advisory committee. Transfer credits cannot have been completed in excess of six years prior to the time of the transfer request. Transfer course credit hours must exceed or equal the number of credit hours of the ECSU graduate course to be substituted and cannot be split between two ECSU graduate courses.

Graduate Committee and Thesis/Action Research Project Requirement
The admitted student is responsible for contacting ECSU graduate faculty professors and potential experts in their research field to form a graduate committee. The graduate committee is responsible for guiding the majority of student academic and research efforts and has final approval on such key areas as research topic, Program of Study, and thesis defense. The graduate committee must be composed of at least three and no more four full-time ECSU graduate program faculty with at least two members serving in the Department of Natural Sciences and one member serving as committee chair. The committee chair must be an ECSU full-time graduate faculty member, but may be affiliated with a department other than the Department of Natural Sciences. If the student’s thesis topic requires expertise outside the University, it is permissible to add a member from outside ECSU in addition to three ECSU full-time graduate faculty members. Any exceptions to the graduate committee structure outlined here requires approval of the department Graduate Program Co-coordinator.

The Masters of Science in Biology - Biological Sciences and Biology Education tracks require the completion of unique and high quality research designed under the guidance of the student’s graduate committee. This specific process begins with the formal approval of the thesis or action research project proposal by the graduate committee. The research, which represents a significant portion of effort in the program, must make a notable contribution to the advancement of knowledge in the student’s discipline area. The thesis or action research project is the culminating documentation of the research efforts, and the student must orally present and successfully defend the thesis or action research project to the full satisfaction of the graduate committee as a requirement for graduation.

Time Limit
The program is designed to be completed in two years under full-time status enrollment for students in the Biological Sciences track and three years for students in the Biology Education track. The degree program must be completed within six successive calendar years from the initial acceptance semester. Students in programs that remain incomplete after six successive years must reapply for admission to the Graduate Education program. Note that course credits completed in excess of six years prior to the time of readmission are not
eligible for use in the student’s revised Plan of Study. Also, reapplication to the Graduate Education program under these circumstances does not guarantee readmission.

Dual Enrollment

Permission from the student’s graduate committee must be obtained for the student to be dual-enrolled in other academic programs (undergraduate, graduate, or professional), whether at ECSU or another institution at any time during matriculation in the ECSU graduate program.

Grade Requirements

Students must earn an overall minimum GPA of 3.0 (4.0 scale) in graduate coursework. Any single course grade below "C" or earning more than two "C" grades, regardless of the number of credit hours of a course, will be cause for termination of the student’s program, regardless of past progress, and the termination will result in the need to reapply for admission to the Graduate Education program. Note that reapplication to the Graduate Education program under these circumstances does not guarantee readmission.

Exit Requirements

To be awarded a Master of Science in Biology degree, each student must:

- Complete 30 total credit hours with at least 24 credit hours completed in residence for the Biological Sciences track. Complete 36 total hours with at least 30 completed in residence for the Biology Education track.
- Achieve an overall minimum GPA of 3.0 (4.0 scale);
- Earn no more than two "C" grades and no grade below "C";
- Complete a thesis on original research that has been orally defended and formally approved by the graduate committee (Biological Science); or complete and have approved by the committee an action research project developed from data collected on teaching methods in a public school classroom (Biology Education);
- Complete a graduation application and obtain all approval signatures;
- Meet all other requirements for a Master’s Degree in effect for the masters programs at ECSU;
- Complete an exit interview with the Department Program Co-ordinator to evaluate program strengths and weaknesses; and
- Complete all exit requirements within six years of the initial acceptance semester.

PROGRAM DESCRIPTION

The Department of Mathematics and Computer Science offers a Master of Science Degree in Mathematics with Concentrations in Applied Mathematics, Remote Sensing, Mathematics Education, and Community College Teaching. The program provides a broad base of formal course work and research in mathematics, and it requires students to complete a thesis or action research project. The Applied Mathematics concentration provides the depth required for preparation for further graduate study or careers in industry. The Remote Sensing concentration provides instruction in active and passive remote sensing techniques and applications. In order to satisfy the thesis requirement, students may select expository or original research topics in mathematics education or in pure or applied mathematics, including investigations involving statistics or computer applications. Individuals pursuing the Mathematics Education concentration must have a current "A" teaching license issued by the North Carolina Department of Public Instruction. The Mathematics Education concentration instills the pedagogical content knowledge required for teaching at the secondary level. Graduates of the Mathematics Education concentration will emerge with an advanced "M" license and will be equipped with the tools necessary to serve as leaders in the evaluation of curricula and in the development and implementation of professional development programs. The Community College concentration provides the content and pedagogical knowledge necessary to teach at the community college level. Graduates will be well-versed in educational research methods and assessment techniques. The selection and completion of a thesis or action research topic will be overseen by a faculty advisor together with a thesis committee. A total of 36 credit hours is required to complete the degree. The program is designed for completion in four to six semesters, depending on whether or not students enroll full-time.

Educational Objectives

The Master of Science Program in Mathematics at Elizabeth City State University is designed to provide the breadth of exposure in mathematics and to enhance the intellectual attitudes and the analytical skills needed for the comprehension, appreciation, creation, application, and teaching of mathematics. The program will provide students with an opportunity for utilizing technology to improve learning mathematics, for exploring connections between various areas of mathematics, for developing good mathematical skills, for developing independent and group learning skills, and for researching best practices in teaching and learning mathematics. The structure of the program will offer graduates significant training for careers as mathematical scientists in business, government, and industry.

Admission Requirements

Admission to the program requires an undergraduate major in mathematics or a related field (such as computer science, statistics, science, or education with a minor in mathematics); undergraduate preparation should include the equivalent of Calculus III, Linear Algebra, and Statistics. Admission requires an overall GPA of 3.0 on a 4.0 scale. Students who have deficiencies in admission requirements may be admitted with a conditionally classified graduate status by taking additional specified preparation courses, but the units earned to remove these deficiencies may not be used towards the ECSU Master of Science Degree in Mathematics.

Application Requirements

The application requirements are:

- Completed application for ECSU graduate admission, with $30 non-refundable application processing fee;
- Typewritten one-page expository description of student's educational preparation, research interest, and experience, if any, and career aspirations;
- Two sets of official transcripts from all colleges and universities attended and official indication of graduation (if not in English, certified English translations must be included);
- Three Graduate Recommendation Forms in sealed envelopes;
- Copy of GRE score, taken within the past five years (original should be sent from ETS: 15346);
- Copy of TOEFL score, if applicable (original should be sent from testing agency); and
- Completed ECSU health form.
Course Load
Nine semester hours are required for full time status.

Transfer Credits
No more than six (6) graduate credit hours may be transferred from other institutions.

Time Limit
The program is designed for completion in four to six semesters, depending on the number of credits taken per semester. However, the degree program must be completed within six successive calendar years. Programs remaining incomplete after this period are subject to cancellation.

Thesis/Action Research Requirements
Students will choose a faculty member (with the approval of the Coordinator of Graduate Program) in his or her area of interest to direct development of the thesis or action research project. The thesis/action research project topic selection and completion will be directed by the faculty advisor and three faculty members -- two within the department and one outside the department. The thesis will be defended at an open seminar and approved by the thesis committee.

Grade Requirements
Students must earn a 3.0 overall grade point average in graduate coursework in order to graduate. Students are limited to a total of two C’s in their graduate coursework. Any student earning three C’s will be dropped from the program.

Degree Requirements
The degree requirements are:
1. Complete a minimum of 36 hours of graduate credit applicable to the program:
2. Complete a thesis; and
3. Maintain a minimum GPA of 3.0

Total Hours required for degree 36
Course Descriptions

Master of Education in Elementary Education Course Descriptions

EDUC 503: Computers in Education (3)
Teachers use a variety of tools to facilitate learning and professional development. Teachers gain basic competencies in the instructional use of technology. They explore in a hands-on, laboratory environment the current computer competencies as set forth by the North Carolina Department of Public Instruction (NCDPI) and the standards of the International Society for Technology in Education (ISTE). Teachers will use these fundamental concepts and skills to apply information technology for making decisions in educational settings.

EDUC 510: Applying Instructional Computer Technology (3)*
Provides P-12 educational leaders with the skills necessary to use a wide variety of current technologies to facilitate learning and professional development. They investigate various software and discuss (1) learning styles as they relate to P-12 students and teachers using computers for instruction; (2) teaching strategies for one-computer classroom and computer labs; and (3) other topics such as cost, accessibility, security, and ongoing teacher technology development. Students receive both theoretical and practical considerations for planning and implementing technology in schools. Instruction consists of blended learning (Web-enhanced and face-to-face instruction). There will be three classes during the semester when students will meet on campus with the instructor.

EDUC 600: Educational Research Methods (3)
Students study the development and use of research, research methods, applied research, basic research, methods of reasoning, fallacies in reasoning, statistical methods, thesis writing, survey research, and evaluation of research. Students examine and discuss research to develop strategies for documenting action research. The APA format is the basis for reporting critiques and findings. Prerequisite: Consent of Instructor.

EDUC 611: Classroom Assessment (3)
Accomplished teachers value student assessment as a source of information about their own instruction as well as student learning. Teachers acquire knowledge and experience with a range of assessment options and methods, and they consider strategies for making appropriate choices among them. Teachers investigate their own current assessment practices to identify problems and concerns and to consider factors other than knowledge that might impact student performance. They examine a variety of authentic assessment strategies and consider the interaction of assessment, pedagogy, and curriculum on instructional decision-making.

EDUC 612: Home, School, Community Relations (3)
Accomplished teachers and educational leaders use their knowledge of the social and cultural contexts that shape student development to support child-centered productive relationships. Students use a case-study approach to investigate these relationships. Included is an examination and analysis of these institutions and the impact of mass media on public support. Analyses must include suggestions or modifications that reflect their deeper understanding of the interrelationship of contexts in supporting instruction from a child-centered point of view. Participants will develop and present a workshop informed by the case analysis.

EDUC 615: Educational Leadership (3)
This is an advanced course for graduate elementary education students. This course will provide practical knowledge for blending content areas to maximize student learning and to prepare teachers to meet the needs of all of their students. All assignments will reflect knowledge, understanding and usage of major concepts, principles, theories, and research related to the development of children and young adolescents as well as the ability to construct learning opportunities that support individual students’ development, acquisition of knowledge, and motivation. Additionally, students will demonstrate the ability to integrate and apply knowledge for instruction, adapt to diverse students, promote the development of critical thinking and problem solving and active engagement in learning, and utilize communication to foster collaboration. Students will demonstrate the above competencies through the successful completion of a Professional Development Event, a Best Practices research paper and presentation, and other assignments.

EDUC 621: Seminar in Leadership Development (2)*
Accomplished teachers collaborate with peers, share
Expertise, mentor less-experienced colleagues, and they contribute to their school and professional field. This course helps teachers become effective mentors and collaborators. Team building and leadership and clinical supervision are central topics. Teachers plan, carry out, and reflect upon a series of activities that place them in these roles, including mentoring initially-licensed or student teachers in their classroom or on their school site.

EDUC 640: Collaborative Action Research (4)
Accomplished teachers in dynamic settings develop new ideas, acquire insights, make decisions, and continuously reflect upon and evaluate strategies. They are innovative and learn from the implementation. They recognize that modification and improvements to practice evolve over time and through thoughtful self-study. This course provides teachers with concepts, strategies, and tools for planning and carrying out systematic investigations of their own classroom practice. Teachers will partner with a faculty member and a teacher-peer or school-site or district colleague to plan and carry out an investigation of classroom practice.

Prerequisite: By permission of program coordinator. This course is taken for four semesters with each semester being worth 1 semester hour. Candidates must complete all four semesters for a total of 4 semester hours.

EDUC 642: School of Law and Ethics (3)
Teachers will examine the Constitution and statutory laws, regulations of local school boards, court decisions as sources of school laws, legal aspects of the control of pupil behavior, teacher tenure, teacher contracts, and dismissals.

EDUC 695: Topics in Education (3)
Provides opportunities for advanced investigations of selected topics in education. It may be taken by students beyond the first year in graduate school who wish to pursue topics not covered by regularly scheduled courses.

EDUC 699: Capstone Seminar (3)*
The seminar meets the needs of the individual for specific study of particular problems or fields of education. This course concludes the development of a Product of Learning. The Product of Learning is an opportunity for students to make the transition from a consumer to a producer of knowledge and innovation in the field of education. Educators as researchers investigate some area of educational theory or practice, gather and analyze information, and draw conclusions to add to the body of knowledge in the field of curriculum. Projects entail working toward the solution of an educational problem within the classroom. The capstone experience is an action research project. Action research projects are intended to be innovative, original work, completed in consultation with a committee of faculty advisors. Prerequisite: Admission to Candidacy.

ELEM 610: Teacher Elementary School Language Arts K-6 (3)*
Accomplished teachers value the dynamic classroom setting as a source of information about their own instruction and pedagogical principles and practices in literacy development. They have a deep understanding of literacy and offer students challenging and meaningful learning opportunities. In this course, teachers investigate the language arts curriculum to update their knowledge and understanding as informed by curriculum standards from national organizations. Teachers examine multiple models and approaches for teaching and assessing learning in literacy development and the examination of the relationship of literacy to achievement in all areas the curriculum. Stress is on phonics, skills of comprehension, and the interrelatedness of all areas of language arts instruction: reading, writing, listening, and speaking. Teachers integrate knowledge from language arts content and pedagogy to propose modifications to their own real-world classroom curriculum. They will plan, carry out, and describe a unit of instruction that reflects these insights.

ELEM 625: Differentiated Instruction (3)
This course will ensure that candidates have the professional and pedagogical knowledge and skills necessary to meet the needs of all 21st century learners. Candidates will respond to the needs of students with learning, behavior, and emotional disabilities who are diverse in culture and learning style, among other factors.

Upon completion of the course, all candidates will be able to do the following with a rating of proficient or higher (80% or higher):

Demonstrate the professional and pedagogical knowledge and skills necessary to meet the needs of all 21st century learners.

Develop and submit a plan of action that requires the selection and implementation of strategies that answers the questions related to student achievement and differentiated instruction, addresses the problem of the achievement gap, and promotes educational initiatives that positively affect student learning—specifically a plan that implements Differentiated Instruction.
ELEM 626: Integrated Elementary Curriculum (3)
This course is designed to promote a balanced approach to meeting the standards through an integrated elementary curriculum. It focuses on making connections and using the standards to align curriculum, content, assessment and instruction.

ELEM 631: Teaching Elementary School Mathematics K-6 (3)*
Accomplished teachers value the data-rich classroom setting as a source of information about their own instruction and pedagogical principles and practices in mathematics. They have a deep understanding of the mathematics content domains, they teach and offer students challenging and meaningful learning opportunities. In this course, teachers investigate the elementary mathematics curriculum to update their knowledge and understanding as informed by curriculum standards from national organizations, especially NCTM. Investigation focuses on mathematics and major approaches to the teaching of mathematics. Teachers will make decisions about applying problem-solving, analytical reasoning, and valuing mathematics for living to meet individual and group needs. Teachers will integrate knowledge from both mathematics content and pedagogy to propose modifications to their own real-world classroom curriculum through action research. They will plan, carry out, and describe a unit of instruction that reflects these insights.

ELEM 634: Teaching Elementary School Science K-6 (3)*
Accomplished teachers value the inquiry-based classroom setting as a source of information about their own instruction and pedagogical principles and practices in scientific inquiry. In this course, teachers investigate the elementary science curriculum to update their knowledge and understanding as informed by curriculum standards from national organizations, especially NSTA. Teachers will enhance their competence in science through reading and conducting research in the instruction of science. Teachers will make decisions about applying scientific standards and principles to meet individual and group needs. They will integrate and reflect upon knowledge from both science content and pedagogy to propose modifications to their own real-world classroom curriculum. Through action research, teachers will plan, carry out, and describe a unit of instruction that reflects these insights, such as they might choose for the NBPTS requirement.

ELEM 636: Teaching Elementary School Social Studies K-6 (3)*
Accomplished teachers value the culture and diversity in the dynamic classroom setting as a source of information for their own instruction and pedagogical principles and practices in social studies. They have a deep understanding of the elementary social studies domains they teach and offer students challenging and meaningful learning opportunities. In this course, teachers investigate the elementary social studies curriculum to update their knowledge and understanding as informed by curriculum standards from national organizations, especially NCSS. Investigation focuses on social studies and major approaches to integrating social studies in the home, school, community, and world. Teachers will use this integration to propose modifications to their own real-world classroom curriculum. Through action research, teachers will investigate domain knowledge, engage in rigorous self-reflection about teacher effectiveness, collaborate with colleagues, and engage in partnerships with parents. They will plan, carry out, and describe a unit of instruction that reflects these insights.

ELEM 650: Special Topics in Literacy (3)
Candidates engage in advanced pedagogy in literacy as they examine developmentally appropriate teaching strategies, instructional materials, instructional technology and evaluation strategies for teaching literacy. All candidates will complete a research paper that involves advanced pedagogy in literacy and the examination of strategies, materials, technology, and evaluation strategies for teaching literacy.

SPED 660: Inclusion of Students with Special Needs (3)
Teachers/educational leaders will use diversity in their classroom/school to examine exceptional individuals, including students labeled mentally disabled, emotionally disturbed, gifted, learning disabled, and sensory impaired. Participants use case analyses to gain a deeper understanding of assessment of strategies, teaching methodologies, techniques, materials, specific learning characteristics, and individual learning styles. Additionally, the course examines the family’s response to their special needs children and their way of supporting them from preschool through adulthood. They will also analyze research findings regarding children’s special needs and use those findings to document practices as they relate to making decisions promoting the full inclusion of students. Prerequisite: Consent of Instructor.

*These courses may be taken only by students who have been admitted to the Master of Education in Elementary Education Program.
MASTER OF SCHOOL ADMINISTRATION

Course Descriptions

EDUC 510: Applying Instructional Computer Technology (3)
This course provides K-12 educational leaders with the skills to use a wide variety of current technologies to facilitate student learning and their own professional development. They investigate various software and discuss (1) learning styles as they relate to K-12 students and teachers using computers for instruction; (2) teaching strategies for one-computer classrooms and computer labs; and (3) other topics such as cost, accessibility, security, and ongoing teacher technology development. Students receive both theoretical and practical considerations for planning and implementing technology in schools. Instruction will consist of blended learning (Web-enhanced & face-to-face instruction). There will be three classes during the semester when students will meet on campus with the instructor.

EDUC 600: Educational Research Methods (3)
Enrollees study the development and use of research, research methods, applied research, basic research, methods of reasoning, fallacies in reasoning, statistical methods, white paper writing, survey research, and evaluation of research. Students examine and discuss research to develop strategies for documenting action research.

EDUC 612: Home, School, and Community Relations (3)
Educational leaders use their knowledge of the social and cultural contexts that shape students to support child-centered productive relationships. In this course, students use a case-study approach to investigate these relationships. Included will be an examination and analysis of these institutions and the impact of mass media on public support. Analyses must include suggestions or modifications that reflect their deeper understanding of the interrelationship of contexts in supporting instruction from a child-centered point of view. Participants will develop and present a workshop informed by the case analysis.

EDUC 642: School Law & Ethics (3)
Students examine the Constitution and statutory laws, regulations of local school boards, court decisions as sources of school laws, legal aspects of control of pupil behavior, teacher tenure, and teacher contracts and dismissals.

ELPS 530: Internship Lab I (1)
This lab provides K-12 educational leaders with the skills to work with others in the school to identify, collect, and analyze all available data related to school performance. Students practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). The University Supervisor visits the school to obtain support from the practicing school administrator and discuss the requirements for completion. The lab meets face to face twice during the semester. Students take this lab during their first semester in the MSA program.

ELPS 560: Internship Lab 2 (1)
This lab provides K-12 educational leaders the opportunity to observe and gather information related to the implementation of all mandates, policies, and procedures. Students participate or observe in meetings, hiring and promotion decisions, etc. as appropriate. Students practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). The University Supervisor visits the school once during the semester observe the student performing in a leadership capacity/activity. The lab meets face to face twice during the semester. Students take this lab during their second semester in the MSA program.

ELPS 590: Internship Lab 3 (1)
This lab provides K-12 educational leaders the opportunity to work in school-based teams to implement instructional improvements and leadership development. Students practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). The University Supervisor visits the school once during the semester to observe the student performing in a leadership activity/capacity. The lab meets face to face twice during the semester. Students take this lab during their third semester in the MSA program.

ELPS 595: Internship Lab 4 (1)
This lab provides K-12 educational leaders the opportunity to work in school-based teams to complete their involvement and engagement, and to affect the school culture, safety audit, and action plan. Students practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). The University Supervisor visits the school once during the semester to observe the student performing in a leadership activity/capacity. The lab meets face to face twice during the semester. Students take this lab during their fourth semester in the MSA program.

ELPS 602: Principles of Educational Administration (3)
Students will be exposed to a variety of concepts, theories, and findings derived largely from behavioral sciences that can be applied in the practices of education administration. Drawing from an interdisciplinary framework, topics such as communication, decision-making skills, human
motivation, leadership, bureaucracy, and social systems will be discussed. Students will engage in classroom discussions, electronic chat rooms, student presentations, and written report/projects.

ELPS 603: Program Planning, Management, and Evaluation (3)
Current models, issues, and educational technologies (including needs assessment, goal consensus testing, educational program planning, staff development, resource deployment, progress monitoring, budgeting, and accountability/evaluation) will be discussed. Competencies are developed from case studies, role-playing, and team and individual assignments.

ELPS 604: The Principalship (3)
Students will receive an introduction to the role, responsibilities, expectations, and major duties of elementary, middle, and high school administrators. Students will be presented with typical problems faced by school administrators through simulations, case studies, and role-playing. Students will examine research-based best practices and will be expected to develop viable solutions to address problems and school improvement.

ELPS 605: Curriculum and Instructional Leadership (3)
This course surveys the organization, supervision, and evaluation of curricular innovation and instructional programs on the elementary and secondary levels. Basic concepts and processes of curriculum and instruction, including classroom arrangements (traditional, cluster, and open), organization and scheduling plans (continuous progress, cross-grade grouping, departmentalization, house plans, integrated day, non-graded, self-contained classrooms, etc.), general instructional methods (computer-based, individualized, team teaching, supervised independent studies), and alternative approaches (alternative schools, mini-schools, school within-a-school). Students will have reading assignments, peer presentations, classroom discussions, and written examinations.

ELPS 606: Leadership, Change & Organizational Development (3)
This course will provide theories and theorists on effective leadership. Organizational theories and school culture and its impact upon special groups will also be discussed. Students will examine critical issues in educational governance (federal, state, and local levels) and how to create effective and lasting change(s). An integrative approach will be employed. Students will participate in lectures, electronic chat room discussions, small group activities, and individual projects.

ELPS 607: School Finance (3)
Students study the economic, political, and legal aspects of financing public instruction. This course provides an historical overview of school finance theories and practices. Students learn about the implementation of budgets and the importance of budget evaluation and its effects on the organization. Additionally, this course addresses emerging partnerships with businesses, industries, and others. Students will be evaluated on their class participation, oral and written reports, and a final exam.

ELPS 697: Early Internship I (2)
The course provides students (candidates) the opportunity to participate in specific administrative duties and functions, if not started previously. K-12 educational leaders begin and complete the implementation of all action plans. Students practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). Student begin and complete systematic collection of data reflecting the effectiveness of all projects and prepare final evaluations to be submitted for grades (TaskStream). The University Supervisor visits the school twice during the semester to observe the student performing in a leadership activity/capacity. The lab meets face to face twice during the semester. This may be the last course required for students who are currently employed as school administrators. A minimum of 500 internship hours are required. The complete E-Portfolio must be submitted in TaskStream and defended orally. Students must obtain a grade of 80 out of 100 points to pass the oral exam. All MSA and university requirements must be met before students can be recommended for MSA licensure.

ELPS 698/ELPS 699: Internship in School Administration and Capstone II & III (3, 3)
Both courses provide students (candidates) with the opportunity to engage in field-based activities related to school administration. These learning experiences afford students the opportunity to practice administrative and leadership skills under the guidance of a mentor (practicing school administrator). During this Internship, students (candidates) continue to complete the requirements of the E-Portfolio. They continue the implementation of all projects, case studies, etc., as required components in the E-Portfolio. They accept additional responsibilities, as assigned by their mentor (practicing school administrator). The lab will meet face-to-face three times during the semester. The University Supervisor visits the school twice during the semester to observe the student (candidate) performing in a leadership activity/capacity. During the seminars/capstone, current issues and trends are
discussed, best practices are shared, and faculty and other practicing school leaders provide additional professional development opportunities to expose and engage our interns in leadership development. A minimum of 500 Internship Hours are required. The completion of the E-Portfolio must be submitted in TaskStream, and presented orally. Students (candidates) must obtain a score of 80 out of 100 to successfully pass the oral exam. All MSA and university requirements must be met before students can be recommended for the MSA licensure. If additional time and educational leadership experiences are needed to fulfill all requirements of the MSA program, students (candidates) have the option to enroll in ELPS 699: Internship III, and Capstone 2. In this course, the University Supervisor visits the school twice during the semester to observe the student (candidate) performing in a leadership activity/capacity. During the seminars/capstone, current issues and trends are discussed, best practices are shared, and faculty and other practicing school leaders provide additional professional development opportunities to expose and engage our interns in leadership development. A minimum of 500 Internship Hours are required. The completion of the E-Portfolio must be submitted in TaskStream, and presented orally. Students (candidates) must obtain a score of 80 out of 100 to successfully pass the oral exam. All MSA and university requirements must be met before students can be recommended for the MSA licensure.

MASTER OF SCIENCE IN BIOLOGY COURSE DESCRIPTIONS

All 3 credit hour courses are 2 hours lecture and 3 hours laboratory meetings per week unless otherwise indicated in the course description.

BIOL 500: Scientific Research and Communication (2)
Expectations of the graduate program. Scientific manuscript preparation and communication techniques: manuscript format, graphics, design of experiments, library use, oral presentation, mentoring in teaching, oral presentation, and writing techniques.

BIOL 502: History and Principles of Biology (3)
Lecture course which deals with significant developments in the field of biology. Intensive readings deal with important biological concepts and the relation of these concepts to other areas of science.

BIOL 503: Advanced Genetics (3)
Advanced study of genetic principles as revealed by recent evaluations of genetic material; the genetics of microorganisms; cellular and molecular genetics. Genetics of prokaryotes and eukaryotes. Prerequisite: Botany, Zoology, Introductory Genetics and a year of Chemistry or the consent of instructor.

BIOL 504: Cellular Physiology (3)
Chemical and physical activities of living systems; functions and activities of cells, including the nature of enzyme systems, nucleic acids, and other aspects of cellular metabolism. Prerequisites: Botany and Zoology and at least one semester of organic chemistry or the consent of the instructor.

BIOL 505: Research Problems (3-6)
Laboratory-oriented studies and experiments that are relevant to students' theses and projects.

BIOL 506: Environmental Microbiology (3)
A comprehensive look at the state of knowledge in environmental microbiology by discussing recent primary literature and review articles. Topics include microbial ecology, pollution and bio-remediation, mineral cycling, biofilms, and microbial treatments of waste waters. Prerequisite: Microbiology or the consent of the instructor.

BIOL 507: Virology (3)
In-depth study of bacterial, plant, and animal viruses, with a concentration on human pathogens. Emphasis on classification structure, replication, and the molecular basis of pathogenesis. Prerequisites: Microbiology, Genetics, Organic Chemistry, and Biochemistry or the consent of the instructor.

BIOL 508: Parasitology (3)
Nature of parasitic relationships among animals; detailed consideration of protozoans, helminths, and arthropods known to exist in various symbiotic associations with human organisms and animals of economic importance. Prerequisites: Zoology, Microbiology or the consent of the instructor.

BIOL 509: Ecology and Organismal Biology (3)
Intensive study of organisms in relation to the environment. Special emphasis on environmental factors, ecological succession, and the dynamics of interspecific relationships. Interactions at the various levels: populations, community, and ecosystem levels; conservation and productivity with field studies.

BIOL 510: Molecular Biological Techniques (3)
Emphasis on techniques and instrumentation developed in molecular biology in recent years.

BIOL 511: Mycology (3)
Intensive study of fungi involved in various biological interrelationships. Consideration of marine and medical mycology. Prerequisites: Basic preparation in plant and animal biology and at least one year of Chemistry or the consent of the instructor.
BIOL 512: Molecular Plant Systematics (3)
Molecular classification and identification of vascular plants, primarily emphasizing phylogenetic relationships among the angiosperms. Laboratory and field work dealing primarily with local flora. Prerequisites: Botany, Molecular Biology, and Experimental Methods or the consent of the instructor.

BIOL 513: Applied Microbiology (3)
Immunology, medical bacteriology, and microorganisms of special environments, such as water, food, and soil. Prerequisites: Microbiology or the consent of the instructor.

BIOL 514: Pollution Biology (3)
In-depth study of the importance of biodiversity in the major ecosystems of the world. Examination of endangered, threatened, and vulnerable species. Details of conservation and preservation techniques. Greenhouses, botanical gardens, zoos, national parks, and habitat protection. Watershed management. Application of modern technology to conservation.

BIOL 515: Poisonous and Medicinal Plants (3)
Past, present, and possible future uses of plants in pharmacy, vermin control, and medicine with particular emphasis on sources and properties of alkaloids, glycosides, steroids, and antibiotics. Prerequisite: Microbiology and one year of Organic Chemistry or the consent of the instructor.

BIOL 516: Medical Microbiology (3)
Pathogenesis, diagnosis, treatment, and prevention of human pathogens, including bacteria, protozoa, and fungi. Emphasis will be on sources and properties of alkaloids, glycosides, steroids, and antibiotics. Prerequisite: Introductory Microbiology and one year of Organic Chemistry or the consent of the instructor.

BIOL 517: Experimental Plant Biochemistry (3)
An analysis of physiology, biochemistry, and development of plants. Lecture topics include respiration, photosynthesis, plant molecular biology, genetic engineering, and the role of environmental signals in plant development. Prerequisites: Botany and one year of Chemistry or the consent of the instructor.

BIOL 518: Special Topics in Advanced Biology (1-3)
The exploration of graduate-level topics of particular interest to the student and within the specific field of expertise of the professor. Prerequisite: the consent of the instructor.

BIOL 521: Issues and Trends in Science Education (3)
Educators in science will become familiar with trends and research perspectives on learning and teaching through the use of current literature. Critical analysis of field origins, recurring issues, research findings, and program developments.

BIOL 600: Comparative Endocrinology (3)
Chemical integration in animals, physiological action of hormones, and the role of hormones in growth and differentiation, with special reference to vertebrates.

BIOL 601: Advanced Human Anatomy and Physiology (3)
A comprehensive study of systemic human anatomy and physiology. Emphasis is placed on normal morphology, physiology, and systems interrelationships as a basis for studying disease processes. Prerequisites: One year of General Chemistry and Organic Chemistry or the consent of the instructor.

BIOL 602: Biomolecules (3)
Chemistry and reactions of constituents of living matter, carbohydrates, lipids, proteins, nucleic acids, vitamins, coenzymes, and minerals. A comprehensive discussion of the bioenergies, transformations, degradative and biosynthetic pathways of cellular constituents, metabolic regulations, and enzymatic reaction mechanisms. Prerequisites: One year of Organic Chemistry or the consent of the instructor.

BIOL 605: Advanced Cellular Biology (3)
Investigation of cell structure, physical/chemical composition, organization, and metabolism using advanced laboratory techniques and current journal articles as a basis for discussions.

BIOL 606: Immunology (3)
In-depth study of the immune system. Emphasis on immunochemistry, humoral and cellular immunity, transplantation and tumor immunology, and the role of the immune system in the prevention of and recovery from diseases caused by human pathogens. The role of the immune system in allergy, transplantation, immunodeficiency diseases such as AIDS, and autoimmune diseases. Prerequisites: Microbiology, Genetics, Organic Chemistry, and Biochemistry or the consent of the instructor.

BIOL 607: Thesis Proposal Preparation (1-6)
The primary objective is to help graduate students develop an understanding of requirements for developing a master’s thesis research proposal. In addition, by students are required to write a preliminary proposal and make an oral presentation of their proposal. Emphasis upon materials, techniques, and subject matter that may form the basis for a thesis problem. Prerequisite: the consent of the instructor.

BIOL 610: Graduate Seminar (1)
Presentation of reports or reviews of history or literature, and discussion by graduate students, staff, and visiting scientists on modern developments in
Biology. *May be repeated up to three times for credit.*

**BIOL 615: Applied Biotechnology (3)**  
Study of theories and techniques essential to laboratory research in agricultural, environmental, or medical biotechnology, such as safety and record keeping, genomic informatics, DNA, RNA, protein analysis, and analysis of biological systems.

**BIOL 618: Developmental Biology (3)**  
Intensive study of early development in vertebrates, including gametogenesis, fertilization, cleavage, germ-layer formation, organogenesis, and formation of extra embryonic membranes. *Prerequisites: Zoology, Microbiology, and Comparative Anatomy or Human Physiology or the consent of the instructor.*

**BIOL 640: Planning for Action Research I (1)**  
The first of a four-part series (BIOL 640, 641, 642, and 643) designed to formalize the communication that must occur between student and graduate committee toward developing the Action Research Project (ARP). Focus on choosing, designing, conducting, and reporting the ARP research.

**BIOL 641: Planning for Action Research II (1)**  
The second of a four-part series (BIOL 640, 641, 642, and 643) designed to formalize the communication that must occur between student and graduate committee toward developing the Action Research Project (ARP). Focus on choosing, designing, conducting, and reporting the ARP research.

**BIOL 642: Planning for Action Research III (1)**  
The third of a four-part series (BIOL 640, 641, 642, and 643) designed to formalize the communication that must occur between student and graduate committee toward developing the Action Research Project (ARP). Focus on choosing, designing, conducting, and reporting the ARP research.

**BIOL 643: Planning for Action Research IV (1)**  
The fourth of a four-part series (BIOL 640, 641, 642, and 643) designed to formalize the communication that must occur between student and graduate committee toward developing the Action Research Project (ARP). Focus on choosing, designing, conducting, and reporting the ARP research.

**BIOL 650: Adv Theory and Practice in Teaching Science (3)**  
Focus, in part, on teaching and reflection, curriculum design, rubric grading and assessment, and activity-based learning specific to science teaching. Current literature will serve as the basis for assignments that lead to practical curricula improvements.

**BIOL 698: Action Research Project (1-6)**  
This course documents completion of the written Action Research Project and the oral defense of that work. *Prerequisite: the consent of the instructor.*

**BIOL 699: Thesis and Research (1-6)**  
This course documents completion of the written master’s thesis and the oral defense of that thesis. *Prerequisite: the consent of the instructor.*

**BIOL 700: Thesis Registration (1)**  
This course documents continuation of data analysis, interpretation, and progress toward completion of the Master’s Thesis in Biology for students in absentia. Credit earned does not count toward degree requirements. *Prerequisite: Previous registration for BIOL 699 Thesis and Research.*

**BIOL 701: Graduate Internship (2-6)**  
A course integrating subject matter of a biological nature with practical work experience in an approved agency. *Prerequisite: Consent of Biology Graduate Coordinator and Department Chair.*

**MASTER OF SCIENCE IN MATHEMATICS COURSE DESCRIPTIONS**

**MATH 501: Advanced Linear Algebra: (3)**  
A study of finite dimensional vector spaces. Among the topics covered are matrices, linear transformations, change of basis, dual spaces, eigenvalues and eigenvectors, Jordan and other canonical forms, diagonalizable transformations, normal and unitary operators, bilinear forms and their matrix representations, connections to other branches of mathematics, and applications to/in high school teaching. *Prerequisite: MATH 351 (Linear Algebra) or equivalent.*

**MATH 503: Modern Algebra: (3)**  
Review and continuation of the study of algebra. Covers some of the following: the theory of finite group theory, including the fundamental theorem of finite Abelian groups, quotient groups, and the Sylow theorems; polynomial rings, Euclidean rings, unique factorization, number fields, finite fields, and field extensions. Course will discuss the connection of abstract algebra to concepts taught in high school mathematics, as well as connections to other mathematics areas. *Prerequisite: MATH 354 (Abstract Algebra I) or equivalent or permission of the instructor.*

**MATH 511: Real Analysis: (3)**  
Topology of the real line, sequences and series, metric spaces, real-valued functions, functions of bounded variation, theory of differentiation and integration, and
introduction to Lebesque integration. Prerequisite: introductory course in real analysis is assumed.

MATH 515: Applied Statistics: (3)
Probability Models; Review of probability theory, random variables, and probability distribution; Inference; estimation, hypothesis testing, categorical analysis data, regression and correlation, analysis of variance, and nonparametric methods. Prerequisite: STAT 351 (Probability and Statistics I) or equivalent course or permission of instructor.

MATH 532: Systems and Control Theory I: (3)
Linear dynamical systems, stability, frequency response and Laplace transform, feedback, state-space description, and geometric theory of linear systems. Applications to biological, chemical, economic, electrical, and mechanical systems. Prerequisite: MATH 511 or equivalent course.

MATH 553: Graph Theory: (3)
Fundamental concepts; Eulerian graphs, adjacency and incidence matrices, trees, planar graphs, graph embeddings, connectivity, Hamiltonian graphs, matching, factorization, graphs and groups, Cayley color graphs, line graphs, the Reconstruction problem, spectra of graphs, graph and map coloring, external graph theory, and Ramsey theory. Prerequisite: MATA 262 (Discrete Methods) or equivalent.

MATH 560: General Topology: (3)
General theory of topological spaces, metric spaces, continuity, product and quotient spaces, separation axioms, compactness and connectedness. Prerequisite: Completion of a course in Real Analysis.

MATH 580: Functional Analysis (Formerly Applicable Analysis MATH 511): (3)
Linear spaces, subspaces and linear span, examples of normed linear spaces, linear maps, null spaces, image spaces, invertibility, isomorphisms, normed linear spaces, product spaces, linear functionals, hahn-banach theorem, convergence and continuity, banach spaces, open mapping and closed graph theorems, inner product spaces, contraction mapping principle, orthogonal and complete orthonormal sets, hilbert spaces and linear operators. Prerequisite: MATH 511 or MATH 560.

MATH 600: Number Theory: (3)
Introduction to number theory from the algebraic and/or analytic point of view. Includes some of the following: Diophantine equations, congruences, quadratic reciprocity; quadratic forms, and public key cryptosystems. Combines theoretical ideas with computer lab experimentation. Prerequisite: MATH 350 (Number Theory) or consent of instructor.

MATH 620: Nonlinear Dynamics: (3)
First-order differential equations and their bifurcations, phase plane analysis, limit cycles and their bifurcations, Lorenz equations, chaos, and application of biology, chemistry, physics and engineering. Prerequisite: MATH 458 (Differential Equations) or equivalent.

MATH 650: Seminar in Advanced Mathematics(formerly MATH 620): (3)
Advanced mathematics chosen from areas represented in the program and intended to build on 500-level material. Covers the following: algebra and number theory, analysis, discrete mathematics and combinatorics, computational mathematics, geometry, and statistics. May be repeated for a maximum of 12 units of credit. Prerequisite: consent of instructor.

MATH 699: Thesis: (3)
Preparation of a thesis for the master’s degree. Graded Credit/No Credit. Students may enroll in (at most) one section per semester. Prerequisite: An officially appointed thesis committee.

MATA 513: Complex Analysis: (3)
Complex numbers, analytic functions, Cauchy-Riemann equations, Cauchy theorem, Cauchy integral formula and its applications, Liouville's theorem, Taylor and Laurent series, residues and poles, and conformal mappings. Prerequisite: MATA 366 (Complex Variables) or equivalent or permission of the instructor.

MATA 531: Methods of Applied Mathematics: (3)
Classification of the partial differential equations, wave equations, heat equation, laplace equations and methods of their solution, laplace transforms, fourier transforms, variational methods, the Euler-Lagrange equation, and Hamilton’s principle. Applications to biological, chemical, economic, electrical, and mechanical systems. Prerequisite: MATH 458 (Differential Equations) or equivalent.

MATA 535: Advanced Ordinary Differential Equations: (3)
Series solutions of differential equations, special functions, systems of linear differential equations, eigen values and fundamental matrices, 2-dimensional autonomous systems, Lyapunov stability theory, boundary value problems, and Sturm-Liouville problems. Prerequisite: MATH 458 (Differential Equations) or equivalent course.

MATA 540: Numerical Analysis: (3)
A study of methods of solving systems of linear and non-linear equations, differential equations, and numerical integrations with emphasis on convergence properties and error analysis. Prerequisite: MATH 455 (Real Analysis) or MATH 511 or equivalent course.
MATA 621: Applied Partial Differential Equations I: (3)
This course is an introduction to partial differential equations (PDEs) and their application to physical and engineering sciences. Physical principles are used to standard equations (e.g., the heat, wave, and Laplace’s and Poisson’s equations) and mathematical tools are developed to provide solutions. Topics include separation of variables, Fourier series, method of eigefunction expansion, Sturm-Liouville eigenvalue problems, Green’s functions, and Fourier transform solution of PDE. Prerequisite: MATA 535 (Advanced Differential Equations).

MATT 540: Research Methods 1: (3)
This course gives students an opportunity to further develop their action research project. Students will develop their methodology and outline the materials and instruments used for data collection. Students will collect student, class, and school data while continuously refining their data collection strategies with input from classmates, colleagues, and other stakeholders. Prerequisite: MATT 540.

MATT 699: Action Research in Mathematics Education: (3)
This course concludes the development of the Action Research Project. Students will analyze and interpret the results of the student, class, and school data collected and articulate action research principles as a teacher leader. Students will draw conclusions based upon their findings and discuss how their research extends the body of knowledge in mathematics education. Prerequisite: MATT 640.

RS 501: Geophysical Remote Sensing: (3)
Physical geography, cultural geology, and technical and space policy; aerospace remote sensing systems, fundamental electromagnetic field theory and RF circuit design; fundamental active and passive microwave remote sensing; basic conception of signal processing. Fundamentals of remote sensing applications. Prerequisite: Permission of the instructor.

RS 502: Geographic Information Systems and Geophysical Signal Processing: (3)

RS 503: Digital Image Processing and Analysis: (3)
Topics covered include principles of electro-optical imaging, image data processing including image visualization and statistics extraction, radiometric and...
geometric correction, image enhancement, image classification, artificial intelligence-based information extraction, multi-spectral image analysis, change detection, and thematic map accuracy assessment. Application-specific image processing methods will be introduced. State-of-the-art commercial image processing software will be used for applications development. Prerequisite: RS 501 and 502 and permission of the instructor.

RS 504: General Analytic Methods of Remote Sensing: (3)
Advanced remote sensing data processing and analysis techniques will be covered with applications to observations of the earth’s hydrosphere, cryo-sphere, atmosphere, and subsurface and surface lithosphere environments. Prerequisite: RS 501 and permission of the instructor.

RS 505: Geophysical Modeling: (3)
Introduces students to various analytic models used to understand and visualize observed and theorized geophysical processes including phenomena occurring in the Earth’s hydrosphere, cryo-sphere, atmosphere, and subsurface and surface lithosphere environments. Prerequisite: RS 501 & 502 & 503 and permission of the instructor.

RS 506: The Principles of Microwave Remote Sensing: (3)
Space-borne remote sensing of the earth’s atmosphere, land, and oceans. The primary methods and applications of microwave remote sensing are considered with both active (radar) and passive (radiometry) techniques covered; satellite and optical sensors; image analysis. Prerequisite: RS 501 & 502 & 503 and permission of the instructor.
GRADUATE FACULTY

July 2014–2015

Abebe, Eyualem, Assistant Professor, Biology
BS, MS, Addis Ababa University; MS, PhD, Ghent University

Adedeji, Adetayo V., Associate Professor, Physics
BS, University of Ilorin (Nigeria)
DICTP, ICTP Trieste (Italy)
MS, Obafemi Awolowo University (Nigeria)
PhD, Auburn University

Adedeji, Dolapo, Assistant Professor, Pharmacy
BS, University of Agriculture, Abeokuta, Nigeria
PhD, Auburn University

Banerjee, Hirendra Nath, Associate Professor, Biology
BS, Calcutta University;
MBBS, Calcutta University;
MS, Long Island University;
PhD, Howard University;
Post Doctoral Study, Yale University Medical School

Blackmon, Ronald H., Senior Research Professor, Biology
BS, Delaware State University;
MS, PhD, Howard University

Cherry, Charles, Professor, Education
BS, Elizabeth City State University
CAS, Old Dominion University;
EdD, Peabody College at Vanderbilt

Copeland, Saundra S., Associate Professor, Education
BS, Elizabeth State University;
MS Ed., Old Dominion University;
CAGS, EdD, Virginia Polytechnic Institute and State University

Coulson-Clark, Margery, Associate Professor, Political Science
BS, Berea College; MPA, University of Kentucky;
PhD, University of Kentucky

Dixon, Jr., John A., Professor, Education
BS, Elizabeth City State University
MAEd, East Carolina University
Certification, East Carolina University
CAGS, Virginia Polytechnic Institute and State University
EdD, Virginia Polytechnic Institute and State University

Fitchett-Bazemore, Kimberly, Assistant Professor, Special Education
BA, Beaver College (Arcadia University);
MASEd, MSA, East Carolina University;
PhD, University of Virginia

Gwebu, Ephriam, Professor, Chemistry
BSc, Njala University, Sierra Leone, West Africa
PhD, The Ohio State University

Harmon, Gary L., Professor, Biology and Marine Environmental Science
BS, Old Dominion University
MS, Hampton University
PhD, Howard University

Hayden, Linda B., Professor, Mathematics/Computer Science
BS, Virginia State University;
MAT, University of Cincinnati;
MS, Old Dominion University;
PhD, The American University

Jackson, Farrah, Associate Professor, Mathematics and Computer Science
BS, North Carolina A&T State University
MS, North Carolina State University
PhD, North Carolina State University

James, Linda, Assistant Professor, Education
BS, East Carolina University
MAEd, East Carolina University
PhD, Clemson University

Johnson, Darnell, Wilkins Endowed Professor, Education
BS, Elizabeth City State University
MEd, University of Kentucky
EdD, George Washington University

Jones, Kenneth, Professor, Mathematics
BS, MA, Campbell University;
MEng, North Carolina State University;
PhD, American University

Khan, Sekender
BS, Elizabeth City State University;
M. Ag. Dhaka University in Agriculture;
M. Ag Dhaka University in Crop Botany;
PhD, Louisiana State University in Plant Pathology;
MEd Mathematics Cambridge College
Graduate Faculty

Kulkarni, Krishna H., *Professor, Mathematics*
- BS, Karnataka University;
- MS, University of Alabama at Birmingham;
- PhD, Karnataka University

Manglik, Vinod, *Professor, Statistics*
- BSc, Lucknow University;
- MS, Lucknow University;
- PhD, University of North Carolina at Chapel Hill

Marquitz, Jeanne, *Assistant Professor, Management, Marketing and MIS*
- BA, Michigan State University;
- MBA, Marymount University;
- MBA, PhD, University of Southern California

Payne, Gloria, *Marshall A. Rausch Distinguished Professor Chair*
- BS, Saint Augustine's College;
- Ph.D. Atlanta University;
- Postdoctoral Studies, North Carolina State University

Rousch, Jeffrey M., *Associate Professor, Biology*
- BS, University of Hartford;
- BS, University of Hartford;
- MS, Indiana University of Pennsylvania;
- PhD, Arizona State University;
- PostDoctoral Study, BASF Plant Science, NC State University

Sampson, Josiah, *Assistant Professor, Biology*
- BS, Jackson State University;
- Med, Tennessee State University;
- PhD Meharry Medical College

Seaman, Rebecca, *Professor, History*
- BSED, Columbia College;
- MA, Auburn University;
- PhD, Auburn University

Sengupta, Dipendra C., *Professor, Mathematics*
- BSc, MSc, University of Kalyani (India);
- MA, PhD, State University of New York at Stony Brook

Sengupta, Jharna D., *Professor, Mathematics*
- BSc, MSc, University of Kalyani (India);
- MA, PhD, State University of New York at Stony Brook

Smallwood, Zenobia W., *Assistant Professor, Education*
- BS, Elizabeth City State University
- MAEd, East Carolina University
- PhD, Virginia Polytechnic Institute and State University

Talukder, Mohanned H., *Associate Professor, Mathematics and Computer Science*
- BS, Jahanginagar University
- MS, Jahangirnagar University
- MS, Tennessee Technological University
- PhD, Texas Tech University

Viltz, Paula S., *Professor, Education*
- BS, Northeastern Illinois University;
- MA, Northeastern Illinois University;
- EdD, Grambling State University
